Hi there!

Boy I just had a strange conversation! A Mr. Don Mosier just came in and brought a real estate purchase and sale agreement between he and a Mr. Heiner. He said someone from this office had called and said we needed additional documentation that specifically said the water rights were included in the transaction. He thought he was a real comedian. Anyway, my research reveals that there are two rights involved here, the one above and another still in the adjudication. Since I'm pretty sure no one in this office called the guy, I thought I might just have been you. Does any of this sound familiar? This real estate purchase and sale agreement does specifically say the water rights are included in the sale. I will send a copy along, but I just want to make sure it gets to the right person. If you can let me know just who that is, I would appreciate it.

Thanks and have a great evening.

Trish
