PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO 95-9174

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. However, during my review of your proof I note that you stated the uses for the above-referenced permit to be domestic for one home and irrigation of 2 acres. The permit issued to you was for domestic use for one home, irrigation of only ½ acre, and aesthetic and fire protection uses. You may wish to amend your proof to reflect the ½ acre of irrigation, and the aesthetic and fire protection uses. If you have been unable to develop those uses, then proof is not appropriate and should be withdrawn. The department would then accept a request for extension of time.

If you wish to make changes to your proof, please make your changes to the enclosed proof, or complete a new form, and return it to me within the next **15-days** from the date of this letter. Withdrawal of the proof would be accomplished with receipt of a completed request for extension of time within the 10-day deadline.

No changes to your proof would result in the next step in the process of developing a water right, which is for the department to conduct a field examination to determine and confirm the use being made of the water, and that it meets the permitted beneficial use. The regional office would contact you to schedule a field examination at their first opportunity.

Be advised that Section 42-248, Idaho Code requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.
