Re: Petition for Reconsideration
Transfer Nos. 70679, 70994, 71587 - Sturdivant / River Grove

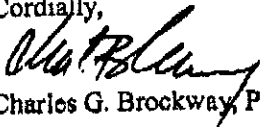

Dear Allen:

Please consider this letter to be a formal Petition for Reconsideration for the three (3) above-referenced preliminary transfer orders. As we discussed in your office today, there are concerns that the diversion rates for the split of 36-106 may have been incorrectly calculated. Also, a condition was placed on all transferred irrigation rights which would limit the diversion rate if sprinkler systems are used, and would limit the annual diversion volume under any irrigation system. I believe this condition may be unduly restrictive on the applicant.

I would request that the Department grant this Petition and allow 30 days for the applicant to submit a description of the requested modifications to the transfers, and to provide additional information in support of the requested modifications.

Thank you, and please call if you have any questions.

Cordially,

Charles G. Brockway, P.E.
