Dear Mrs. Wheeler:

One of the conditions of approval of your water Permit No. 31628/51-2189 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before November 28, 1972. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

ATTENTION: Eugene E. Babin, Acting Manager, Land Office

Dear Mr. Babin:

Mr. Floyd E. Wheeler brought your letter of October 12, 1970, to our department today, and requested that we supply you with the information that you have requested in your letter. Please find enclosed, a copy of the application for extension of time, and an application for amendment, filed in connection with this permit. To date, Mr. Wheeler has done the necessary work required to keep this permit in good standing with this department. Beneficial use is not due on this permit until May 1, 1972, at which time we will send the necessary papers to Mr. Wheeler.

In reference to permit Number 51-2189, we also have your letter requesting that Mrs. Anna L. Wheeler submit evidence showing that she has the right to appropriate water from the three wells that are to be located within the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 29, T. 9 S, R. 12 E, and that the waters from these wells will be used for irrigational purposes, and will be applied to the following land list: Lot #2, SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 19, W $\frac{1}{2}$ E $\frac{1}{2}$ of Section 20, W $\frac{1}{2}$ NE $\frac{1}{4}$ of Section 29, all of T. 9 S, R. 12 E. In reviewing Mrs. Anna L. Wheeler's permit, we find that there will need to be an amendment concerning the land list and the point of diversion. As soon as she has submitted this information, we will notify you.

Dear Mrs. Wheeler:

We are in receipt of the letter that the Bureau of Land Management sent to you on October 12, 1970. This letter states that you must submit evidence showing that you have a right to appropriate water from the wells located within the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 29, T. 9 S, R. 12 E. The letter also states that the water is to be applied to lands irrigated in Lot #2, SW $\frac{1}{4}$ SE $\frac{1}{4}$, W $\frac{1}{2}$ E $\frac{1}{2}$ of Section 20, W $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 29, all of T. 9 S, R. 12 E. This permit indicates that you have only one well located within the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 29. Therefore, you will have to amend your point of diversion to cover a second well with the same legal description. You will also have to amend your land list so that it will correspond with that of the Bureau of Land Management.

We have typed the amendment for your signature. The only portion of the amendment that you will have to complete, will be the number of acres in each 40 acre subdivision under item #3. We have marked each of these for your convenience.

As soon as you have submitted this amendment with the \$5.00 filing fee, we will notify the Bureau of Land Management, so that they can take final action on your Desert Land Entry.

If we may be of any further assistance in this matter, please feel free to contact us.

Very truly yours,

Dorian Clay

Dear Mrs. Wheeler:

This refers to the final proof for your desert land entry Idaho 014983. According to your proof testimony, water for irrigation of the land is obtained from two wells located in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 29, T. 9 S., R. 12 E., B.M., Idaho. You also referred to state water permits G-31590 and G-31591. No copies of these permits are in your desert entry case file. Also, the permits are not in your name. PD (27)

You must submit evidence showing that you have a right to appropriate water from the wells and that the water is appurtenant to the lands in your entry. The evidence should consist of a valid, active state water appropriation permit in your name.

The permit must show the point of diversion as two wells in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 29, and the lands to be irrigated as lot 2, SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 19, W $\frac{1}{2}$ E $\frac{1}{2}$ Sec. 20, W $\frac{1}{2}$ NE $\frac{1}{4}$ Sec. 29, T. 9 S., R. 12 E., B.M., Idaho.

You should contact the Idaho Department of Water Administration about obtaining the required water permit in your own name. Also you should make arrangements with them to have a copy of the approved permit sent to us.

We would appreciate receiving the water permit or evidence that you have applied for the water permit within the next 30 days.

Sincerely yours,

Eugene E. Babin

Re: Permit No. G-31628

Ann^e L. Wheeler

Dear Mrs. Wheeler:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with those rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

Donald W. McEldowney

Dear Mrs. Wheeler:

One of the conditions of the approval of your permit G-31628 was that proof of application of the water to beneficial use be submitted to this office on or before January 3, 19 69.

Enclosed is an affidavit form which must be used to submit this proof. You may also request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, ICA.

Either the proof or a request for extension must be received by this department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
