RE: Termination of Voluntary Consent Order

Dear Mr. Parker:

On December 9, 1999 our staff received correspondence from you indicating that all of the requirements of the Voluntary Consent Order (VCO) had been met, and requesting that the order be terminated. We would like to commend your efforts in completing the items listed in the VCO that was entered into on July 5, 1994. We know that your work in particular was vital to the successful completion of the construction required to bring your water system into compliance. We agree that you have met the requirements of the VCO and consider that order terminated as of this date. If you have any questions, please call Mike Klaus or Steve Tanner at 208 769-1422.

Sincerely,

A handwritten signature in cursive script that reads "Gwen P. Fransen".

IDAHO DEPARTMENT OF HEALTH AND WELFARE

In the matter of:

Mission Creek Water Association

TERMINATION OF
VOLUNTARY CONSENT ORDER
Idaho Code § 39-108

1. Pursuant to the Idaho Environmental Protection and Health Act (EPHA) Idaho Code § 39-108, the Idaho Department of Health and Welfare (Department) entered into a Voluntary Consent Order with the Mission Creek Water Association on July 5, 1994.
2. The Department finds that the Mission Creek Water Association has fulfilled all requirements of the Voluntary Consent Order and hereby terminates the Voluntary Consent Order.
3. Termination of the Voluntary Consent Order shall not relieve the Mission Creek Water Association from any obligation to comply with any provision of the Idaho Rules for Public Drinking Water Systems or any other applicable local, state, or federal laws.
4. The effective date of this Termination of Voluntary Consent Order shall be the date of signature by the Regional Administrator of the North Idaho Regional Office, Division of Environmental Quality.

DATED this 27th day of January, 2000.

By:

Gwen P. Fransen, Regional Administrator
Idaho Division of Environmental Quality
