RE: APPLICATION FOR TRANSFER FOR WATER RIGHT 57-7245

Dear Applicant:

Idaho Dept. of Water Resources (IDWR) received your application for transfer on 9/28/2004. Processing of this application must be delayed until additional information is received.

Our records currently show the water right and property in the name of Sam and Rosalyn Pitman. Please supply a copy of your Warranty Deed or Bill of Sale showing that you are the current owner of the property and/or the water rights.

Lori Graves is currently working with you on application for permit 63-11663, and has sent you a letter requesting additional information for that application. In order to evaluate this transfer, I will need copies of the additional information for permit 63-11663 for the transfer file. Please send me a copy of the information submitted to Ms. Graves or make arrangements with her to ensure I get a copy of the information.

Please submit the requested information to allow final evaluation of your application to be completed. You may seek additional time to provide the information by making a written request to delay or interrupt processing. Your written response including the requested information, or a request for more time to seek the information, must be received within thirty (30) days of the date of this letter. The application will be removed from the records of this agency without a timely reply.

Respectfully,

Daniel A. Nelson
Sr. Water Right Agent
