Regarding Application to Change Water Right Ownership #65-13610

Gentlemen:

Attached is our application to have the water rights transferred to our name as we purchased the property July 9, 2004. I am somewhat confused as to why the title company did not inform us of the need to transfer the water rights as we did not realize we had formal rights or needed to do this until months after we purchased the property. Are these water rights not on file in Valley County and should this information have been provided to us by the Title company?

Please find attached in this packet of information:

- A check for \$25.00
- Our completed application form
- A copy of our warranty deed
- A copy of the legal property description
- A copy of a plat map

Please inform us if you need additional information. Thank you for your assistance.

Sincerely,

M. Kathleen Klokke
