NOTICE FOR PUBLICATION

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 17th day of October 1941 at Mountain Home County of Elmore, State of Idaho before Perce Hall, a Notary Public proof will be submitted of the application to beneficial use of 1575 acre feet of the waters of Rattlesnake Creek in accordance with the terms and conditions of Permit No. R-501 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Chester Tindall, Bruneau, Idaho.

The use to which said water has been applied is irrigation and domestic use.

The amount applied to beneficial use is 1575 acre feet.

The place where said water is used is the southwest quarter of Section 28 and the northwest quarter of Section 33, all in Township 12 south of Range 5 East of the Boise Meridian in Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is unknown.

The right to take water from such works is based upon Permit No. R-501.

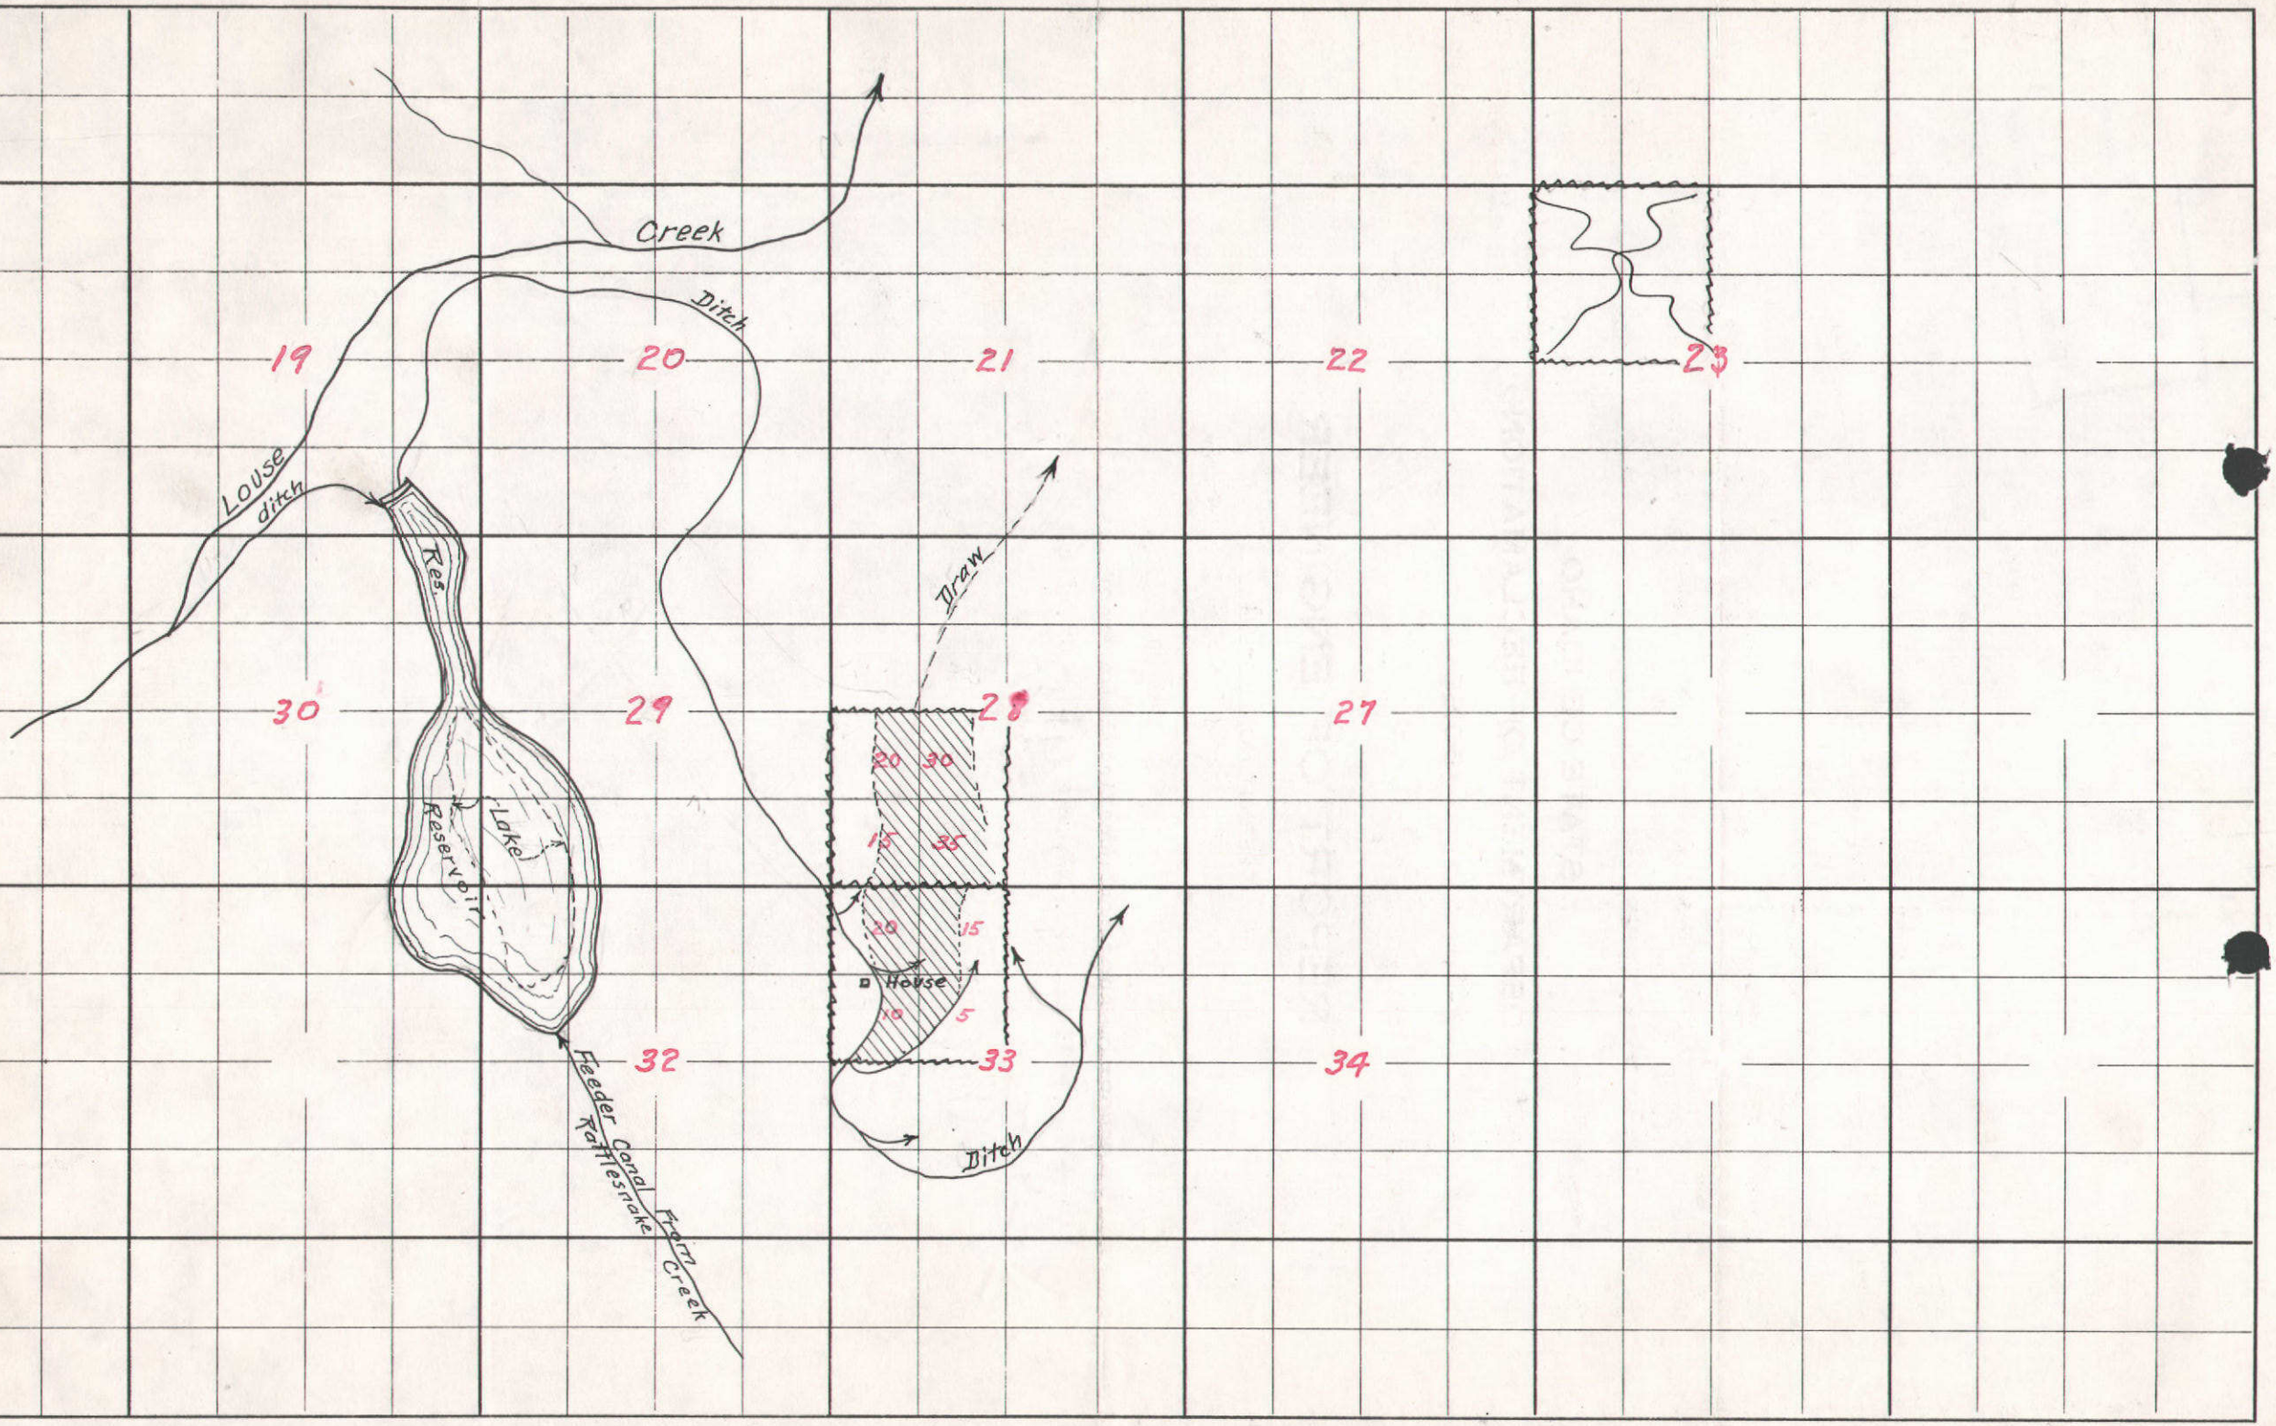

The source of supply from which such water is diverted is Rattlesnake Creek, tributary of Bruneau River County of Owyhee, State of Idaho.

The date of priority which said user is prepared to establish is October 1, 1931.

E. V. BERG
Commissioner of Reclamation.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

REPORT OF ENGINEER

Permit No. R-501

This proof is for Beneficial use In Water District No.

1. Name of applicant Chester Tindall, Bruneau, Idaho
2. Source of water supply: Rattle Snake Creek, Tributary of Bruneau River.
3. Location of point of diversion: Is in the SW¼SE¼ of Section 19
   T. 12 S R. 5 E County of Owyhee
4. Describe works as they exist, giving dimensions and capacities of same: Rock and earth check dam I6 Ft. long X 3Ft. high at head of feeder canal in Rattlesnake Creek; Head gate 6Ft. wide X 6Ft. long X 3 Ft. high; Canal 6 Ft. wide X 2 Ft. deep. Earth dam at Reservoir approximately 600 feet long X 20 feet high, Slopes 2-I and 3-I, Upper slope rip rapped; Screw Stem outlet Gate.
5. Water is used for: irrigation and domestic
6. State whether or not water has been turned into works of diversion: Yes
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): NW¼ Sec. ~~25~~ 33; SW¼ Sec. 28, Twp 12 S., Rge. 5 E., B. M.

(Submit map on attached plat, showing location and details of above description.

8. What large stream would the water here appropriated finally reach? Snake River

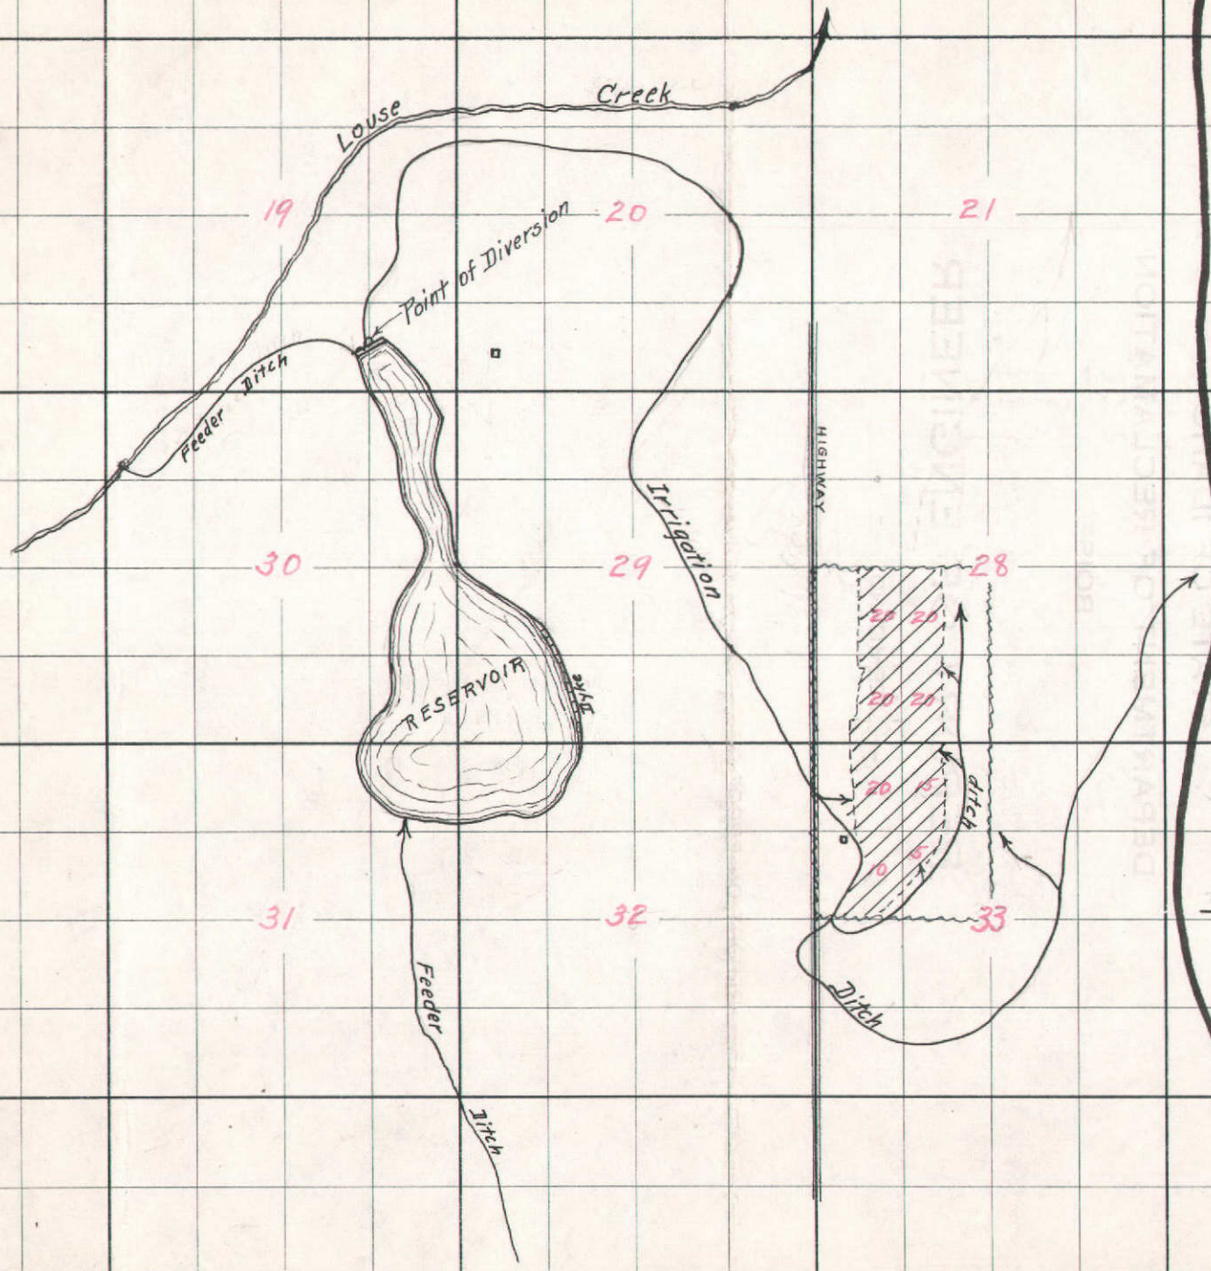

Remarks: Mr Tindall gave directions to Rattlesnake P.O. Hired man stated that no irrigation was given in Section 23. Mr Tindall chasing cattle on range at time of Ex.

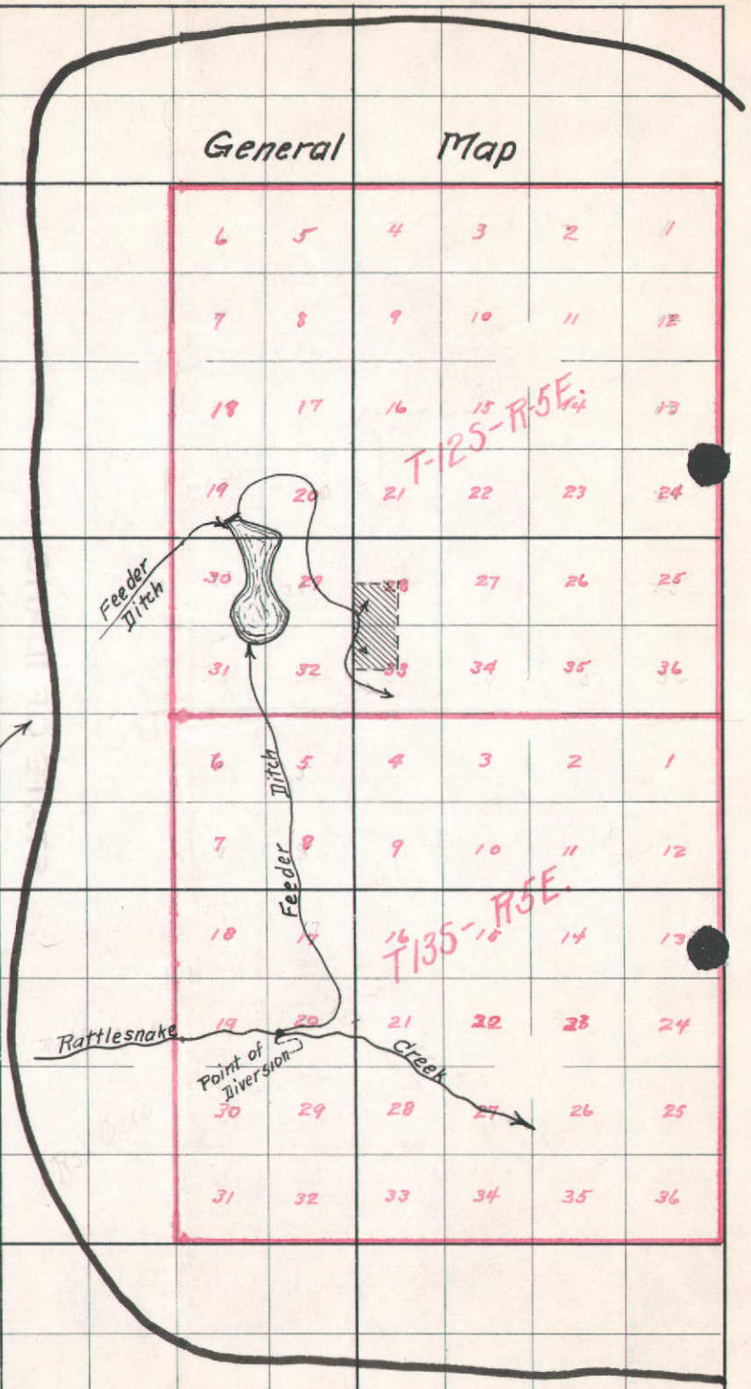

This examination was made on the 9th. day of September, 1942.

(Signed) Fred L. Dolman
Examiner.

APPLICATION FOR PERMIT

To Construct a Reservoir and Store and Appropriate
The Public Waters of the State of Idaho

Application No. R 24693
Permit No. R 501

1. Name of Applicant: Chester Tindall

Postoffice address: Tindall County Owyhee State Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of Capital Stock: $

(c) Amount paid in: $

(d) Names and addresses of directors:

II. The financial resources of the corporation are:

(a) Cash on hand: $

(b) Treasury Stock: $

(c) Bonds to be issued: $

(d) Other resources:

2. Quantity of water to be stored: 1575 acre feet per annum.

3. Source of water supply is Rattle Snake (Creek) (~~River~~) (~~Spring~~), a tributary of Bruneau River.

4. The outlet of the proposed reservoir is located 1200 E 600N (bearing) feet, distant from the S¼ corner of Section 19, Township 12 S, Range 5 E, B. M and is in the SW ¼ of SE ¼ of Section 19, Township 12 S, Range 5 E, B. M. County of Owyhee

5. Fill out either (a) or (b).

(a) The reservoir is located in the channel of (Creek) (River).

(b) The reservoir is to be filled through a feeder canal, the point of diversion for which is located 1000'E 400'S (bearing) feet distant from the W¼ corner of Section 20, Township 13 S, Range 5 E, B. M., and is in the NW ¼ of SW ¼ of Section 20, Township 13 S., Range 5 E, B. M.; width at bottom 9 feet, width at top 12 feet, depth of water 1 feet; average grade per mile 10 feet; Capacity 10 cubic feet per second.

6. (a) The area of the high water line of the reservoir is About 300 acres.

(b) The reservoir capacity is 3000 Approximately acre feet.

7. Height of reservoir dam feet, length at top feet, length at bottom feet, size of outlet 1½ feet by 1½ feet The dam ~~is to~~ be constructed of materials as follows: Earth and Rock

(If height will exceed 10 feet, plans must be approved by Department of Reclamation, before beginning construction.)

8. (a) Will water stored in reservoir be diverted to canal or acqueduct, thence to land to be irrigated without commingling with natural flow of

Yes; Canal. (Creek) (River) ?

(b) Water stored in reservoir will be carried in the channel of Canal (Creek,) (River,) a distance of 2½ miles to point of diversion located 500 S. (bearing), feet, distant from the NW corner of Section 33 Township 12S, Range 5 E, B. M., and in the NW ¼ of NW ¼ of Section 33, Township 12S, Range 5 E. B. M.

9. Amount of water claimed from (Creek) (River) (Spring) in addition to that stored in reservoir cubic feet per second.

10. Water is to be used for Irrigation and Domestic purposes.

11. If for mining, milling, power or manufacturing purposes give:

(a) Point of use of water (bearing) feet, distant from Corner of Section, Township, Range, B. M. and is in the ¼ of ¼ of Section, Township, Range, B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to (Creek) (River) (Spring) at a point (bearing) feet distant from the corner of Section, Township, Range, B. M., in the ¼ of ¼ of Section, Township, Range B. M.

12. Water stored in accordance with this Permit will be carried to place of use through a canal heretofore constructed under the terms of Permit No. 5173, which is hereby referred to and made a part hereof.

13. Kind of diversion works: Canal and small Ditches allready made
(Dam, canal, flume, pipe, etc.)

14. Height of diversion dam: none feet, length at top feet, length at bottom feet. The dam is to be constructed of materials as follows:

(If height will exceed 10 feet, plans must be approved by Department of Reclamation, before beginning construction.)

15. Size of headgate: Width 1½ feet, Height 1½ feet.

16. Diversion Canal: Width at bottom 5 feet, width at water line 7 feet, depth of water 1 feet, Dimensions of Flume Diameter of Pipe 18 inches; Length of Conduit 2½ miles. Average grade per mile 5 feet.

17. Estimated cost of Works: Storage Works: $ 20,000.00 $2500.00 all ready built Diversion Works: $ 2000.00 all built

18. Time required for completion of work 5 years .

19. Time required for complete application of water to proposed beneficial use is 5 years.

20. The land to be irrigated is described in the following tabulation.

(Give Irrigable acreage in each 40-acre subdivision.)

Twp.	Range	Sec.	NE¼				NW¼				SW¼				SE¼				Totals
			NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	
12 S	5 E	33					40	40	35	40									155
12 S	5 E	28									40	40	40	40					160
											Total Number of Acres to be Irrigated								315

REMARKS: The Application for License to use the water I am applying for is intended to help fill the Carey Reservoir which is partly filled from Carey or Louse Creek, Permit No. 5173, filed by Joseph M. Hawthorn, August 23, 1909, and was completed, I think, in 1910 or 1911. Later Transfered to Albert Daub, and now to me. As there is not sufficient water coming from Carey Creek to fill the Reservoir, I am asking for Permit to appropriate water from Rattle Snake Creek. There are three dams on the Carey Reservoir, namely: No. 1 - 18 ft. high, 1000 ft. at the top and 200 ft at the bottom; No. 2 - 12 ft. high, 1500 ft. at the top, and 300 ft. at the bottom; No. 3 - 14 ft. high, 900 ft. at the top, and 200 ft. at the bottom. These dams were constructed under permit no. 5173

Total Number of Acres to be Irrigated

Remarks:

BE IT KNOWN That the undersigned hereby makes application for permit to construct a reservoir and store and appropriate the public waters of Idaho as herein set forth, and that the enclosed map is hereby made a part of this application.

Chester Tindall Applicant.

By Agent.

Date of first receipt at office of Commissioner of Reclamation 9 A. M. October 1, 1931

Returned to applicant for correction October 4, 1931

Corrected application received October 14, 1931

APPROVAL OF COMMISSIONER OF RECLAMATION

The number of this permit is R 501

Recorded in book R 2 , page -501 Approved October 17, 1931

This is to certify that I have examined the within application for a permit to construct a reservoir and store and appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of $, to be filed on or before

Work to begin on or before December 16, 1931 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which the permit holder has no control.

One fifth of the work above specified to be completed on or before April 16, 1934

The whole of said work to be completed on or before October 17,, 1936

Beneficial use of water stored in accordance herewith, to be made on or before October 17, 1941

Witness my hand this 17th day of October , 19 31

R. W. FARIS
Commissioner of Reclamation.

R- 501

Permit No. R-501

CERTIFICATE OF COMPLETION OF RESERVOIR AND

RIGHT TO STORE WATER

Amount: 1575 Acre feet

Priority 10-1-31

This is to certify that CHESTER TINDALL of Bruneau, County of Owyhee, and State of Idaho, the holder of Permit No. R-501, issued upon Application No. R-24693, bearing date of priority of October 1, 1931, authorizing the construction of a reservoir and the right to store the waters of Rattle Snake Creek, a tributary of Bruneau River, County of Owyhee, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works as set out and described in said Permit; that said works are adequate for the storage of 1575 acre feet of water annually; that the location of the outlet of said reservoir is in the SW¼ of SE¼ of Section 19, Township 12 S., Range 5 E., Boise Meridian; that a right to store the said waters has been perfected in accordance with the laws of Idaho and is hereby confirmed by the Commissioner of Reclamation and entered of record in Volume R-2, of Permits, at page 501, records of the Department of Reclamation on the 11th day of Feb., 1938; that the right hereby confirmed dates from October 1, 1931; and that the amount of water to which said right is, by this certificate, entitled to store annually shall not exceed 1575 acre feet.

Witness the seal and signature of the Commissioner of Reclamation, affixed at Boise, Idaho, this 11th day of February, A. D. 1938.

Re: R-501

Mr. Chester Tindall
Bruneau, Idaho

Dear Mr. Tindall:

This will acknowledge receipt of the depositions of the holder, depositions of two witnesses, and the affidavit of proof of publication from the Owyhee Nuggett, all in connection with beneficial use proof under the above numbered permit.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this department. We are unable to say just when this examination will be made, since this department has but one field engineer, who makes examinations all over the state.

However, Mr. Tolman, field engineer for the Department, will try and contact you at the time set for examination, so that you may arrange to show him over the grounds.

When the engineer's report is filed, you will be notified of the amount due for beneficial use proof. Upon the receipt of your remittance a license will be issued.

Very truly yours,
E. V. BERG.
Commissioner of Reclamation.

RE: Permit Nos. R-805 & R-501

Mr. A. C. Kiser
P. O. Box 2773
Boise, Idaho

Dear Mr. Kiser:

In December 1952 you asked if the water covered in Permit No. R-9-5 could be secured by additional proof made under R-501 and you were advised that by showing legal transfer of rights established under R-501 to present owner it would be possible to make additional proof under R-501. By bringing it to license under R-501 a better priority will be secured.

However, in checking the records we do not find plans and specifications for the dam, neither do we find a topographic survey to show the reservoir capacity. Both will be necessary before a license can be issued.

And in order to straighten out the records, please submit a relinquishment of Permit No. R-805.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit Nos. 805 & 501

Mr. William Tindall
Grasmere
Idaho

Dear Bill:

Thanks for the blue prints of the Grasmere Reservoir.

In checking thru the records this morning, I find that your father claimed rights from a Mr. Daub; and I find that Daub had a license right for 1.22 cfs of Louse Creek water for some of your land; also that in the Prlject filing the Grasmere Reservoir is included.

Daub's license is number 5173 in case you care to investigate it.

Very truly yours,

MARK R. KULP

Department of Reclamation

Mr, Chester Tindall
Bruneau, Idaho

Dear Mr. Tindell:

A short time ago we received the report of our Field Engineer on examination for beneficial use under the above numbered permit.

Our engineer found that the works would be capable of storing 750 acre feet; and inasmuch as the land you are irrigating covers a portion of eight 40-acre legal subdivisions, the statutory fee will amount to $16.00

Upon receipt of this fee a license will be issued.

Very truly yours,

James Spofford

Mr Chester Tindall.

Bruneau Idaho.

Dear Mr.Tindall:-

Upon the 9th of September last, an examination of Your Water Filing (R-50I) was made by the undersigned, but at that time I believe You were absent from home and so a very complete inspection was impossible.

That part of the lands located in Section 28 were duly checked and the works of diversion and storage were also visited.

As regards irrigation in the N.W.¼ of Section 23 however it was my understanding from conversation with the man working at the other place that no water was being used upon the tract in this section.

If this is incorrect,I will with-hold my report until such time as another trip can be made at some future time.

Awaiting Your reply, I am

Very Truly Yours

E.V.Berg.

Commissioner of Reclamation

NOTICE FOR PUBLICATION

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 17th day of October 1941 at Mountain Home County of Elmore, State of Idaho before Perce Hall, a Notary Public proof will be submitted of the application to beneficial use of 1575 acre feet of the waters of Rattlesnake Creek in accordance with the terms and conditions of Permit No. R-501 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Chester Tindall, Brruneau, Idaho.

The use to which said water has been applied is irrigation and domestic use.

The amount applied to beneficial use is 1575 acre feet.

The place where said water is used is the southwest quarter of Section 28 and the northwest quarter of Section 33, all in Township 12 south of Range 5 East of the Boise Meridian in Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is unknown.

The right to take water from such works is based upon Permit No. R-501.

The source of supply from which such water is diverted is Rattlesnake Creek, tributary of Bruneau River County of Owyhee, State of Idaho.

The date of priority which said user is prepared to establish is October 1, 1931.

E. V. BERG
Commissioner of Reclamation.

REPORT OF ENGINEER

Permit No. R-501

This proof is for Beneficial Use In Water District No.

1. Name of applicant Chester Tindall, Bruneau, Idaho
2. Source of water supply: Rattle Snake Creek, tributary of Bruneau River.
3. Location of point of diversion: Is in the SW¼NE¼ of Section 19
   T. 12 S R. 5 E County of Owyhee
4. Describe works as they exist, giving dimensions and capacities of same: Rock and earth check dam 16 Ft. long X 3Ft. high at head of feeder canal in Rattlesnake Creek; Head gate 6Ft. wide X 6Ft. long X 3 Ft. high; Canal 6 Ft. wide X 2 Ft. deep. Earth dam at Reservoir approximately 600 feet long X 20 feet high, Slopes 2-I and 3-I, Upper slope rip rapped; Screw Stem outlet Gate.
5. Water is used for: irrigation and domestic
6. State whether or not water has been turned into works of diversion: Yes
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): NW¼ Sec. 33; SW¼ Sec. 20, Twp 12 S., Rge. 5 E., B. M.

(Submit map on attached plat, showing location and details of above description.

8. What large stream would the water here appropriated finally reach? Snake River

Remarks:
Mr Tindall gave directions to Rattlesnake P.C.L.D. Hired man stated that water irrigation was given in Section 23, Mr. Tindall claims only one acre at time of Ex.

This examination was made on the 9th. day of September, 19 42

Permit No. M-501

Examination for beneficial use

County. Owyhee

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same

2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same

3 Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.

4 If any unusual conditions are discovered, make a plain statement of them under remarks.

5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions

Permit No. R-501

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Chester Tindall, Bruneau, Idaho; Rancher; Bruneau, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. ----------

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. R-501, Dated October 17, 1931; priority date October 1, 1931.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Rattlesnake Creek, a tributary of the Bruneau River, in Owyhee County, Idaho; 1000 feet east and 400 feet south of the west quarter corner of Section 20, Township 12 south of range five East, B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Water is taken from creek by canal and runs northwesterly in canal for six miles to Carey Reservoir; thence in ditch three miles to land. Canal will carry about 1000 inches, ditch about 300 inches. Both are unnamed.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for domestic and irrigation purposes. Subdivision and acres: $NW\frac{1}{4}SW\frac{1}{4}$ Section 28, 20 acres; in $NE\frac{1}{4}SW\frac{1}{4}$ Section 28, 20 acres; in $SW\frac{1}{4}SW\frac{1}{4}$ Section 28, 3 acres; in $SE\frac{1}{4}SW\frac{1}{4}$ Section 28, 15 acres; in $NE\frac{1}{4}NW\frac{1}{4}$ Section 33, 10 acres; in $NW\frac{1}{4}NW\frac{1}{4}$ Section 33, 20 acres; in $SW\frac{1}{4}NW\frac{1}{4}$ Section 33, 15 acres, all in Township 12 south of Range 5 east, B. M.
Land is all cultivated and there is a house and barn upon it.

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Some used for stock and for family use.

R-501

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 1575 acre feet

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. ---------

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Since 1935 the water has been used to irrigate above described land. All water available has been used.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Water from Louse (or Carey Creek) Creek has also been used for the same period of time. I purchased Louse Creek permit from Albert Daub, who purchased it from Joseph M. Hawthorn. This water is used upon the same land and for the same purposes.

(Sign) Lahester Tindall

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Mt. Home, County of Elmore, State of Idaho, on this 17th day of October, A.D. 1941.

PERMIT NO. R-501

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Lois Aline Smith, 28, Bruneau, Idaho, housewife, Bruneau, Idaho

Ques. 2. Are you acquainted with Chester Tindall, the holder of Permit No. R-501? How long have you known him and where does he reside?

Ans. have known him five years.

Ques. 3. Have you read or heard read said Permit No. R-501, and are you familiar with its provisions and conditions? yes

Ans.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water frrom point of diversion to place of use.

Ans. Rattlesnake Creek, a tributary of Bruneau River, in Owyhee County. Diversion is 1000 feet east and 400 feet south of the west quarter corner of Section 20, Township 12 south of Range five east, B. M. Water is taken from creek by canal and carried six miles to reservoir; thence by ditch three miles to place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Ditch will carry about 300 inches. I have seen it full.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Water is used for domestic and irrigation purposes. Irrigation as follows: In NW¼SW¼ Section 28, 20 acres; in NE¼SW¼ Section 28, 20 acres; in SW¼SW¼ Section 28, 3 acres; in SE¼SW¼ Section 28, 15 acres; in NE¼NW¼ Section 33, 10 acres; in NW¼NW¼ Section 33, 20 acres; in SW¼NW¼ Section 33; 15 acres; all in Township 12 south of Range 5 east, B. M. Water is used upon cultivated land.

R-501

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. a little water is used for watering stock and for household use.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. land is of clay type, average productivity. It requires about ten acre feet per acre, taking into consideration evaporation, etc.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I live on a place adjacent to above described land, and I have seen Mr. Tindall use this water since 1936. He has used it each year since. The ditch carries about 300 inches, and he keeps it full, when in use.

(Signed) Lois Aline Smith

I hereby certify that the foregoing testimony was read to the above subbscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Mountain Home, County of Elmore, State of Idaho, on this day of October 17th, A. Re: R-501

Mr. Perce Hall, Notary Public
Mt. Home, Idaho

RE: Chester Tindall.

Dear Sir:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. R-501

Deposition of Permit Holder,
Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On 17th of Oct., 1941, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Mountain Home, Idaho before Perce Hall, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

E. V. BERG.
Commissioner of Reclamation.

REPORT OF ENGINEER

Permit No R-501

This proof is for Completion of Works In Water District No.

1. Name of applicant Chester Tindall

2. Source of water supply. Rattlesnake Creek

3 Location of point of ~~diversion~~ outlet. Is in the SW¼ SE¼ of Section 19

T. 12 S. - R 5 E. County of Owyhee

4. Describe works as they exist, giving dimensions and capacities of same. Headgate 6 ft wide, 3 ft high x 6 ft long. Ditch 6 ft wide x 1.5 ft deep and approximately 5 miles long leading to storage reservoir and thence by ditch to irrigated fields. Reservoir dam 700 ft long x 18 ft high, 18" pipe outlet with vertical gate control Lava rock riprap on face of dam. Outlet ditch is 5' wide x 2' deep

5 Water is used for: Irrigation and domestic use

6. State whether or not water has been turned into works of diversion: yes

7 List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): NE¼ NW¼, NW¼ NW¼, SW¼ NW¼, SE¼ NW¼, Sec. 33; NE¼ SW¼, NW¼ SW¼, SW¼ SW¼, and SE¼ SW¼, Sec. 28, T. 12 S., R. 5 E., B. M.

(Submit map on attached plat, showing location and details of above description

8. What large stream would the water here appropriated finally reach? Snake River

Remarks Reservoir capacity exceeds 1500 Acre feet and the works of diversion are sufficient to supply this amount under favorable conditions

This examination was made on the 8th day of June, 1937.

(Signed) Fred A. Holman Examiner.

R-501

Tindall, Idaho

Permit No R-501

Examination for Completion of Works

County Owyhee

INSTRUCTIONS TO EXAMINERS

1 Always carefully note the location of the point of diversion and accurately plat same

2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same

3 Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.

4 If any unusual conditions are discovered, make a plain statement of them under remarks

5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions

February 1, 1936

Re: Permit No. R-501

Mr. Chester Tindall
Tindall, Idaho

Dear Sir:

Mr. Fred A. Tolman, Field Engineer for this department, has now filed his report on the inspection he made in connection with your proof of completion of works under the above permit to store and appropriate water from Rattlesnake Creek in Owyhee County for irrigation and domestic use. His report shows that your reservoir has a capacity of over 1500 acre feet. Therefore, upon receipt of the statutory fee of $6.00, the Department will issue you a certificate of completion of works under the above permit.

Very truly yours,

Deputy Commissioner of Reclamation

jl

R-501

NOTICE FOR PUBLICATION

Notice is hereby given that at 2:00 P. M., on the 17th day of October, 1916, at Bruneau, County of Owyhee, State of Idaho, before Charles Pascoe, Notary Public, proof will be submitted to the completion of works for the storage of 1575 A. F. per annum of the waters of Rattle Snake Creek in accordance with the terms and conditions of a certain permit heretofore issued by the Commissioner of Reclamation of the State of Idaho.

1. The name of the person or corporation holding said permit is Chester Tindall.

2. The postoffice address of such person or principal place of business of such corporation is Bruneau, County of Owyhee, State of Idaho.

3 The number of such permit is R-501, and the date set for completion of such work is October 17, 1926.

4 Said water is to be used for irrigation and domestic purposes.

5. Said storage works will be fully completed on the date set for such completion, and the amount of water which said works are capable of storing, in accordance with the plans accompanying the application for such permit, is 1575 acre feet per annum.

6. The amount of lands for which said water is available is 315 acres, particularly described as follows: NE¼ NW¼, NW¼ NW¼, SW¼ NW¼, SE¼ NW¼, Sec. 33, T. 12 S., R. 5 E., B. M. and N[redacted] SW¼, NW¼ SW¼, SW¼ SW¼, SE¼ SW¼, Sec. 28, T. 12 S., R. 5 E., B. M.

R. W. FARIS,
Commissioner of
Reclamation.

R-501

November 9, 1936

Re: Permit No. R-501

CHESTER TINDALL
Bruneau, Idaho

Dear Mr. Tindall:

This will acknowledge receipt of the deposition of the holder, depositions of two witnesses and the affidavit of proof of publication from the newspaper, all in connection with proof of completion of works under the above permit.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this department. We are unable to say just when this examination will be made since we have but one field engineer who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this department, will contact you at the time set for examination so that you may show him over the grounds. After his report is on file in this office, you will be further notified as to fees due before the issuance of your Certificate of Completion of Works.

Very truly yours,

Chief Clerk & Office Engineer.

PLH/ej
cc Charles Pascoe, R.P.

R-501

Re: Permit R-501, Chester Tindall.

Mr. Charles Pascoe
Bruneau, Idaho

Dear Mr. Pascoe:

Pursuant to our telephone conversation of this date, I am herewith enclosing two blank Depositions to be executed by witnesses in support of Mr. Tindall's proof of completion of works under Permit No. R-501.

As I told you over the telephone, I have been absent from the office for the past week and consequently had nothing to do with mailing the forms which you requested for the proof. However, Miss Inglin just informed me that she was positive that the blanks for the witnesses were also mailed to you. Nevertheless, this is immaterial, since the fact remains that they were not executed; nor will it have any bearing on the water right, since, in the first place, theye were no protests, and secondly, the Depositions for the witnesses were not executed purely because of a technicality.

Therefore, if you will kindly have two witnesses execute these forms and return them immediately, the matter will be satisfactorily adjusted. The persons who act as witnesses should be familiar with what Mr. Tindall has done in the way of construction under this right. Furthermore, they should have no financial interest.

Thanking you for your cooperation, I remain

Very truly yours,

Chief Clerk & Office Engineer

Re: Permit No. R-501

CHESTER TINDALL
Bruneau, Idaho

Dear Mr. Tindall:

In reply to your letter of recent date, please be advised that the Attorney General's office has consistently held that the law requires proof to be submitted before the official whose name appears in the published notice and at the time and place specified in such notice.

As the situation now stands, your proof of completion of works will be due on October 17th, so there is not sufficient time for another publication. If the proof is not made at the time originally set, the permit will lapse and become subject to cancellation.

In view of the fact that Mr. Pascoe evidently can not be in Bruneau at the time when proof is to be offered, and further, that if your proof is not made as advertised, the permit will lapse, we believe it would be in order for you to obtain an affidavit from Mr. Pascoe to the effect that it will be impossible for him to be in Bruneau on the date when proof is to be offered, stating his reasons. If you can obtain this affidavit immediately and file it with this department, we will designate Eugene Anderson of Mountain Home as the person before whom proof is to be offered.

We have no statutory authority for this action. However, it appears to be the only way to prevent you from losing your rights under this permit.

Very truly yours

Chief Clerk & Office Engineer

Dear Mr. Tindall:

This will acknowledge receipt of notice for publication in connection with proof of completion of works, and also your authorization to have the notice published in the Owyhee Nugget, Bruneau, Idaho, all in connection with Permit No. R-501.

A copy of the notice has been mailed to the newspaper with instructions to publish it once a week for four consecutive weeks prior to October 17, 1936. About ten days prior to this date, depositions consisting of one for the holder and one each for two witnesses, will be mailed to Charles Pasco, Notary Public, Bruneau, Idaho, so that he will have them in ample time for the proof.

On the date designated, you should appear at Mr. Pasco's office with two disinterested witnesses, who are familiar with the terms of the permit and the works constructed thereunder, for the purpose of executing the depositions.

Very truly yours

Paul L. Henry

Chief Clerk & Office Engineer

Sept. 7, 1936.

Chester Tindall, Bruneau, Idaho.

Dear Chester: I note that you are due to submit proof of completion of works for storage water before me on the 17th of the present month at Bruneau. The problem is how I can be at Bruneau on the 17th and here on the 18th, the latter date being that upon which my presence here is needful, after which I shall be free to leave for home. In the meantime the date of hearing will have expired. I imagine it might he well for you to have Eugene Andesron of Mountain Home take the testimony, so that nothing might cause the same to fizzle...A proof of publication can be made by Rodney Hawes or his mother as lessees of The Nugget, the forms for which are at the office--The Nugget office, which must be signed by either of the lessees before a notary--Jones or Golden. If the matter is postponed beyond the 18th I could be home, but that is problematical, as I may be required to be here even beyond that date. I merely want to protect your interest, Chester.

Mrs. Pascoe and myself are here with Harold and family and I am gradually recovering from the indisposition following an operation at Boise. Believe it was wise to get away from the Bruneau heat, for I find myself slowly regaining strength taken at the said Boise engagement. With best regards to yourself and family, I am very sincerely, yours,

Charles Pascoe

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Chester Tindall
Tindall, Idaho

Boise, Idaho
AUG 5 - 1936

DEAR SIR:

I enclose herewith blank form upon which to give notice that you are prepared and desire to submit proof of completion of works under your permit No..... R-501 .....

This form should be filled out and mailed to the Department of Reclamation, at least 60 days before the date upon which proof is to be submitted. which proof MUST be on or before... October 17, 1936 ... Upon receipt of the blank properly filled out, notice for publication will be sent to the paper direct from this office, which notice must be published a period of four weeks prior to the date of proof.

The proof may be submitted at any place convenient to you and two witnesses, where there is a notary public or other officer authorized to administer oaths.

The certificate that shall be issued under this proof does not give you a perpetual right to the use of the water for which application is made, as it only confirms the completion of the works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

R. W. FARIS

Commissioner of Reclamation.
