RE: Licensing of Water Permits Nos. 77-7367 and 77-7368

Dear Gerald and Myra:

The above referenced permits for your cabin in Trails End Subdivision are being recommended for licensing at long last. Please excuse the very long delay – there always seems to be one crisis after another, preventing “normal” work from proceeding in a timely way.

The licensing staff of the department’s central office will handle it from this point. You should hear something from that office in the near future.

Thanks for your extraordinary patience in this matter. Please rest assured that there has never been any question about the validity of your water rights during this waiting period. I am sending this to your Florida address under the assumption that it is too early for you to be at Trails End.

Best regards,
