

## MEMORANDUM

**Date:** January 26, 2005  
**To:** Transfer 71737 File  
**From:** Corey Skinner  
**Re:** Evaluation of Sufficiency of Information Submitted

---

Transfer proposes modifying a SRBA decreed domestic water right, 37-12806, appurtenant to the applicants property along the west side of Highway 75 approximately 8.8 miles north and 1.8 miles west of the center of Hailey. The transfer proposes to change the nature of use and place of use of the right to allow for commercial use for a backup (domestic/potable) water supply to hospital buildings. The existing domestic well will continue to serve as the point of diversion for the right. The proposed commercial volume limitation is based upon the typical standard domestic allowance for a home with yard (1.2 afa).

- **Authority to File:**  
IDWR records show the applicant as the current owner of the right involved with the transfer.
- **Water Right Validity:**  
The base right for the transfer is based on an SRBA partial decree issued in 2001 and appears to be a valid right.
- **Injury to Other Water Rights:**  
None anticipated.
- **Enlargement of Use:**  
None if appropriate conditions and limits are implemented.
- **Local Public Interest:**  
No negative impacts anticipated. Backup use at the hospital should be in the local public interest.
- **Beneficial Use/Conservation of Water Resources:**  
Proposed use is recognized as a beneficial use of water.

**Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.**
