**BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE STATE OF IDAHO**

IN THE MATTER OF PERMIT NO. 51-07321)
IN THE NAME OF THE U.S. DEPARTMENT)
OF INTERIOR)

**ORDER ADVANCING
DATE OF PRIORITY**

This matter having come before the Idaho Department of Water Resources (department), as a result of preparing Permit No. 51-07321 for the issuance of a license, the department makes the following Findings of Fact, Conclusions of Law and Order:

FINDINGS OF FACT

1. On December 14, 1989, the department approved Application for Permit No. 51-07321 with a proposed priority of August 22, 1989. Proof of construction of works and application of water to beneficial use (proof) was due on or before January 1, 1989.

2. On February 1, 1991, the permit holder submitted a request for an extension of time in which to submit proof (extension request). On March 6, 1991, the department approved the extension request advancing the priority to September 22, 1989 and setting a new proof due date of January 1, 1993.

3. On March 3, 1993, the permit holder submitted a second extension request. On March 8, 1993, the department approved the request setting a new proof due date of November 1, 1993. The department inadvertently, however, did not issue a reinstatement order advancing the priority date by the sixty-one (61) days the proof submittal was late.

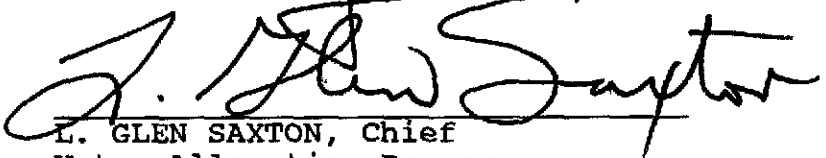

CONCLUSIONS OF LAW

1. The department should issue an order reinstating the permit and advancing the priority of the permit by sixty-one (61) days to November 22, 1989.

ORDER

IT IS THEREFORE, HEREBY ORDERED that the above captioned permit is **REINSTATED** and that the priority is advanced to November 22, 1989.

RE: Recommendation Adjustment(s)

The final license recommendations for Right 51-07321 are based on the following:

H. RECOMMENDATIONS

Beneficial Use	Period of Use	Rate of Div	Annual Vol
Stockwater	1/1 - 12/31	0.03 cfs	2.7 afa
Wildlife	1/1 - 12/31	0.01 cfs	2.7 afa

The annual volume for stockwater (200 cows as permitted) is calculated as: $200 \times 12 \text{ gpd} \times 365 \text{ days} = 876,000 \text{ gallons} / 325,850 = 2.7 \text{ af}$. This matches the annual volume chart from Application Processing Admin. Memorandum #3.

The date of priority under this right is 11/22/1989. The first extension was late by 31 days and the priority was advanced to 9/22/1989. The second extension was 61 days late, thus the priority was advanced again, this time to 11/22/1989.

F. FLOW CALCULATIONS

☒ Additional Computation Sheets Attached

Measured Method:

Stockwater (Table 1. Rec. Diversion Rates for Stockwater Exh 15A)
346 cattle 301-400 = .09 cfs

Allow .03 cfs stockwater, + .03 cfs wildlife, same water
only different use.

G. VOLUME CALCULATIONS

1. Volume Calculations for Irrigation:

$$V_{IR} = (\text{Acres Irrigated}) \times (\text{Irrigation Requirement}) = \underline{\hspace{2cm}}$$

$$V_{D.R.} = [\text{Diversion Rate (cfs)}] \times (\text{Days in Irrigation Season}) \times 1.9835 = \underline{\hspace{2cm}}$$

$$V = \text{Smaller of } V_{IR} \text{ and } V_{D.R.} = \underline{\hspace{2cm}}$$

2. Volume Calculations for Other Uses:

Stockwater
 $V_{IR} = (346 \text{ cattle} \times 12 \text{ gpd} \times 365 \text{ days}) / 325,850 = 4.65 = 5.0$

$$V_{D.R.} = .03 \text{ cfs} \times 365 \text{ days} \times 1.9835 = 21.7 = 22.0$$

$$V = \underline{5.0 \text{ AF}}$$

Allow same measurement for wildlife — same water, different use.

H. RECOMMENDATIONS

PROOF DUE NOTICE

RE: PERMIT NO. 51-07321

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before November 1, 1993. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

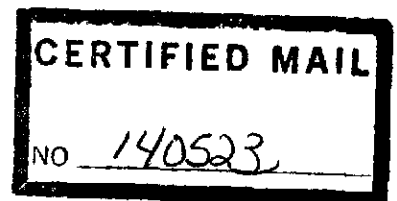

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.
