Special Administration Areas : Trust Water Area (Trust Water Area)

Exempt: Y

Reason:

Doc Attached:

Explanation: Within Trust Water Area

2. jroberts 1/18/2005 Comment/Analysis

Comment: This permit is for additional water developed under a well drilled in 1993 by the Valley School District. Partially decreed right 36-15190 for domestic use and 0.2 acres of irrigation immediately adjacent to the building is also used at the school. A transfer (71706) has been filed on that right to add this second well. North Side Canal Company shares are used to irrigate the grounds around the school. This permit is for municipal use for the new well and also the old well from 36-15190. It was filed in response to a letter written by Cindy Yenter, Watermaster of Water District 130, in April of 2004 informing them that they had no water right for the new well. The permit lists both wells as located in the SWSW (Lot 7) of Section 31, but according to GPS data in our database, the newer well is actually located in the SWNWSW (Lot 6).

3. jroberts 1/18/2005 Legal Notice Remarks

Comment: Permit is for a new municipal use for the Valley School District #262.

Location is approximately 2 miles east of Hazelton at Valley School and includes the use of two wells located at the school.
