

MEMORANDUM

Date: February 3, 2005
To: Transfer 71539 File
From: Jeanie Robertson
Re: Evaluation of Sufficiency of Information Submitted

Revised ~~8~~

Transfer 71539 proposes adding a second point of diversion from a new well, already drilled, and changing the place of use to clarify the location of stock tanks for a system used to supply domestic and stock water. (The applicant had originally planned to abandon the old well, but has since decided to keep both wells and have amended their application to reflect this.)

- **Authority to File:**
Applicant owns the property according to IDWR records and Blaine County Tax Lot information. There are no lien holders involved.
- **Water Right Validity:**
Water right has been decreed in the SRBA.
- **Injury to Other Water Rights:**
None anticipated.
- **Enlargement of Use:**
None if appropriate conditions and limits are implemented.
- **Local Public Interest:**
No negative impacts anticipated.
- **Beneficial Use/Conservation of Water Resources:**
Proposed use is recognized as beneficial use of water and sprinklers are used for irrigation.

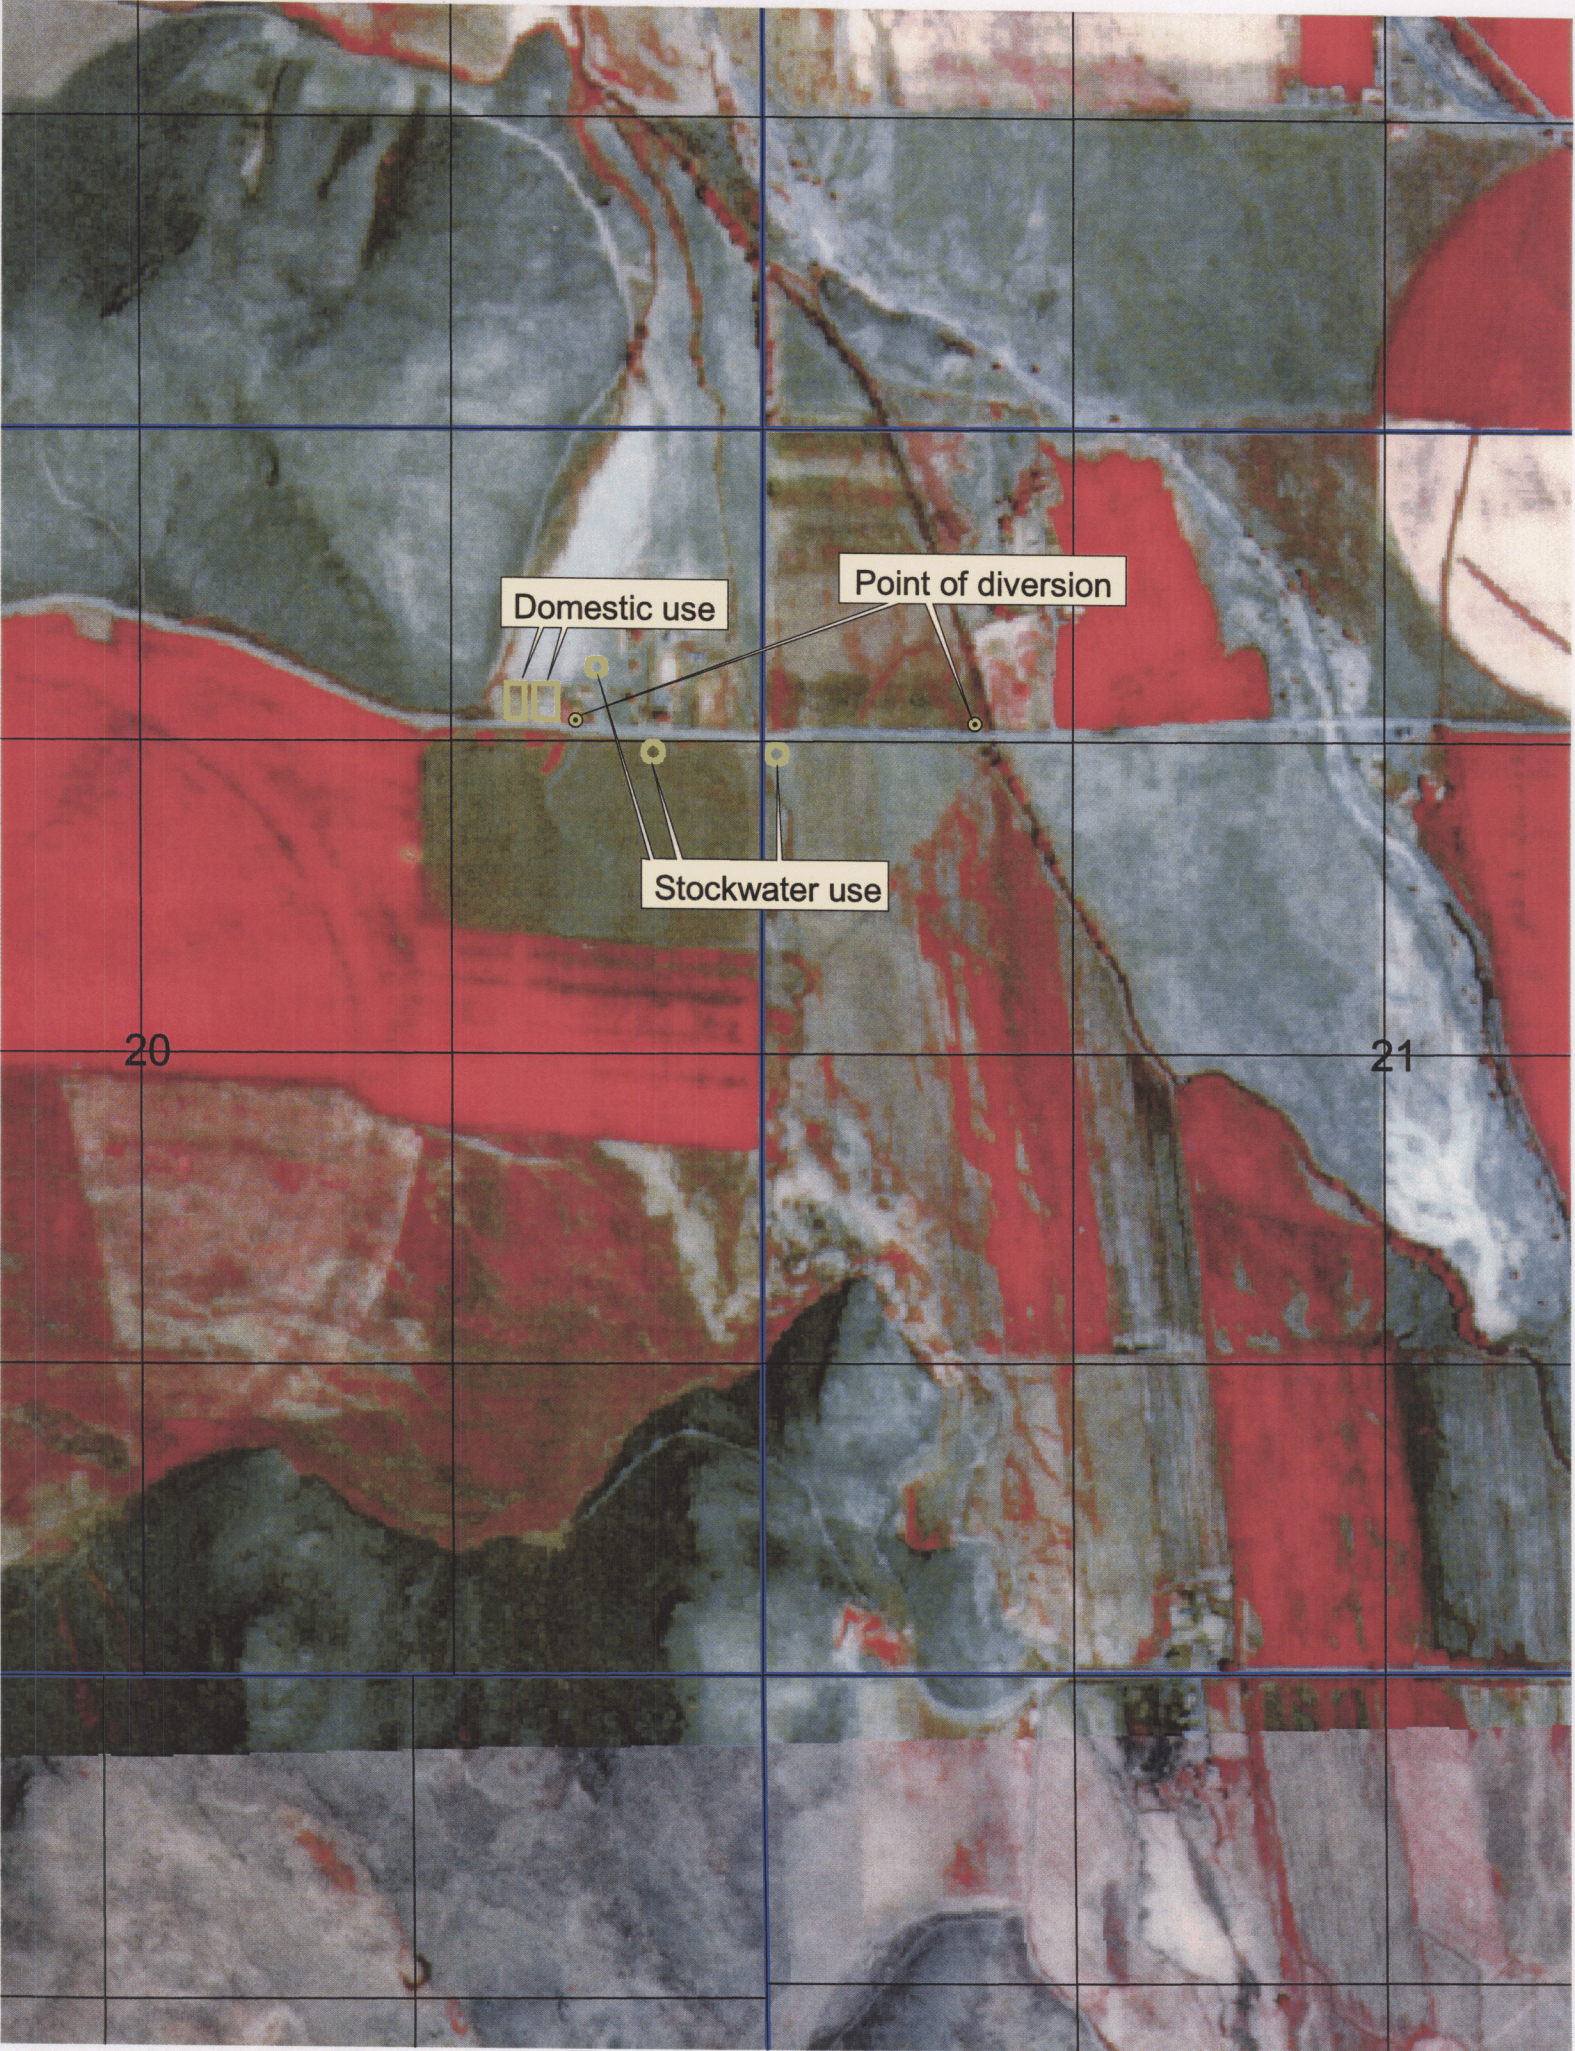

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
