RE: Transfer application 71090 Presbytery of Kendall.

Dear Mr. Hill:

It has been some time since you sent in your remarks (see enclosed copy) in regards to the transfer application filed by Larry Bull on behalf of The Presbytery of Kendall. Your remarks in opposition to the transfer stated "These Water Rights have only been used 2 years in the last 10 years."

Does that remark mean that there were only 2 years in the past 10 that water was available at the original point of diversion?

Your prompt response on or before September 27, 2004, will be appreciated.

Thank you,

Keith C. Wilson
