

(8) Remarks Water has been utilized to irrigate this 70 acres of property from seven wells located on the property since approximately March 1, 1926. Much of the water was applied through furrow irrigation and diverted taking advantage of the artesian pressure encountered in aquifers in this area. Applicant has pumped water from these wells for irrigation of the same ground in the recent past and wishes to verify the nature of the water right as required by Idaho Code.

Map grid showing Township 6 S, Range 5 E, and Section 33. A point of diversion (PD's) is marked within Section 33.

Scale: 2 inches equal 1 mile.

Map should show the location of the point of diversion and the place of use of the water by 40-acre subdivisions, section, township and range of the public land survey system.

RE: Claim No. 51-4056

Dear Claimant:

The Department of Water Resources has completed the advertising of your claim to a water right, and no further action is authorized under Section 42-243 and 42-244, IDAHO CODE. Your claim will be retained in our files and will be available at any time for use by you or the court.

The filing and advertising of the claim does not confirm the water right claimed, but will serve to record and preserve the information and the evidence which you included in your claim.

If, at a later date, you find that you have additional information or supporting evidence that you would like to have included with the claim, you may have that information or evidence added at any time. Please refer to the claim identification number when corresponding with this office.

We are enclosing a copy of your claim for your records. If you have questions, or if this office may be of further assistance, please feel free to contact us.

Yours truly,

DAVID B. SHAW
Western Region Supervisor
