Dear Mr. Noble:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use, under Permit No. G-24586, in the name of Lauri Lahtinen. Final proof is to be made before you, as Notary, on the 25th day of November, at 11:00 A. M., at Bruneau, Idaho.

As of this date we have mailed the Notice to the Owyhee Nugget with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses, who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions (Holder and two witnesses) are being returned.

Very truly yours,

RE: Permit No. 0-24586

Date October 1, 1958

Lauri Lahtinen
Brunau, Idaho

Dear ~~Miss~~ Madam:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. 0-24586 are due not later than December 3, 1958.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER

RE: Permit No. G-24586

Mrs. Lauri Lahtinen
Bruneau,
Idaho

Dear Mrs. Lahtinen:

We have your letter inquiring as to the procedure for completing water right applied for under Permit No. G-24586.

Under the terms of this permit proofs of Completion of Works and Beneficial Use are due on or before December 3, 1954, but these proofs can be made at any earlier date ~~as~~ the works are all completed and the water completely applied for the irrigation of all the land.

Before these proofs are made the statute requires publication of a notice once a week for four weeks in a county newspaper. This notice should be made in duplicate on form 36 enclosed, setting the time and place and naming the Notary Public before whom the proof is to be made.

The proof may be made at Bruneau or any place convenient for you and your two witnesses and the time must be set far enough ahead to allow for four weeks publication.

Both copies of form 36 to be returned to this Department together with form 11 which is your authorization for us to have the notice published in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the necessary forms of deposition to be used in making the proofs.
