Re: Permit No. 15745.

Mr. Wm. T. McGinnes,
Bruneau, Idaho.

Dear Sir:-

We are in receipt of your notice for proof of use of water under the above permit. A copy has today been mailed to the Bruneau Nugget for four weeks publication prior to the date set. There is a very small margin left over the time allowed for publication before the date for proof and, should anything happen that the paper was not published on the usual day, the required four publications would not be complete and it would be necessary to re-advertise. I would suggest that you take this up with the publisher of the paper and, if necessary, set the date for proof one week later, advising us of any change made.

Deposition blanks will be mailed to the notary public later.

Very truly yours,
W. G. SWENDSEN,
Commissioner of Reclamation.

By
Chief Clerk.
