Affidavit of Publication

No 13431

STATE OF IDAHO, }
COUNTY OF TWIN FALLS } ss.

I, Roberta DeShazo, being first duly sworn upon

oath depose and say that I am a clerk of the TIMES-NEWS,
published daily, except Saturday, at Twin Falls, Idaho, and do solemnly swear that a copy
of the notice of advertisement, as per clipping attached, was published in the regular and
entire issue of said newspaper, and not in any supplement thereof, for two
consecutive Thursdays, commencing with the issue dated
July 25, 1968, and ending with the issue dated
August 1, 1968.

And I do further certify that said newspaper is a consolidation, effective February 16,
1942, of the Idaho Evening Times, published theretofore daily except Sunday, and the
Twin Falls News, published theretofore daily except Monday, both of which newspapers
prior to consolidation had been published under said names in said city and county con-
tinuously and uninterruptedly during a period of more than twelve consecutive months, and
said TIMES-NEWS, since such consolidation, has been published as a daily newspaper ex-
cept Saturday, under said name in said city and county continuously and uninterruptedly.

And I further certify that pursuant to Section 60-108 Idaho Code, Thursday of each
week has been designated as the day on which legal notice by law or by order of any
court of competent jurisdiction within the state of Idaho, to be published weekly, will be
published; and that at the head of the editorial column of said combined newspapers, and
in each issue thereof, Thursday is announced as the day on which said legal notices will
be published.

NOTICE OF
APPLICATION FOR WATER
Notice is hereby given that Charles
Potter, Route 2, Kimberly, Idaho
has on July 15, 1968 applied for per-
mit to divert 5 cubic feet per second
of water from subterranean source
under application No. 47-386. Water
will be diverted by sprinkler system
within the NW1/4 NW1/4, Sec. 2, Twp.
10 S., Rge. 12 E., B.M. in Twin Falls
County and is to be used from April
1 to October 30 for irrigation in
E1/4 NE1/4, SW1/4 NE1/4, NW1/4 SE1/4,
Sec. 2, W1/2 NW1/4, Sec. 2, Twp. 10 S.,
Rge. 12 E., B.M.
Any protest against this applica-
tion must be filed with the Depart-
ment of Reclamation within ten days
from the last date of publication of
this notice.

WATER RIGHT LICENSE

License of Water Right No. 51-7200 Priority July 15, 1968 Amount 4.5 cfs

THIS IS TO CERTIFY, that Patricia M. Kerbs
of Blackfoot, Idaho, has complied with the terms and conditions of Permit
No. 51-7200 issued pursuant to Application for Permit dated July 15, 1968,
and has submitted proof to the Department of Water Resources on December 3, 1975,
that he has applied water to a beneficial use, an examination by the Department indicates that the works have a
capacity for the diversion of 4.5 cfs of water from a groundwater source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
Irrigation	from <u>April 1</u> to <u>October 30</u>	at <u>4.5</u> cfs and	<u>843.5</u> acre feet
	from _____	at _____ cfs and	
	from _____	at _____ cfs and	
	(both dates inclusive)		

Subject, however, to the condition that no more than 4.5 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
843.5 acre feet per year, said waters to be diverted within the (2 points) NW $\frac{1}{4}$ SW $\frac{1}{4}$, Section
2, Twp. 10S, Rge. 12E in the County of Twin Falls

Description and location of place of use:

Twp.	Range	Section																Totals
		1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	
10S	12E	2																102
		3	37														40	139

Total number of acres irrigated 241

This right when combined with Licenses 51-2260, 51-2261, and 51-2262 under
Transfer 1947 shall provide no more than a total diversion of 5.68 cfs for the
2 points of diversion in the NW $\frac{1}{4}$ SW $\frac{1}{4}$, Section 2, Twp. 10S, Rge. 12E.

NOTE: Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho
Code, or the applicable Idaho Law. This right may be forfeited by five years of non-use.

The right to the use of the water hereby confirmed is restricted and appurtenant to the lands or place of use
herein described, and is subject to all prior water rights, as provided by the laws of Idaho.

State of Idaho)
County of Twin Falls)

Permit No. 47-7036

Patricia M. Kerbs of 1340 York Dr., Blackfoot, Idaho 83221
(name) (address)

State of Idaho, being first duly sworn, upon his oath deposes and says:

That he is the holder, or the duly authorized agent of the holder *, of Permit to appropriate the Public Waters of the State of Idaho No. 47-7036.

That under the terms and conditions of said permit, work thereunder was required to be completed on or before December 1, 19 73.

That he has heretofore performed the following work described under said permit:

A well has been drilled, which is presently under test. Some major
sprinkler lines have been laid, and a portion of the ground where beneficial
use will be made, is presently under irrigation.

Costing \$ 21,000.00

That he is unable to complete the remainder of the work within the required time for the following reasons, to-wit: Well driller began work in early spring, and work
was stopped by reason of tragedy which occurred when a man lost his life
attempting to loosen drilling tools. This delay, plus delays in power
company's installation of necessary transformer caused the loss of
approximately one year.

Wherefore, he asks that the Department of Water Administration extend the time for the completion of obligations under said permit to December 1, 19 74.

Dear Mr. McEldowney:

We do not need excessive amounts of water on this land. We had a difficult time converting c.f.s. to miners inches and the amount we applied for was the nearest that we figured we would need, but we were not certain it was correct.

We did not have any idea what the maximum was. Please change the amount to 4.92 c.f.s.

Sincerely,

Charles Potucek

RECEIVED

Department of Reclamation
MAY 29 1968

Mr. Charles G. Potuck
Route 2
Kimberly, Idaho 83341

Dear Mr. Potuck:

On April 26, 1968, the Boise District Manager issued an "Initial Decision" approving your desert land petition I-1972.

According to your plan of development, water for irrigation is to be obtained from a well to be drilled. You must submit evidence of your right to appropriate and use the water. The evidence should consist of a copy of a State water permit approved by the State Reclamation Engineer. Attached is an extra copy of this letter. The copy should be submitted to the State Department of Reclamation at the time you apply for a permit. Unless they have knowledge that the land of the desert land application has been classified as suitable for entry, they may decline to issue the water permit. You should make arrangements with the State Reclamation Engineer to have a copy of the permit sent to this office.

We would appreciate receiving a copy of the permit as soon as possible.

Sincerely yours,

/S/ CURTIS R. TAYLOR

Re: Water Rights for L&M Farms

Dear Reagon,

You and I spoke about the above mentioned water rights earlier this month. This letter should serve as an outline of that discussion.

There are four licensed rights apputenant to the land in question. Three of these rights (51-02260, 51-2261 and 51-02262) were combined under Transfer #1949 in 1974. According to the terms of that Transfer, the three rights were tied together for a combined diversion rate of 10.49 cfs (cubic feet per second). When license 51-07200 was finalized, it was determined that no new water had been developed from the existing wells and the diversion rate under this right is not additive. To summarize: five wells are licensed under these four rights for the delivery of 10.49 cfs on lands currently owned by L&M Farms.

Please let me know if I can be of further assistance. If you have any questions, please contact me at 327-7925 in Boise.

Sincerely,

Roxanne McCarthy

(208) 334-4440

MEMORANDUM

TO: Files 51-2260, 51-2261, 51-2262 and 51-7200 ✓

FROM: Glen Saxton *MS*

DATE: February 26, 1985

A question recently arose questioning the effect of the limiting condition shown on License No. 51-7200 and on the three other above-referenced transferred rights.

Transfer No. 1947 provides that any or all of the 10.49 cfs can be diverted from one or more wells approved on the transfer, with 10.49 cfs being the maximum total combined rate.

License No. 41-7200, issued later in time than the transfer, essentially limits the rate of diversion from wells in NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 2, to the measured capacity of the wells (from prior exams) to 5.68 cfs. No additional rate of diversion was created by License No. 51-7200.

The effect of the condition on License No. 51-7200 is not to reduce the maximum of 10.49 cfs which can be diverted under the transfer, but to show that the rate licensed under 51-7200 is not additive to the rates diverted from ~~some~~ *the same* wells under the transfer.

Another way to consider the effect of the condition shown on License No. 51-7200 on Transfer No. 1949 can be described in the following scenario:

If all four licensed water rights were considered together for the irrigation of all the land described under the four licenses, the maximum rate of diversion could not exceed 10.49 cfs.

Patricia M. Kerbs
1340 York Drive- c/o Dick Kerbs, Russet Farms
Blackfoot, ID --- 83221 Route #4, Canyon Rim Road
Twin Falls, ID 83301

Dear Ms. Kerbs:

A representative of this Department has made an examination of the works covered by your Permit No. 51-7200, and has found the following:

Amount of water that can be recognized as beneficially used under
Idaho law: 4.5 cfs Source: groundwater

The maximum quantity diverted shall not exceed 843.5 acre feet
per year.

Point(s) of diversion: (2 points) NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 2, Twp. 10S, Rge. 12E,
Twin Falls County

Beneficial use: Irrigation of 241 acres within Gov. Lot 4(NW $\frac{1}{4}$ NW $\frac{1}{4}$), SW $\frac{1}{4}$ NW $\frac{1}{4}$,
NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 2; Gov. Lot 1(NE $\frac{1}{4}$ NE $\frac{1}{4}$), S $\frac{1}{2}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 3; Twp. 10S, Rge.
12E

Priority date established: July 15, 1968

Conditions (if any): This right when combined with Licenses 51-2260, 51-2261
and 51-2262 under Transfer 1947 shall provide no more than a total diversion
of 4.5 cfs for the two points of diversion in the NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 2, Twp. 10S,
Rge. 12E

If you do not concur with these findings please contact us within 10 days, otherwise
a water license will be issued as set forth above.

Sincerely,

fa

Dear Mrs. Kerbs:

A representative of this Department has made an examination of the works covered by your Permit No. 47-7036 and found the following:

Quantity of water diverted: 4.50 cfs Source: ground water

Amount of water that can be recognized as beneficially used under Idaho law: * 4.50 cfs

The maximum quantity diverted shall not exceed 964 acre feet, or 4.0 af per acre, per year.

Point of diversion: NW $\frac{1}{4}$ SW $\frac{1}{4}$ (2 points), Sec. 2, Twp. 10 S, Rge. 12 E, B. M., Twin Falls County

Beneficial use: Irrigation of 241 acres within the W $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 2; NE $\frac{1}{4}$ NE $\frac{1}{4}$, S $\frac{1}{2}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 3; Twp. 10 S, Rge. 12 E, B. M.

Priority date established: July 15, 1968

* Subject to the condition that the maximum rate of diversion from the above described wells shall not exceed 4.50 cfs when combined with Licenses No. 47-2314, 47-2320 & 47-2324 (Transfer No. 1973).

If you do not concur with these findings please contact us within 10 days, otherwise a water license will be issued as set forth above.

Sincerely,

BOBBY D. FLEENOR

Blackfoot, Idaho 83221

Dear Mrs. Kerbs:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell during which part of the irrigation season this examination will be made, but our examiner will try to contact you at the time he makes the exam so that you may show him the system.

We note that in reviewing this proof affidavit you do not indicate that you have installed a measuring device as required by the conditions of approval of your permit. This measuring device must be installed by the time the examiner makes the exam or your water rights cannot be confirmed by the issuance of a license. We are enclosing a list of the types of measuring devices approved by this office.

If you have any questions regarding the field exam, please contact our District Office in Twin Falls.

Sincerely,

D. Darlene Reich
Water Rights Supervisor

Blackfoot, Idaho 83221

Dear Ms. Kerbs:

One of the conditions of approval of your water Permit No. 47-7036 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before December 1, 1975. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Whether the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Blackfoot, ID 83221

Dear Mrs. Kerbs:

The proof of beneficial use affidavit you executed on March 19, 1974, in connection with the above referenced permit has recently been forwarded to this Office from the Federal Land Bank Assn. of Twin Falls.

In reviewing the affidavit, we note that a measuring device has not been installed as required by the condition of approval of this permit. Therefore, the Department cannot accept your proof and schedule a field examination in connection with the issuance of a water right license.

Since proof of beneficial use of water is not due until December 1, 1975, we are herewith returning your proof affidavit.

Sincerely,

BOBBY D. FLEENOR

Re: Permit No. 47-7036

Dear Keith:

I am enclosing an Assignment of the above numbered permit, from the present permit holder, Carolyn K. Potucek, to Patricia M. Kerbs. I would ask that this assignment be included in the original permit file.

In addition, note that the date for final proof is December 1, 1973. At this point in time, the well has been drilled and my clients are in the process of obtaining a test. Because the well will supply water for a Desert Entry, my client would like to be able to obtain a license for an inch per acre on all of the entry lands, and because of some proof problems in obtaining patent from BLM, we are enclosing an Application for Extension of Time, for your consideration. It appears that a one year extension of time would allow my client adequate time to be able to show beneficial use of water on as much acreage as is available.

We request your favorable consideration of the request for extension. If additional information is needed, or if we can be of assistance in any way, please don't hesitate to call on us.

Sincerely,

JOHN A. ROSHOLT

Dear Mr. Potucek:

P
This letter is to notify you as a permit holder in the Blue Gulch area that a portion of the land west of Salmon Falls Creek has been declared a critical ground-water area and closed to further appropriation of ground water. This designation went into effect December 9, 1970 and will remain until it is shown that ground-water withdrawals do not exceed the estimated natural recharge to the area.

Y
A public hearing will be held at the Buhl Senior High School, January 7, 1971 at 8:00 P.M., to accept any testimony or comment regarding the closure. A copy of the notice and hearing and description of the area is enclosed for your information.

Very truly yours,

Sherl L. Chapman

Serial No. I-1972 245.96 Acres

T. 10 S., R. 12 E., Boise Mer., Idaho
Sec. 2: Lot 4, SW $\frac{1}{4}$ NW $\frac{1}{4}$
Sec. 3: Lot 1, S $\frac{1}{4}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$

Your desert land application for the above described land has this day been approved and allowed, subject to any valid existing rights and your further compliance with laws and regulations applicable thereto. The acceptability of final proof is contingent upon development and reclamation of the land in accordance with your plan of development which is on file in the Boise Land Office. Any substantial change in source of water or deviation in the construction of the irrigating facilities must have the approval of the Bureau of Land Management. The irrigable acreage of this entry has been determined to be approximately 236 acres. In correspondence relating to this entry, always refer to the serial number shown above.

Subject to the Act of July 17, 1914, which will require the reservation of all oil and gas deposits to the United States.

Re: Application No. 47-7036

Charles Potucek
Route #2
Kimberly, Idaho

Dear Mr. Potucek:

We have received your application for permit to appropriate the public waters of the State of Idaho, however, before final action will be taken, you should be advised that the quantity of water you have requested is excessive under state statutes.

The maximum legal rate of diversion per irrigated acre is .02 cubic feet per second. Therefore, the maximum legal rate of diversion for your irrigation request for 246 acres would be 4.92 cubic feet per second. If your soils require an excessive amount of water or your method of irrigation is such that additional water may be required, you can submit to the department such qualified information as will justify the quantity of water you have requested. Otherwise, you are requested to advise the department by return mail to change the quantity of water on your application to a lesser amount.

Your assistance in this matter is appreciated.

Very truly yours,

Donald W. McEldowney
Appropriation Examiner
