1. dcarlson 8/17/2004 Field Report Narrative

Comment: small dam on unnamed stream. outlet pipe. 2 AF storage.

2. E Retelle 9/21/2004 source description

Comment: The source name is unnamed stream on the license. It was spring on the permit, but it is obvious the right was developed as intended. The application map shows a stream being dammed and they describe the damming of the stream in the diversion works section. There has been no change in source or deviation from the permitted development, only a clarification of the name.
