NOTICE OF APPLICATION FOR EXTENSION OF TIME TO AVOID FORFEITURE OF A PORTION OF WATER RIGHT NO. 51-2210

Notice is hereby given that James F. Black of Bruneau, Idaho has applied to the Department of Water Resources for an extension of time to avoid forfeiture of a water right. This water right is evidenced by Water Right No. 51-2210.

This License was issued for 5.64 cubic feet per second of water from groundwater with a priority date of March 25, 1966, with a point of diversion within the NESE, Sec. 1, and NENE, Sec. 12, Twp. 7S., Rge. 5E., Owyhee County, for irrigation purposes from 3/15 to 11/15 within the SWNE, SENE, NESW, SWSW, NESE, NWSE, Sec. 1, T. 7S., R. 6E., and the SWNW, NWSW, Sec. 6, T. 7S., R. 6E.

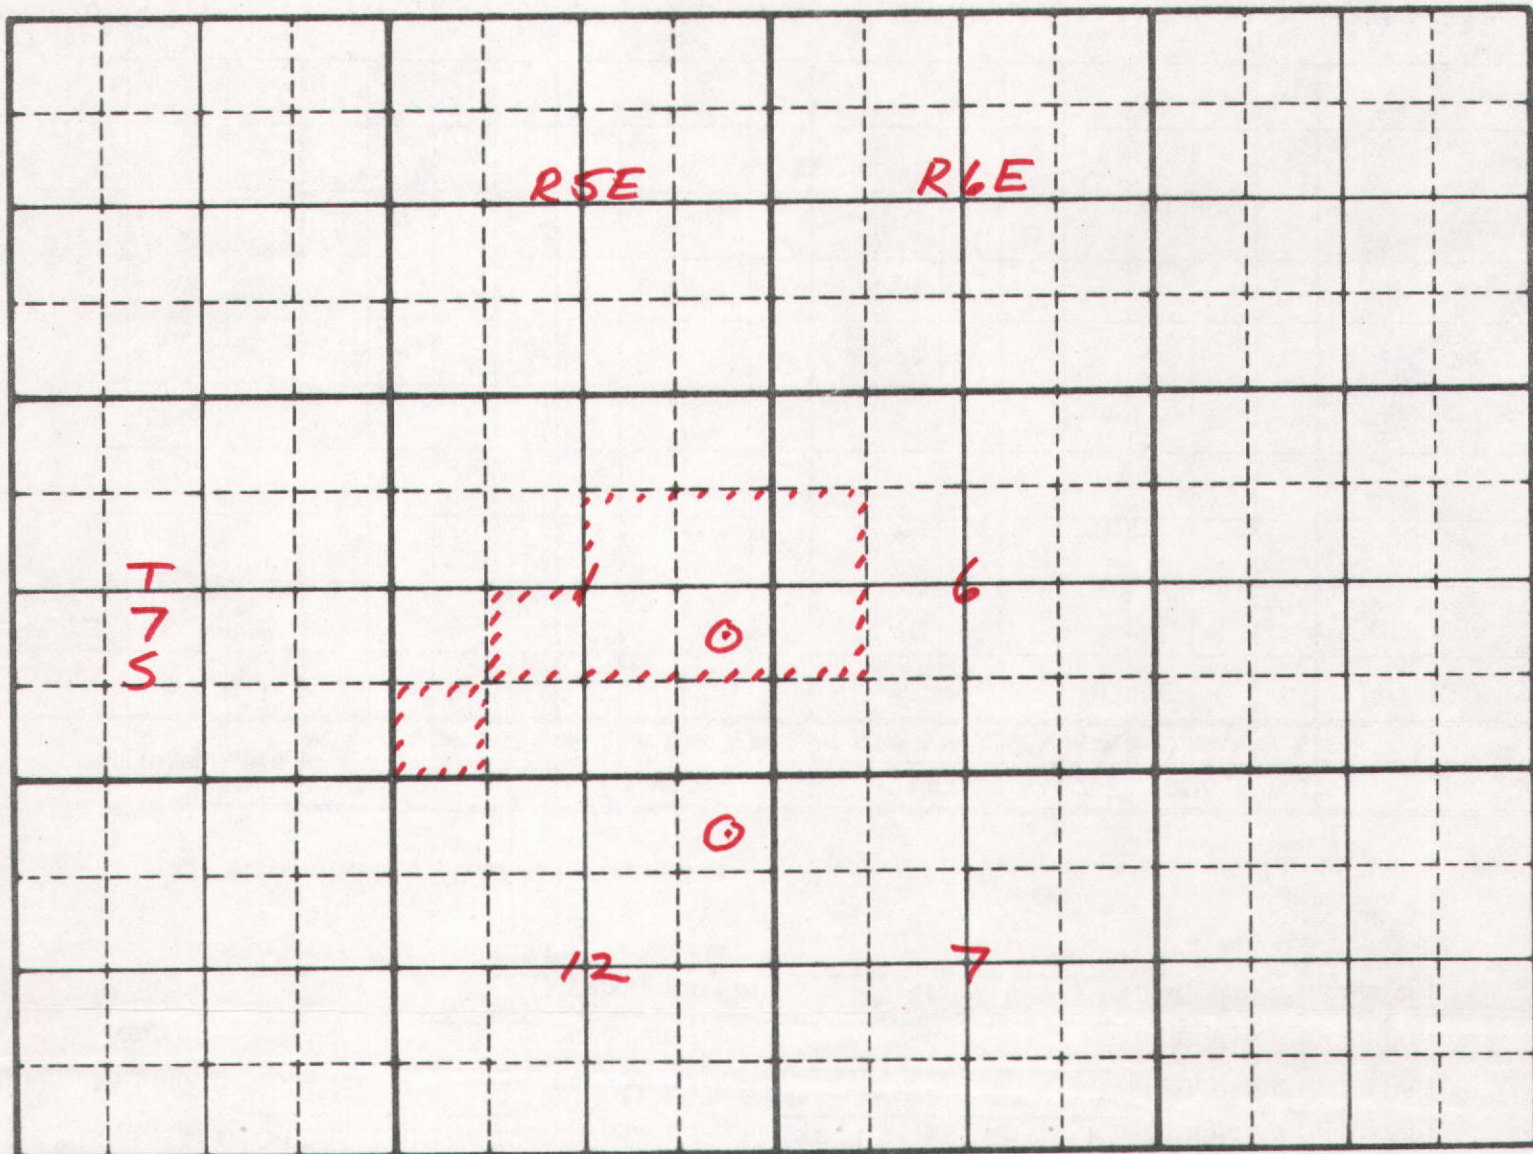

Section 42-222, Idaho Code provides that a water right shall be lost and forfeited, and the water will revert to the state upon failure to apply water to a beneficial use for a period of five consecutive years. This Section further provides that the State may allow an additional five year period of non-use without forfeiture upon showing of reasonable cause. James F. Black has applied for this extension because he is currently purchasing the property described above from the Farmers Home Administration, and he wishes to maintain the appurtenant water right until the sale is finalized.

The applicant requests the extension until June 15, 1989.

Any protest against the granting of this extension may be filed with the Idaho Department of Water Resources, 2735 Airport Way, Boise, ID 83705 on or before July 5, 1988.

NOTICE OF EXISTING WATER PERMIT

Notice is hereby given that Grace A. Glineski, Bruneau, Idaho, has received an approved permit No. G - 32804/51-2210 issued by the Idaho State Department of Water Administration authorizing the diversion of 6.4 cubic feet per second of water from a ground water source.

The priority to be established under this permit is March 25, 1966 and the permit was approved March 31, 1966. Water is to be diverted by well, to be cased, pump, motor, ditches, booster pump and pipeline from a point within the NW $\frac{1}{4}$ SW $\frac{1}{4}$ (Lot 6), Sec. 6, T. 7 S., R. 6 E., B. M., Owyhee County, to be used for irrigation in the S $\frac{1}{2}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 1, T. 7 S., R. 5 E., B. M.; SW $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 6, T. 7 S., R. 6 E., B. M.

Proof of the application of the water to beneficial use is to be submitted to the Department on or before March 31, 1971. Any protests against the issuance of the license for the above referenced permit should be filed with the Idaho Department of Water Administration within ten (10) days of the last date of publication of this notice or prior to the licensing of the permit. Licensing may commence prior to the date beneficial use proof is due without further notice.

SUBJECT: Wells, ditches and silt

I talked to Mr. and Mrs. Prow in my office about a number of problems concerning their wells and ditches.

The major problem at that time was one caused by runoff from Mr. Hisaw's desert entry project. I investigated this condition and found that runoff was following in a natural drainage under a road (culvert) then into a canal and some of Mr. Prow's ditches. The high silt content then fell out and caused plugging problems in the ditches, subsequently flooding some fields. I discussed the matter with Mr. Hisaw's hired hand but didn't make any progress towards correcting the situation. I also completed a field exam on Mr. Hisaw's system and found it operating as per his permit. I believe it has been recommended for license.

I then met with Mr. Prow and his neighbors and explained to them that they should contact an attorney or the county sheriff. They were reluctant to pursue either course as they didn't want to cause any hard feelings.

Next we discussed the problem of one person on their canal (an officer of the company) taking excessive water and interfering with other downstream shareholders. I explained to Mr. Prow that as President of the company he had jurisdiction to control the diversion of water from the canal. I believe the problem stemmed from the ditch rider being the son of the excessive water user. Again they did not wish to solve the matter themselves (as according to their bylaws) feeling that it would cause hard feelings. I had no jurisdiction in this matter but I did contact the other water user who was very defensive, he inferred to me that we had no jurisdiction in the ditch.

I then discussed the groundwater situation with the people. At that time I took their word for the fact that their wells were no longer flowing and explained that the state courts had not affirmed the right to artesian pressure. I also explained the procedure for them to establish a ground water board in the area. I also explained that they should contact an attorney to help them form the board. They seemed reluctant to do this so I suggested they simply petition our dept. to form the Groundwater board. We recieved a letter on July 16, 1974 that may be construed as a request to form the board but my knowledge no action was taken on that request. I also note that this request was written the same day as was the letter to Senator Church, July 15, 1974.

RESUMPTION OF WATER ACKNOWLEDGEMENT

RE: Water Right Nos. 51-02209 & 51-02210

Dear Permit Holder:

The Department acknowledges receipt of your statement of resumption of beneficial use submitted in connection with the above referenced water right.

Pursuant to Section 42-222.2, Idaho Code, only one five (5) year extension of time to avoid forfeiture can be granted. It is, therefore, essential that you continue to use the water associated with this license. The Department cannot grant you another extension.

If you have any questions or if I can be of any further assistance, please feel free to contact me.

NOTICE TO RESUME WATER USE

RE: License Nos. 51-02209 & 51-02210

Dear Mr. Black:

One of the conditions of approval of the applications for Extension of Time to Avoid Forfeiture of a Water Right for the above references licenses, is that diversion and use of water be resumed on or before July 1, 1994. Enclosed is a form, when submitted, will notify the department that you have again established beneficial use to the extent indicated on the form.

Failure to resume the use of water for the above referenced licenses and to notify the department will be cause for the water to revert back to the state and again be available for appropriation.

Please fill out return the resumption forms within ninety (90) days of receipt of this letter, and address any correspondence directly to me.

If you have any questions or if I can be of any further assistance, please feel free to contact me.

RE: Water Right License 51-2209 & 51-2210

Dear Ms. Ward,

In response to your letter of September 25, 1980, regarding the above stated Water Right Licenses, our Department has no provisions for changing ownership on licensed water rights without filing a transfer. However, transfer applications are only used when the water right owner changes the place of use or point of diversion. I assume this is not being done.

In Idaho, a licensed water right is considered real property and ownership to the water right is acquired when the property to which the water right is appurtenant to is purchased.

I have put a copy of your letter and copies of the mortgages in the files for reference, and no further action will be taken.

I hope this will satisfy any questions you have about the water rights. If you have further questions, please feel free to contact me at 334-4123..

Sincerely,

ROBYN HAMPE

Dear Mr. & Mrs. Hisaw:

A representative of this Department has made an examination of the works covered by the above referenced permits and has found the following:

Quantity of water diverted: 8.07 cfs Source: ground water

Points of diversion: NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 1 and NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 12,
Twp. 7 S, Rge. 5 E, B.M.

Please be advised that we are prepared to issue water licenses under these permits as follows:

51-2209 Amount of water that can be recognized as beneficially used under
Idaho law: * 6.40 cfs

Beneficial use: Irrigation of 320 acres within the SE $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$,
Sec. 1; NE $\frac{1}{4}$, Sec. 12; Twp. 7 S, Rge. 5 E, B.M. and SW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec.
7, Twp. 7 S, Rge. 6 E, B.M.

Priority established: March 25, 1966

55-2210 Amount of water that can be recognized as beneficially used under
Idaho law: * 5.64 cfs

Beneficial use: Irrigation of 282 acres within the S $\frac{1}{2}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$,
SW $\frac{1}{4}$ SW $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 1, Twp. 7 S, Rge. 5 E, B.M. and SW $\frac{1}{4}$ NW $\frac{1}{4}$,
NW $\frac{1}{4}$ SW $\frac{1}{4}$ (2 acres), Sec. 6, Twp. 7 S, Rge. 6 E, B.M.

Priority established: March 25, 1966

* Subject to the condition that the maximum rate of diversion shall not
exceed 8.07 cfs when licenses are combined.

If you do not concur with these findings please contact us within 10 days, otherwise water licenses will be issued as set forth above.

Sincerely,

BOBBY D. FLEENOR

I called to Mr. and Mrs. [illegible] in my office about a number of problems concerning their wells and litmos.

The major problem at that time was one caused by runoff from Mr. Hisaw's desert spring property. I investigated the situation and found that runoff was following an natural drainage under a road (culvert) then into a canal and some of Mr. [illegible]'s dirt had the high silt content then fell out and caused plugging problems to the ditches. This was causing flooding some fields. I discussed the matter with Mr. [illegible] and [illegible] but didn't make any progress towards correcting the situation. I also completed a field exam on Mr. Hisaw's system and found it operating as per his permit. I believe it has been recommended for license.

I then met with Mr. [illegible] and his neighbors and explained to them that they should contact an attorney or the county sheriff. They were reluctant to pursue either course as they didn't want to cause any hard feelings.

Next we discussed the problem of one person on their canal (an officer of the company) taking excessive water and interfering with other downstream shareholders. I explained to them that as President of the company he had jurisdiction to control the flow of water from the canal. I believe the problem stemmed from the officer's son of the excessive water user. Again they did not wish to solve the problem themselves (as according to their bylaws) feeling that it would cause hard feelings. I had no jurisdiction in this matter but I did contact the other water user. He was very defensive, he inferred to me that we had no jurisdiction in the matter.

I then discussed the groundwater situation with the people. At that time I took their word for it that their wells were no longer flowing and explained that the state had no jurisdiction over the right to artesian pressure. I also explained the procedure for them to establish a groundwater board in the area. I also explained that they needed to contact an attorney to help them form the board. They seemed reluctant to do this so I suggested they simply petition our dept. to form the groundwater board. We received a letter on July 16, 1974 that may be construed as a request to form the board but my knowledge no action was taken on that request. I also note that this request was written the same day as was the letter to Senator [illegible] on July 16, 1974.

Enclosed is a copy of a letter to Senator Frank Church from Mr. Ronald E. Prow of Bureau relative to wells and other matters. I would appreciate it if you would assign someone to this project and ask them to look into the matter and give me a full written report of their findings.

We should be able to give Mr. Prow more help than he indicates that he has received from the Department, particularly with regard to written suggestions to him as to procedure he can take to protect his rights and interests.

Dear Keith:

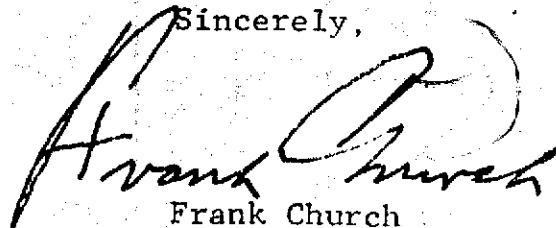

Enclosed is a letter I have received from Mr. Ronald E. Prow of Bruneau, complaining about a problem he and his neighbors have with their domestic water wells and with waste water drainage onto their land.

I have responded to Mr. Prow, telling him I am bringing his letter to your attention, asking for any assistance your office may be able to provide to him and his neighbors.

Your review of Mr. Prow's letter and any information you can give me to assist me in responding further to him will be appreciated.

With best wishes,

Sincerely,

Frank Church

Dear Mr. Higginson.

Your department sent a man out in reference to our Wells, mine (Ronald E. Prow) Albert Harleys and Clayton Turners.

He told us that we could have a board form out here to measure the water and set it so we can measure the water table.

This matter is in need of immediatly. Refere to a letter from a Mr. Perce Hall on the 25th of June 1974.

I am also having trouble with waste water from this Mr. Hisaw'S Place it is coming down thru my place and seriously damageing my land. The water has so much silt in it that it has plugged up my ditches and is runing my land and crops. This is a very serious matter. I have ask Mr. Hisaw to take care of this matter , but he won't do nothing about it.

Please advise me of any help you can give in this matter.

Very Truly Yours

RECEIVED

Dear Sir:

Albert Harley, Jr., Ron Prow and Clayton Turner have employed me to represent them in connection with a water problem which is developing on the west side of the Bruneau River, near Bruneau in Owyhee County, Idaho. They all have homes on the west side of Bruneau valley and obtain their domestic water supply from wells at their respective locations, which wells have been producing water for their domestic needs for more than 50 years. Within the past year or two there have been some desert entry applications filed on land lying west from their property and some ground water wells have been dug by the entryman. One of the entryman is a man by the name of Hisaw. When Mr. Hisaw turned on his pumps about the middle of May, 1974, these people immediately noticed that their water supply for their domestic needs was decreasing. At the present time Mr. Harley and Mr. Prow are unable to obtain domestic water from their wells and are urgently in need of some prompt action.

I understand that they have contacted your office and that the problem has been explained. They understood that your office was going to send an engineer to the area to investigate the matter, but so far as they know, nothing has been done to this date. They feel that if someone representing your office could contact Mr. Hisaw, it is possible that the matter might be worked out among the parties without the necessity of appointing a ground water board.

Please advise me whether or not your office will give them any assistance in this matter. If so, they would appreciate action as promptly as possible because they are entirely out of domestic water at the present time.

Very truly yours,

Perce Hall

Dear Mr. Hisaw:

One of the conditions of approval of your water Permit No. 32804/51-2210 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before April 25, 1974. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Re: Permit No. G-32804 (new no. 51-2210)

Mrs. Grace A. Glineski
Bruneau,
Idaho

Dear Mrs. Glineski:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department; previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply them upon request at any time.
