Re: Water Right Application No. 97-7410

Date: September 11, 2001

Pages: 1

Glen, I have left messages on your paging system, at your office and at your "answering service, over the past couple of days, all to no avail. It is IMPORTANT that you call me.

I need to have a list of the corporate officers for Intermountain Drilling & Development, Inc, in order to complete the processing of your water right.

PLEASE call me with a list of the names, addresses and phone numbers of the officers of your corporation. If you are unavailable to call me, please fax the information to my attention, or you can e-mail me. Fax and e-mail information is listed below.

Thank you,

Dianne Ball
Administrative Assistant
