From: David Shaw

Subject: Attached Lake Protest from Maxine Faraday

Ms. Faraday met with Bob Fleenor on either 10/22 or 10/23 and explained her concerns for Black Ranches filings.

Bob explained the nature of the claim filed by Black Ranches and that Ms. Faraday could file exceptions to that claim. They also found Ms. Faradays decreed water rights & Bob explained she did not lose those rights just because a claim had been filed.

They located the proposed well under 51-7179 and the spring Ms. Faraday is concerned about and found there was several miles distance between them. This seems to relieve some of Ms. Faradays concern about the well.

Gentlemen:

I refer to your Application for Permit to
Appropriate the Public Waters of the State of Idaho
Ident. No. 51-7179 as applied for by the Blick Ranch.

I hereby protest the awarding of the water
rights applied for by the Blick Ranch for the following
reasons:

1. The proposed well is located just above
the Borge Springs which are tributary to and feed into
Three Creek.
2. Three Creek water is vital to the raising
of cattle in the valley as irrigation water for hay.
3. The diversion of any ground water could
decrease the flow of water in Three Creek.
4. A determination of the effects of diversion
has not been made.

I urgently request that any rights for
diversion of ground water shall not be granted until
the effects on the flow Three Creek has been determined.
