Subject: Application for Transfer of Water Right 63-8608 – Wilson Properties

Dear Steve:

On behalf of Wilson Properties, LP, I have enclosed an application for transfer of a 65-acre portion of water right 63-8608. The application proposes changing the point of diversion and place of use of the water right to Foxtail Golf Course, approximately 1 mile west of the current place of use and point of diversion. The water right will be used for supplemental irrigation of 65-acres within an 85-acre permissible place of use. An 80-acre portion of the permissible place of use also receives supplemental irrigation under water right permit 63-12092.

The land from which the water right is being transferred was purchased from Merle H. Lindley and the Lou Jean B. Lindley Trust ("Lindley") by Ramon and Marilyn Yorgason ("Yorgason") in March 2001. As part of this sale and purchase, Lindley retained the water rights associated with the irrigation well on the property. Lindley has subsequently entered into an agreement to sell a 65-acre portion of the retained water right to Wilson Properties.

Copies of (1) the Lindley-Yorgason real estate purchase agreement, (2) the resultant Warranty Deed, and (3) the Lindley-Wilson agreement for purchase and sale of water right are attached to the transfer as proof of water right ownership.

A check for the \$250 transfer filing fee is enclosed.

Please contact me with any questions.

Sincerely,

Terry M. Scanlan, P.E, P.G.
