Re : Transfer of Water Right # 73 - 10005

Dear Sirs :

As per the Irrigation System Agreement by and between Billy and Rivers Gydeson and known as the Water Users and the Custer Soil and Water Conservation District AND with the advise, knowledge and agreement of Idaho Department of Water Resources and the Idaho Department of Fish and Game a project was proposed, agreed by ALL parties and was completed.

This project would consist of a pivot system for irrigation with the water source, the Water Right 73 - 10005 furnished from Diversion P - 12.

In return for this project, the Diversion P - 11 would no longer need to be used to furnish water for the 73 - 10005 Water Right. To insure the protection of our Water Right, a transfer of the partial flow of the Water Right from the P - 11 Diversion was submitted and received on or about November 20, 2003.

There is NO specified amount of water from the 73-10005 Water Right which is to be diverted from either the P - 11 or the P - 12 Diversions. As NO Amount of water diverted is listed for the Diversions, this in actuality means that the FULL and Total flow of the Water Right could be taken from EITHER Diversion at will. However, legal council has advised that to fully protect our 73 - 10005 Water Right a Transfer from P - 11 to Diversion P - 12 should be affected.

This transfer is the final step in the completion of the Project and for the project funding to be paid. Provisions of the project state that completion of the project must be made in a timely manner. Failure to complete this project in the prescribed time would make the responsible party or agency liable for all expenses.

In that we have requested the prescribed transfer from the P - 11 Diversion to the P - 12 Diversion, any delay in the completion of this project can clearly be seen NOT to have been caused by ourselves.

We hereby request that the Idaho Department of Water Resources complete the Transfer of the partial flow from the EXISTING Water Right as requested over a year ago. This would fulfill the obligations of ALL parties for this project.

Respectfully,
