INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Re: Permit No. 22210

Mr. George B. Shindurling
Clayton, Idaho

Dear Mr. Shindurling:

We acknowledge receipt of the Deposition of Holder and two Witnesses, also affidavit of publication in the Challis Messenger, all submitted in Proof of Application of Water to Beneficial Use, on Permit No. 22210.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

THIS IS TO CERTIFY that GEORGE E. SHINDLERLING
of Clayton, Idaho made application for a permit to appropriate the
public waters of the State of Idaho, dated June 22, 1951; that Permit No. 22210
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
0.8 second feet, was issued thereunder on September 4, 1958, showing that said works
were completed on the 27th day of July, 1958; and that on the 4th
day of September, 1958.

GEORGE E. SHINDLERLING

of Clayton, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of East Fork
Salmon River, a tributary of Salmon River for the purpose of irrigation
, under Use Permit No. 22210 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
13 of Licenses at page 8151, on the 11 day of May, 1965;

The right hereby confirmed dates from June 22, 1951;

The Point of Diversion is located
in the SW 1/4 NE 1/4, Sec. 35, Tp. 10 N., R. 18 E., B. M. Custer County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 0.32 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
10 N.	18 E.	26	SE 1/4 NE 1/4	20	6
			SW 1/4 SE 1/4	20	10
			Total number of acres to be irrigated:		16

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 29939
 PERMIT No. 22210
 DISTRICT No.

1. Name of Applicant: GEORGE B. SHINDURLING

Postoffice address: Clayton

County: Custer

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
- (d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

2. Quantity of water claimed: 40 miners inches or 0.8 cubic feet per second.

3. Source of water supply: East fork Salmon River which is a tributary of main Salmon River

4. Location of point of diversion: 350 ft. West ~~feet distant~~ from the Southeast
 of the NW $\frac{1}{4}$ NE $\frac{1}{4}$ corner of Section 35, T. 10 N., R. 18 E., B.M., and is in the NW $\frac{1}{4}$ NE $\frac{1}{4}$
 of Section 35, T. 10 N., R. 18 E., B.M., County of Custer

5. Water is to be used for Irrigation

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B.M., in the of Section, T., R., B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B.M., in the
 of Section, T., R., B.M.

7. Estimated cost of works: \$ 750.00

8. Kind of works: Diversion and ditch from the creek channel.

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom 2 feet; width at water line 2 $\frac{1}{2}$ feet; depth of water 1 $\frac{1}{2}$ feet;

dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is Five (5) years.

13. The time required for the complete application of the water to the proposed use is Six (6) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

16. (a) Is reservoir to be used? No If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. 22210

Comes now George B. Shindurling and represents to the State Reclamation Engineer of the State of Idaho: That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 22210. That the point of diversion is described in said permit as being located NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 35, Township 10 North, Range 18 East, B.M. That he now requests that the point of diversion be changed to a point located SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 35, Township 10 North, Range 18 East, B.M. That the reason for desiring to make such change is as follows: It was found upon field examination that my point of diversion is actually in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 35, T 10 N- R 18 E., B.M. That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Re: Permit No. 22210
George B. Shindurling

Mr. Harley M. McDowell
P. O. Box 2161
Boise, Idaho

Dear Mr. McDowell:

Our field engineer's report on his inspection of the beneficial use of the water under the terms of Permit No. 22210 shows that the works are capable of conveying 16 miners inches (.32 c.f.s.) of water for irrigation of 16 acres and that the point of diversion is located in the SW-NE $\frac{1}{4}$ of Section 35, Township 10 North, Range 18 East, B.M., whereas, the permit, as recorded, described the point of diversion in the NW-NE $\frac{1}{4}$ of Section 35. It is therefore necessary that the permit be amended and we enclose an application for Amendment to point of diversion for this purpose.

Upon receipt of the amendment, mentioned above, and the statutory fee of \$4.00, we will issue the License and Certificate of Water Right confirming the right with priority of June 22, 1951, to the use of .32 second foot of water from East Fork of Salmon River, with point of diversion in the SW-NE $\frac{1}{4}$ Section 35, for irrigation of 16 acres in the SW-NE $\frac{1}{4}$, S $\frac{1}{4}$ SE $\frac{1}{4}$ Section 26, Township 10 North, Range 18 East, B.M.

BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 22210

This proof is for Beneficial Use In Water District No. _____

1. Name of applicant George B. Shindurling

2. Source of water supply: East Fork of Salmon River

3. Location of point of diversion: Is in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 35

T. 10 N. R. 18 E. B.M. County of Custer

4. Describe works as they exist, giving dimensions and capacities of same: This is an adjacent Homestead Entry. Ditch carries much more water than a unit of filing. Also irrigates add. land. This is part of a cattle ranch on the East Fork of the Salmon. Run 165 cows.

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SE $\frac{1}{4}$ NE $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 26, Township 10 North, Range 18 East, B. M. - 40 acres

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: _____

Anna Shindurling wife of George is daughter of Fred Gossie and will consolidate all of this and Fred Gossie holdings presumably at some future date.

See Permit # 22211

Ans. #22210, date of permit is June 23, 1951 and priority date June 22, 1951

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. East Fork of Salmon River and Pt. Diversion is in the NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 35, T 10 N - R 35 E.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. 1 1/4 mile ditch, 3' bottom, 22' deep, 4' top and will carry 250" of water.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation. In the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 26, 5 $\frac{1}{2}$ acres irrigated and in the SW $\frac{1}{4}$ SE $\frac{1}{4}$, 8 acres irrigable. This is in T 10 N - R 18 E., B.M. There is no natural meadow land here and I have spent around \$2,200.00 in improvements as a direct result of this use.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Irrigation only.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. I need 1" to the acre here.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the person that originally applied for this permit.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. I started right after this permit was allowed, and I have irrigated this every year since. As a matter of fact, my father-in-law, Fred Gossi irrigated some of this land in the South 40 (SW 1/4 SE 1/4) for many years with his decree of water from the East Fork of the Salmon River. This was by decree which the Court awarded in February, 1938.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other waters appurtenant to this land, but as I mentioned above, it has originally and formerly been mixed with the old decreed water.

(Sign)

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Boise, County of Ada,

State of Idaho, on this 4th day of September, A. D. 1958.

My commission expires 10-11-59 Notary public for Idaho.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 22210

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Ray Keppner, age 41, residence is Clayton and occupation is farming and livestock and P. O. Address is Clayton, Idaho.

Ques. 2. Are you acquainted with George B. Shindurling, the holder of Permit No. 22210? How long have you known him and where does he reside?

Ans. I have known him 12 years and know that he lives 16 miles SE of Clayton, Idaho

Ques. 3. Have you read or heard read said Permit No. 22210, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. From East Fork of the Salmon River with the point of diversion in NW 1/4 Sec. 35, T 10 N - R 18 E., B.M. The works consist of a ditch 1 1/4 miles in length, 3' bottom, 4' top and 2' deep.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 250" and I have seen this much conducted.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. All by gravity.

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. ~~Irrigation.~~ In the SE 1/4 Sec. 26 T. 10 N. R. 18 E., 5 acres and in the SW 1/4 Sec. 26, 8 acres. There is no natural meadow land, and all improvements have been made as a direct result of this use.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. ~~Irrigation only.~~

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

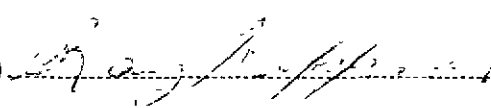

Ans. Clay loam soil, and he needs all the water he can get for this land, at least 1" to the acre.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

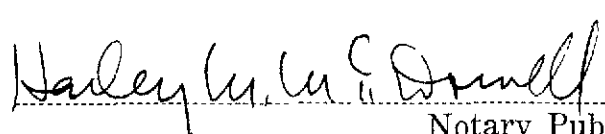

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen this land for the last 12 years and I have watched the application of water to this land.

(Signed) 

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise, County of Ada, State of Idaho, on this 4th day of September, A. AFFIDAVIT OF PUBLICATION

NOTICE FOR PUBLICATION

**NOTICE OF PROOF
APPLICATION OF WATER TO
BENEFICIAL USE**

Notice is hereby given that at 10 A. M. on the 4th day of September, 1958, at Boise, County of Ada, State of Idaho, before Harley M. McDowell, proof will be submitted of the application to beneficial use of 0.8 cubic feet per second of the waters of East Fork of Salmon River, in accordance with the terms and conditions of Permit No. 22210 heretofore issued by the Idaho Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are George B. Shindurine, Clavton, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 0.8.

The place where said water is used (if for irrigation, give full and accurate description of the land irrigated) SE 1/4 NE 1/4, SW 1/4 SE 1/4, Section 26, T 10 N - R 18 E, B. M. Point of Diversion - NW 1/4 NE 1/4 Sec. 35 Twp. 10 N., R. 18 E. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is private ditch

The right to take water from such work is based upon Permit No. 22210.

The source of supply from which such water is diverted is East Fork of Salmon River.

The date of priority which said user is prepared to establish is June 22, 1951.

The Challis Messenger
Challis, Idaho

Attention: Halsey M. Gridley
Publisher

Dear Mr. Gridley:

This is in reply to your letter of July 31, 1958, in regard to Permit No. 22210, in the name of George B. Shindurling, inquiring if the date for last publication could be advanced one week, to allow for four complete issues in your paper.

We have contacted Mr. Harley K. McDowell and he states that the publication notice can be changed to September 4, 1958, in place of August 28th as was originally stated on the notice for publication.

We are enclosing a Notice for publication in the name of Anna M. Shindurling, with the date set for September 4, 1958.

Very truly yours,

CHALLIS, IDAHO

RECEIVED
AUG 4 1958

Department of Reclamation

July 31, 1958

Geo. M. Carter,
State Reclamation Engineer
Boise, Idaho.

Dear Sir:

I received the Notice of Proof of Publication of water to Beneficial Use, Permit No. 22210, for George M. Shindler, of Clayton, Idaho, yesterday, too late for publication in this week's issue of the Challis Messenger, as the forms were already on the press.

The notice is to run for four consecutive issues and the last date of publication would be August 26th. Also the late set for the hearing before Harley M. McDowell, is August 26th. The publication will be completed all right, but I cannot get an affidavit to Boise in time for the hearing at that time.

I cannot complete an affidavit of publication until the notice is run, or has been started sufficient to guarantee its completion.

I suppose it's impossible to get the date of the hearing one week later, is it not?

However I will await your instructions regarding the publication.

Yours truly,

Halsey M. Gridley

Mr. Harley M. McDowell
P. O. Box 2161
Boise, Idaho

Dear Mr. McDowell:

This acknowledges the Notice of Proof of Application of Water to Beneficial Use, under Permit No. 22210, in the name of George B. Shindurling. Final proof is to be made before you, as Notary, on the 28th day of August, 1958, at 10:00 A. M.

As of this date we have mailed the Notice to the Challis Messenger, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the Permit Holder and his two disinterested witnesses, who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you as Notary, as stated in the Publication Notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEORGE B. CAPTER

April 1, 1956

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. George B. Shindurling
Clayton
Idaho

Boise, Idaho

Dear Sir:-

Under the terms of your permit No. 22210 you are required to complete your diversion works on or before June 23, 1956. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. FULP

State Reclamation Engineer

June 28, 1951

Re: Permits Nos. 22210 and 22211

Mr. Harley M. McDowell
