Re: Permit No. 36-08491

Dear Mr. DeWit:

The Department is in receipt of your letter asking that we reopen the file on the above referenced permit.

My research indicates that proof was made and acknowledged in the spring of 1991. Copies of those letters and forms are attached. Your water right permit is current and in good standing. The Department will contact as soon as they are ready to complete the field examination. When the exam is complete, the Department will complete the entire water right process by issuing you a license.

If you have any questions or if I can be of any further assistance, please feel free to contact me.

Sincerely,

*Karen L. Gustafson*
