RE: Permit No. 23-07065

Dear Water Users:

The Department of Water Resources is reviewing the above referenced permit prior to issuing a water right license. By issuing a license, the Department confirms that a water right has been established in compliance with the terms of the permit. We have been advised that you may be the current owners under this water right permit. Enclosed, for your information, is a copy of the permit as it is now recorded in our records.

This permit is currently in the name of Wade L. Ellis and we need to have an assignment of this permit from him, to you, in order to change the name. In Idaho a permit is considered personal property and in order for us to change our records we require an "Assignment of Permit" form along with a \$25.00 filing fee.

We will require that this permit be amended so that the actual place of use can be licensed. Enclosed is an amendment of the permit that will allow us to license the place of use determined by our field examiner. If you cannot locate Mr. Ellis and wish to submit the licensing amendment we can accept a signature from any representative of the Homeowner's Association. The filing fee for the licensing amendment is \$50.00. The license will then be issued in the name of Mr. Ellis and can be changed to the Homeowner's Association through the Snake River Basin Adjudication process.

Please submit all documents you wish to submit in regard to this permit within the next thirty (30) days. If you have any questions in regard to this matter, please do not hesitate to contact me at (208)327-7944.

Sincerely,

KAY WALKER
Sr. Water Resource Agent
