Re: Permit No. 20027
Leonard R. Lawson

Mr. Perce Hall
Attorney At Law
Mountain Home, Idaho

Dear Mr. Hall:

Our field engineer's report on his inspection of proof of beneficial use of water under the terms of Permit No. 20027, Leonard R. Lawson, Bruneau, Idaho, shows that well #1 in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 23 is capable of conveying 24 miners' inches of water, well #2 in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 26 is capable of conveying 61 miners' inches and well #3 in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 26 is capable of conveying 112 miners' inches for a combined total of 197 inches (3.94 c.f.s.) of water for irrigation of 204 acres. The record of the permit describes the wells as being located: 2 wells in NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 26 and one well in each of subdivision SW $\frac{1}{4}$ SE $\frac{1}{4}$ and SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 23, Township 7 South, Range 4 East, B.M. Therefore, it is necessary that the permit be amended to show location of well #2 in NE $\frac{1}{4}$ NW $\frac{1}{4}$ instead of NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 26. We enclose an application for amendment to point of diversion for this purpose.

Upon receipt of the amendment, mentioned above, and the statutory fee of \$16.00 (fee based at the rate of two dollars for each 40-acre subdivision) we will issue the License and Certificate of Water Right under Permit No. 20027 confirming the right with priority of March 7, 1947, to the use of 3.94 second feet of subterranean water, with the points of diversion in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 23, NW $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 26, for irrigation of 204 acres in the SE $\frac{1}{4}$, SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 23, NE $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 26, Township 7 South, Range 4 East, B.M.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. Leonard R. Larson
Bruneau, Idaho

Boise, Idaho **January 2, 1952**

Dear Sir:-

Under the terms of your permit No. ~~20027~~ you are required to complete your diversion works on or before ~~March 25, 1952~~. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP
