RE: 84-2028 & 84-4259

Dear Mr. Swayne:

Enclosed is a new map and a preliminary recommendation reflecting the comments you made on the Notice of Error Reply. Please contact me if the changes are incorrect.

Water right number 84-4260 has been forwarded to our state office for processing. They will probably be requesting a filing fee from you.

Sincerely,

Kenneth Knoblock
Water Resources Agent
