Re: Change in Ownership and letter to William Stillman dated January 21, 2005 from IDWR.

Dear Kandice:

I am submitting a new change in ownership and \$25.00 to change the name on 85-7509.

85-10900 has two places of use. One is owned by Carl Stillman and the other by Bill Stillman. I do not wish to change the name at this time because the water right will have to be split and I will eventually own the part that is now in Carl's name when my dad passes away.

85-7510 is still owned by Carl Stillman and same as above.

85-10897, 10898 and 10901 are currently part of the Director's Report submitted for this basin, have not been decreed and are actually in my name and my wife's according to the Director's Report we received in mid-January.

Sincerely,

William C. Stillman
