J. R. SIMPLOT COMPANY

51-2160

(Pursuant to Section 78.486 of the Nevada Revised Statutes
and 16-10-70 of the Utah Business Corporation Act.)

J. R. SIMPLOT COMPANY, a corporation organized and
existing under the laws of Nevada, the parent corporation, does
hereby certify:

FIRST: That this corporation was incorporated on the
28th day of June, 1955, pursuant to the laws of the State of
Nevada.

SECOND: The number of outstanding shares of each
class of SIMPLOT INDUSTRIES, INC., a Utah corporation, and the
number of shares of each class owned by J. R. SIMPLOT COMPANY

Simplot Industries, Inc.	10	Common	10

THIRD: That this corporation, by resolution of its
board of directors, duly adopted the following Plan of Merger,
at a meeting held on the 15th day of February, 1985, and deter-
mined to merge into itself said SIMPLOT INDUSTRIES, INC. at the
Effective Time which resolution is in the following words
to-wit:

NOW, THEREFORE, be it resolved that J. R. SIMPLOT COMPANY
merge, and it hereby does merge into itself said SIMPLOT
INDUSTRIES, INC. and assumes all of its obligations, at the
Effective Time; under the following terms and conditions:

A. BE IT RESOLVED that effective as of the close of busi-
ness on the 28th day of February, 1985, (the Effective
Time), SIMPLOT INDUSTRIES, INC. shall be and it is hereby
merged into J. R. SIMPLOT COMPANY, with the effect and
result that the existence of SIMPLOT INDUSTRIES, INC. shall

cease and J. R. SIMPLOT COMPANY shall continue in existence as the surviving corporation.

B. BE IT RESOLVED that all of the provisions contained in the Articles of Incorporation, as amended, and the By-Laws of J. R. SIMPLOT COMPANY shall remain in force and effect and shall not be deemed altered or amended hereby, and that the laws of the State of Nevada shall continue to govern the surviving corporation.

C. BE IT RESOLVED that the present members of the Board of Directors of J. R. SIMPLOT COMPANY shall continue to hold office during the remainder of the term to which they are elected and until their successors are elected and duly qualified.

D. BE IT RESOLVED that at the Effective Time, all of the property, real, personal or mixed, and all of the assets of SIMPLOT INDUSTRIES, INC. wherever located, shall be deemed automatically transferred to and become vested in J. R. SIMPLOT COMPANY as the surviving corporation, without any further act or deed or instrument of transfer of conveyance for the accomplishment thereof; and whereupon, further, J. R. SIMPLOT COMPANY shall assume and become liable for payment of all of the existing indebtedness and obligations of SIMPLOT INDUSTRIES, INC., including the obligations to perform existing agreements without any special act or assumption of liability for those obligations.

E. BE IT RESOLVED that in as much as SIMPLOT INDUSTRIES, INC. is a wholly-owned subsidiary of J. R. SIMPLOT COMPANY and is being merged into its parent corporation, no additional capital stock of J. R. SIMPLOT COMPANY will be issued upon or as a part of said merger; and after the Effective Time each certificate or certificates theretofore representing issued and outstanding shares of the Capital Stock of SIMPLOT INDUSTRIES, INC. shall be deemed cancelled.

F. BE IT RESOLVED that notwithstanding any action taken with respect to the merger by the Directors of J. R. SIMPLOT COMPANY or SIMPLOT INDUSTRIES, INC. or both, and notwithstanding anything herein or elsewhere to the contrary, the merger may be abandoned at any time prior to the filing thereof by the adoption of a resolution providing for such abandonment by the Board of Directors of J. R. SIMPLOT COMPANY.

G. BE IT RESOLVED that the Executive Vice President and Secretary of this corporation be and they hereby are directed to make and execute, under the corporate seal of this corporation, a certificate of ownership and merger setting forth a copy of the resolution to merge said SIMPLOT INDUSTRIES, INC. and assume its liabilities and obligations, and to file the same in the office of the Secretary of State of Nevada and the Secretary of State of Utah; and

H. BE IT FURTHER RESOLVED that the officers of this corporation be and they hereby are authorized and directed to do all acts and things whatsoever, whether within or without the States of Nevada and Utah which may be necessary or proper to effect said merger.

MICROFILMED

FOURTH: That this corporation survive the merger and may be served with process in the States of Nevada and Utah in any proceeding for enforcement of any obligation of SIMPLOT INDUSTRIES, INC. as well as for enforcement of any obligation of the surviving corporation arising from the merger.

FIFTH: The undersigned corporation hereby (a) agrees that it may be served with process in the State of Utah in any proceeding for the enforcement of the rights of a dissenting shareholder of the above-mentioned subsidiary corporation against the surviving corporation; (b) irrevocably appoints the Secretary of State of Utah as its agent to accept service of process in any such proceeding; and (c) agrees that it will promptly pay to the dissenting shareholders of such domestic corporation the amount, if any, to which they shall be entitled under the provisions of the Utah Business Corporation Act with respect to the rights of dissenting shareholders.

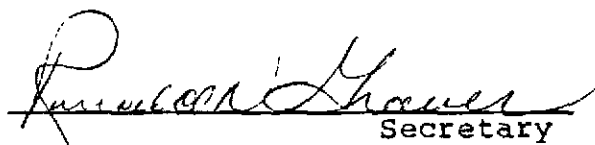

SIXTH: The mailing of Notice of said Plan and Agreement of Merger was waived by the shareholders of SIMPLOT INDUSTRIES, INC. on February 15, 1985.

IN WITNESS WHEREOF, said J. R. SIMPLOT COMPANY has caused its corporate seal to be affixed and this certificate to be signed by Scott R. Simplot, its Executive Vice President and Ronald N. Graves, its Secretary this 15th day of February, 1985.

Gentlemen:

Enclosed is Simplot Industries' check in the amount of \$5.00 covering the license fee of 28950/51-2160.

At the present time this permit is in the name of Dr. Lloyd S. Call. I have prepared an Assignment of that permit to Simplot Industries, Inc. and have forwarded it to Dr. Call for his execution. As soon as I receive the Assignment from him, I will forward it to your office. I would appreciate your withholding the licensing of this permit until that Assignment is received.

Sincerely,

Dear Mr. Call:

A representative of this Department has made an examination of the works covered by your Permit No. 28950/51-2160 and has found the following:

Quantity of water diverted: 0.08 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 0.08 cfs

The maximum quantity of water diverted shall not exceed 2.4 acre feet per season.

Beneficial use: For domestic purposes within the NW 1/4, Sec. 18, Twp. 6 S, Rge. 5 E

Point of diversion: NW 1/4, Sec. 13, Twp. 6 S, Rge. 4 E, B.M.

The priority date established is: August 18, 1960

A fee totaling \$ 5.00 must be received within 30 days from the date of this letter in order that we can issue you a Water License as set forth above.

If you do not concur with these findings, please contact this office within the 30 day period.

Sincerely,

BOBBY D. FLEENOR

Dear Dr. Call:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the ONLINE BUDGET 0-28950, all submitted in proof of completion of works and beneficial use on Permit No.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

DESERT ENTRY AND SUBDIVISIONS DESCRIBED EARLIER IN QUESTION 6. BY REASON OF THIS EMERGENCY & THROUGH ASSISTANCE OF YOUR OFFICE, ADDITIONAL WATER WAS OBTAINED FROM THE STRIKE RESERVOIR, AS MENTIONED IN ITEM 10 HEREIN. THE APPROXIMATE .8 - 1.0 c.f.s. OF WATER FROM THE WELL IS CO-MINGLED AND MIXED WITH RIVER WATER FROM STRIKE RESERVOIR PERMIT TO ALLOW IRRIGATION OF THE SUBDIVISIONS DESCRIBED HEREIN, AS A PART OF THE DESERT ENTRY.

~~State nature of all improvements which have been made as a direct result of said use:~~

A Desert Entry of the holder of this permit has been completely reclaimed and is being irrigated with a sprinkling system and is productive.

Ques. 6-a: If this is a ground water permit, give name and address of person that drilled the well: Harold A. Steiner, of Oreana, Idaho

Ques. 7. If for other than irrigation purposes, show full legal description of place of use and state purpose for which water is used:

Used solely for irrigation and culinary purposes. Water under this permit is inadequate for irrigation needs of deponent, as noted above.

Ques. 8: If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder:

Not applicable, inasmuch as deponent is the person to whom original permit was issued.

Quest. 9: State when and in what amount the water diverted under above mentioned permit has been first used: April or May of 1964 - Time used since first use: in maximum amount of flow, being approximately .8 c.f.s.

The well has been used continuously since about April or May of 1964 throughout the irrigation seasons.

Ques. 10. Describe all other water rights appurtenant to same place of use: Only other water right appurtenant to the dominant tract is some water right from the J. C. Strike Reservoir; however, said water right is in conjunction with an adjacent desert entry owned by one Dean E. Call.

Ques. 11 See deponent's supplementary letter and explanation attached to this, Governmental Form #16.

DEPOSITION OF WITNESS

The deposition of two witnesses on this form, taken separately, required in each case.

Ques. 1 State your name, age, residence, occupation and postoffice address:

Jerald F. Miller, age 40, residing at Bruneau, Idaho, Manager of

Lloyd Stanford Call (this permit holder) ranch and Desert Entry.

Ques. 2 Are you acquainted with Lloyd Stanford Call, the holder of
Permit No. G-28950? How long have you known him and where does he reside?

Yes, for past year. He resides in Pocatello, Idaho

Ques. 3. Have you read or heard said Permit No. G-28950 read, and are you familiar
with its provisions and conditions: Yes X No.

Ques. 4. State source of water supply: A 2,900 foot well.

Give location of place of diversion, showing subdivision, section, township and range

NE 1/4 SE 1/4, Sec. 13, T. 6 S., R. 4, E.B.M., Owyhee County, Idaho

Describe works for conveying water to place of use: Underground pipes and a
ditch convey the water on the surface of the Desert Entry.

Ques. 5. How many second feet of water do you estimate said works will safely conduct
The works & conduit itself would convey:
to place of use: Approx. 6.4 c.f.s. How much water have you seen being so

HOWEVER, although permit holder hoped to get 6.4 c.f.s. to irrigate,
conveyed? he was able to get only about .8 - 1.0 c.f.s., though he drilled
to a depth of more than 2,900 feet.

Ques. 6 If for irrigation, show number of acres irrigated in each subdivision, giving

full legal description: Even though the well doesn't now yield the 6.4 c.f.s.
allowed to the permit holder, the permit holder, Lloyd Stanford Call, uses
the amount of water available from the well for culinary and domestic
purposes and conducts the remainder to a common canal where it is mixed
and co-mingled with river water in order that enough water is available to
irrigate the following lands: NE1/4SE1/4, Sec. 13, T.6S. R.4 E.B.M. (40 acre
SE1/4NE1/4, Sec. 13, T.6S., R.4, E.B.M. (40 acres); SE1/eSE1/4, Sec. 13,

28950

Ques. 7. If for other than irrigation purposes, show full legal description of place of use, and state purpose for which water is used.

We use it almost entirely for irrigation purposes---some culinary use,
and for watering a few head of cattle.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

This is a Desert Land Entry which I manage for Dr. Lloyd Call, holder
of this Permit. I would say that we need the maximum amount of water
available to profitably cultivate this entry. However, as mentioned above,
the well falls short of this and produces only .8 - 1.0 c.f.s.

Ques. 9. Have you any ownership interest in the works, water or lands above mentioned?

If so, in what way and to what extent? No--I work for Dr. Call, and manage
the ranch.

Ques. 10. When did you first see this water used? February 29, 1965 (in the home)

Other times you have seen such use: Then we started full time farming of the
land on March 21, 1965. I use the water every day.

The deposition of two witnesses on this form, taken separately, required in each case.

Ques. 1 State your name, age, residence, occupation and postoffice address:

Roy J. Neider, legal age, 4909 Hawthorne Road, Pocatello, Idaho.
Vice-president, Idaho Bank & Trust Company of Pocatello, Idaho

Ques. 2 Are you acquainted with Lloyd Stanford Call, the holder of
Permit No. G-28950? How long have you known him and where does he reside?

I have known permit holder for 12 years, and know that he resides in
Pocatello, Idaho.

Ques. 3. Have you read or heard said Permit No. G-28950 read, and are you familiar
with its provisions and conditions: Yes X No.

Ques. 4. State source of water supply: A well drilled to depth of 2,900 feet.

Give location of place of diversion, showing subdivision, section, township and range
NE 1/4 SE 1/4, Sec. 13, T.6 S., R. 4, E.B.M., Owyhee County, Idaho

Describe works for conveying water to place of use: Works employed for conveying
water to place are by underground pipes and a ditch constructed on the
surface of Desert Entry being irrigated.

Ques. 5. How many second feet of water do you estimate said works will safely conduct
to place of use: Approx. ~~1.0~~ c.f.s. How much water have you seen being so
Approximately .8 - 1.0 c.f.s., although Dr. Call drilled to
conveyed? 2,900 feet in an attempt to obtain sufficient water.

Ques. 6 If for irrigation, show number of acres irrigated in each subdivision, giving
full legal description: Although the permit holder was only able to obtain
.8 - 1.0 c.f.s. from the well (using it for culinary
as well as other domestic purposes), all amounts remaining after such
culinary and domestic uses are mixed with river water from Strike Reservoir
in order to irrigate the Desert Entry and lands as follows:

Ques. 7. If for other than irrigation purposes, show full legal description of place of use, and state purpose for which water is used.

To my understanding, the water and well is being used for only
irrigation purposes and a certain amount for culinary application.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

The type of land reclaimed was wasteland and more particularly, a Desert Entry granted to the holder of this permit. I would estimate that the amount of water needed for profitable cultivation and use to be the maximum allowable for the Desert Entry.

Ques. 9. Have you any ownership interest in the works, water or lands above mentioned?

If so, in what way and to what extent? None whatsoever.

Ques. 10. When did you first see this water used? Early in December of 1960.

Other times you have seen such use: Several times since December of 1960,
including the winter or fall of 1964, just past.

Re: Permit No. G-28950
Lloyd Stanford Call

Dear Mr. Tappan:

On July 30, 1965, at 11:30 a.m., the above-captioned permit holder, Lloyd Stanford Call, and two witnesses, appeared here in my office and offered their depositions in support of the proof necessary that application of the water in question has been put to beneficial use. The two witnesses who appeared with the holder are entirely disinterested parties, without any interest or claim in either the well or the property upon which the well is situated.

Besides transmitting the deposition of the holder and the depositions of the two witnesses with this letter, I am writing on behalf of the permit holder to furnish additional information to augment the depositions. As your records and permit No. G-28950 will demonstrate, the permit holder applied for a rate of withdrawal of 6.4 c.f.s., and this application was approved. The permit holder feels obliged to fairly disclose to the Department of Reclamation that he could not succeed in appropriating 6.4 c.f.s., which was the amount needed to irrigate the desert entry in Owyhee County.

As a matter of fact, at tremendous expense the permit holder drilled to a depth of more than 2,900 feet, endeavoring to get sufficient water.

It is estimated that the maximum amount of water appropriated is somewhere between .8 c.f.s. and 1.0 c.f.s.

Consequently, as your records will undoubtedly show, the permit holder--through the cooperation and help of your office--made application for additional water from the J. C. Strike Reservoir, and incurred substantial additional expense in his works of diversion in this regard.

Therefore, the permit holder should like your office to know that the minimal amount of water presently produced by the well in question, serves as culinary and domestic water, and any remainder is used for irrigation by diverting the same into an irrigation canal where it is co-mingled and mixed with river water, from the other permit, for

28950

30 July 1965

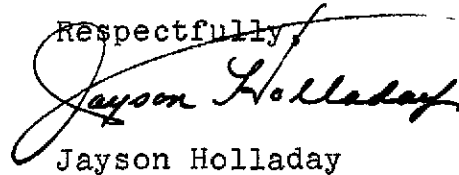

the purpose of irrigating the desert entry in question.

There was insufficient room upon the deposition to make this full disclosure to your office, so we would appreciate your adding this letter to the deposition of the holder.

I believe I forwarded the Proof of Publication to you two weeks ago. We have taken care of the costs of publication directly with the newspaper.

If your office should need anything further and to supplement the three depositions and this addendum to the deposition of the holder, kindly advise and we will cooperate immediately.

We want to take this opportunity to thank you again for your generous assistance and help with regard to this application.

Respectfully,

Jayson Holladay

Mr. Jayson Holladay,
Attorney at Law,
836 East Center,
Pocatello, Idaho.

Dear Mr. Holladay:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-28950, in the name of Lloyd Stanford Call. Final Proof is to be made before you, as Notary on the 30th day of July, 1965, at 11:30 o'clock A.M., at 836 E. Center, Pocatello, Idaho.

As of this date, we have mailed the Notice to the Owyhee Nugget Marsing, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

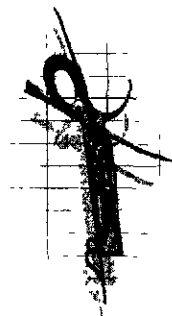

Very truly yours,

Re: Permit No. G-29850
(Lloyd Stanford Call)

Dear Mr. Tappan:

Thank you for your letter of June 1 transmitting departmental Forms #36 and #11.

I am sending you, in duplicate, Notice of Proof of Completion of Works, together with Form #11.

We have set July 30, 1965, as the date of the hearing for the taking of proof of completion of works.

Incidentally, I note that in other applications in Owyhee County, that you have recommended publication in a Mountain Home, Idaho, newspaper by reason of the fact that there is apparently no newspaper published within Owyhee County wherein the land is located. Accordingly, we have proposed publication of the notice in the Mountain Home News, of Mountain Home, Idaho. I notice that, in the International Yearbook of Newspapers, the Mountain Home News is published on Mondays and Thursdays each week.

If, since our last correspondence, you have learned of any other newspaper (even a weekly), being published in Owyhee County, I would appreciate your notifying me and directing publication to any such newspaper in Owyhee County.

As I understand it, when you send the Notice to the newspaper, you will also send me the necessary depositions for the holder and the two disinterested witnesses.

I will also send an information copy of this letter to the Mountain Home News which, I understand, is published by Mr. Lloyd S. Waters, so that he will be advised, and to the end that he could advise either your office or mine if there is, in fact, any newspaper

which is published within the County of Owyhee.

Thank you for your assistance on this application.

Dear Mr. Holladay:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G-28950 are due not later than **Aug. 23, 1965**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

State Reclamation Engineer

Pocatello, Idaho

Dear Mr. Holladay:

Enclosed are two applications, partially completed, which were prepared in this office at the direction of Rex Greer, Twin Falls and two relinquishment forms.

The address should be completed under No. 1 and there are several other answers we could not show. Also, the ditch on the Lloyd S. Call application should be continued on the map to the place of use.

According to Mr. Greer, only one certified copy of the permit for Dean E. Call would have to be sent to the Bureau of Land Management and two copies, one certified, of the Lloyd Call permit. The fee for one copy is \$2.50 and for two copies \$2.90, which should be added to the regular filing fee.

Both applications should be carefully checked before returning to this office.

We would appreciate it if the applicants would relinquish their subterranean water permits if they do not desire to explore for more water.

Dear Mrs. Rule:

On August 17 we transmitted an application for a permit to appropriate waters of the State of Idaho, together with a map, in duplicate, and our check in the sum of \$6.50.

Because we were given a deadline by the Bureau of Land Management to obtain such a permit, as I mentioned in my letter of August 17 to you, I am wondering if you have considered this application and are in a position to return the approval of the State Reclamation Engineer at this time. I would certainly appreciate your writing me right away or phoning me collect if there are any questions, as we are rather worried about this deadline.

Thank you very much.

Dear Mrs. Rule:

I am enclosing an application for a permit to appropriate subterranean waters of the state of Idaho, together with a map in duplicate and a check for \$6.50 to cover the filing fees.

This application is made at this time to satisfy a requirement of the Bureau of Land Management there in Boise, instructing the applicant, Lloyd Stanford Call, to obtain a permit or right to appropriate underground water to use on his Desert Land application no later than September 6.

In view of this time limit imposed by the Bureau of Land Management, I would certainly appreciate it, Mrs. Rule, if you can return the approval of the State Reclamation Engineer before September 6.

Thanks kindly.
