Subject: 71238 & 71239 Transfers in the name of Doyle transferring Rights to the Webers

Cynthia,

Right 63-31213 has been split into 24 new parts by ownership in preparation for individual transfers. These first two transfers were filed by Chris Doyle to provide water for the Webers two parcels of land and equate to the two portions of Right 63-31213 that are leased to the Water Supply Bank. Reviewing these applications I identified a typographical error in the legal description (Range) of these two splits that I have requested be corrected on the AJ records.

Transfer 71238 will transfer 8 acres irrigation/0.16 cfs/36.0 af now identified as Right 63-31895 from Chris Doyle's property in the SESE, S6, 5N, 2W, to Larren G & Tiffany Weber's property located in NENW, S12, T5N, R3W.

Transfer 71239 will transfer 4 acres irrigation/0.08 cfs/18.0 af now identified as Right 63-31894 from Chris Doyle's property in the SESE, S6, 5N, 2W, to Gary L & Angela J Weber's property located in SWNW, S12, T5N, R3W.

Assuming processing of these two transfers result in an Approval, a paragraph will be added to the cover letter to address the Water Supply Bank. The Webers will be notified that their rights are currently leased to the Water Supply Bank until 12-31-2005 unless action is taken to remove them, and the Department approves such action.

Pam
