3. jroberts 1/7/2005 Comment/Analysis
Comment: This application is for municipal use for the residents of Picabo. A new municipal well has been drilled in the SWSW of Section 27 and there is a back-up well (Porter well) located in SWSE of Section 27. These wells are owned by the Picabo Livestock Company and are also used to deliver stockwater under 37-11628 and domestic under 37-7455. (Transfer 70855 proposes changing 37-7455 from domestic to municipal and changing the pods to these wells and Transfer 71660 adds these wells to the stockwater use under 37-11628.) See the accompanying memo submitted by the applicant for further information on this system.
