Robert C. Black
Rt. B, Box 153
Bruneau, ID 83604

Dear Mr. Black:

During our meeting last week concerning your water right, I was unaware that there was a second water right that had been assigned to Mr. Snarr. At the time of your visit, we had attempted to correspond with Mr. Snarr on this right also, however, the letter had not yet been returned to us. Now that it has been returned to us undeliverable, we are in a similar situation as we were with your first right. This time, however, an amendment of permit is required before a license can be issued (the correspondence and enclosure sent to Mr. Snarr are enclosed herewith).

You had mentioned that you may know where Mr. Snarr can be located. Perhaps you could contact him somehow without having to drive. Mr. Snarr only needs to sign the enclosed assignment before a notary and return it. You could then sign and submit the amendment form.

If you have any questions, please let me know.

Sincerely,

JIM JOHNSON

Re: Robert C. Black

Dear Mr. Clark:

For your records, I have reviewed the water filings on the land described in the real estate sales agreements originally executed by the Blacks. There have been four water filings made on this land, two of which (51-2156 and 51-2172) have developed to licenses and are appurtenant to this land.

There are also two permits, currently in Snarr's name, but on which proof of beneficial use has been submitted. These are numbered 51-7040 and 51-7111 and were originally filed by Black and Griffiths respectively and were both later assigned to Snarr.

After exams are done and licenses issued these last water filings will also become appurtenant to the land. Until the license is issued, however, they remain personal property in Snarr's name. Assuming Snarr has no further interest in the water there should not be a problem but I did want to make you aware of the status of these filings.

Enclosed is a copy of a work sheet showing the land covered by the various filings. Copies of your letter of April 11, 1983 and the Judgement and Decree will be placed in all four files.

Please call if you have questions.

Yours truly,

DAVID B. SHAW

Re: Robert C. Black
Water Permit No. 51-2156
Assignment to Snarr

Dear Mr. Cisco:

In 1976 Robert and Linda Black sold farm property near Bruneau on two separate contracts, one to Elmo Griffiths, et ux, and the other to Jerry Elmo Griffiths. Griffiths subsequently sold their contract interests to Joseph and Janet Snarr.

The Snarrs have filed bankruptcy and Black's were required to proceed with judicial foreclosure through the Bankruptcy Court. A copy of the Judgment I believe has already been furnished to you showing that the escrows have been terminated by court order and the property and all appurtenances are revested in the Blacks.

Please notice that the property descriptions include all the tenements, hereditaments and appurtenances which would include the water rights. These water rights are now revested in the Blacks. The interest of Griffiths and Snarrs in all of the property, including the water, have been judicially foreclosed out.

If you have any questions, please do not hesitate to contact me.

Yours very truly,

Dear Mr. Black:

One of the conditions of approval of your water Permit No. 51-7040 was that evidence of the extent of development must be submitted to this office on or before February 1, 1980. (See last page of your approved permit). Enclosed is a post card which may be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use post card or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect within 60 days.

Sincerely,

RITA FLECK
