Total Acres: 13.3

CONDITIONS OF APPROVAL

1. This right is limited to the irrigation of 7.3 acres within the place of use described above in a single irrigation season.
2. Rights 36-15690 and 36-15692 when combined shall not exceed 0.11 cfs.
3. Rights 36-15690, 36-15692, and 36-15694 when combined shall not exceed a total diversion rate of 0.15 cfs, a total annual maximum diversion volume of 53.2 af at the field headgate, and the irrigation of 13.3 acres.
4. Beginning on the date of approval of Transfer 71454, Rights 36-15690, 36-15692, and 36-15694 when combined are limited to the following schedule of allowed diversion rate and volume. The right holder shall file a notice of intent with the Department prior to increasing the annual diversion volume each time an increase according to the schedule is sought.

 Years 2005 through 2006 the rights are limited to 0.15 cfs and 53.2 afa.
 Years 2007 through 2012 the rights are limited to 0.12 cfs and 42.6 afa.
 Years 2013 through 2031 the rights are limited to 0.13 cfs and 45.2 afa.
 Years 2032 and beyond the rights are limited to 0.13 cfs and 45.8 afa.
5. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the lands above.
6. Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules of the Department.

WATER RIGHT NO. 36-15690
As Modified by Transfer No. 71454

CONDITIONS OF APPROVAL

7. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 130.
8. Prior to the diversion and use of water under Transfer approval 71454, the right holder shall install and maintain acceptable measuring device(s), including data logger(s), at the authorized point(s) of diversion and in accordance with Department specifications, or shall obtain an approved variance from the Department to determine the amount of water diverted from power records or to maintain an existing measuring device.
9. The right holder shall maintain lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion.
10. The right holder shall record the quantity of water diverted and annually report diversions of water and/or other pertinent hydrologic and system information as required by Section 42-701, Idaho Code.
11. The model used to calculate depletion effects and mitigation for the Milner to King Hill reach may also show gains in other reaches of the Snake River. Such gains have not been quantified at this time. The right holder retains the right to seek quantification of such gains resulting from Transfer approval 71454. Protestants retain the right to object to the quantification of such gains. If such reach gains are quantified and acknowledged by the Department, credits for such gains shall be available for use only after the Department has implemented a system for administering such credits.
12. The period of use for the irrigation described in this approval may be extended to an ending date of 11/15 provided that beneficial use of the water can be shown and other elements of the right are not exceeded. The use of water after 10/31 is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than December 29, 1997, the date a partial decree was entered for this right.
13. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
14. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
15. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
