RE: Overlapping Rights

Date: December 2, 2004

.....

In review of this application I found the place of use overlaps with an application filed by Delon Atkinson (15-7221) that was protested following advertisement. I called Juli Gleed this afternoon and left a voice message to call me back. I need to know if Delon Atkinson will withdraw his application and if they use Samaria Water & Irrigation Company water on this property. Awaiting a return phone call before proceeding with review.
