RE: Telephone conversation

=====

I spoke with Kyle Wheatley this morning regarding support data for his ownership change request.

During that conversation he asked about a \$25.00 small well assessment notice that he had received from Water District 120. He said that he has checked with his neighbors and they haven't received an assessment. I read the description of the decree to him and he said that he only has 1 home and less than 1-1/2 acres total land. The only irrigation he does is for a kitchen garden.

Kyle will send support data today for the ownership change and I told him I'd contact Tim Luke about the issue of the small well assessment when the support data was received.

*During a phone conversation today with Kyle Wheatley
it was determined that he does not own the
property of record for which WB 35-8179. He does
own a 1st home for which WB 35-10647.*

No further action taken re 35-8179.

Tim Luke
