RE: Application for Permit Filing

Dear Claimants:

We received your Claim to a Water Right filing for diversion of a spring to domestic use. The claim is being returned to you for the following reasons:

- ✓ 1. Item 5 is a required field. The spring must be described to a 10-acre tract, i.e. SWSWNE, etc.
- ✓ 2. Item 6 is a required field. Please mark the appropriate ¼ ¼(s) where the house is located.

Please return the application to us after you have made the above mentioned corrections so that we can continue processing. Please call if you have questions.

Sincerely,

Sharla Curtis

for Al Beardslee
Sr. Water Resource Agent
