Re: Permit No. 15366

Mr. Chester Tindall,
Tindall, Idaho.

Dear Sir:-

The report of our field engineer for proof of beneficial use of water under the above permit shows a discrepancy in the lands irrigated. The engineer states in his report that the correct list of lands should be as follows:

NW $\frac{1}{4}$ SW $\frac{1}{4}$ and E $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 25, and NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 26,
Twp. 15 S., R. 4 E., B.M.

In order to correct the records in this particular, it will be necessary for you to file an application for amendment of the permit, such application to be accompanied by maps in duplicate, forms for which are enclosed.

Upon receipt of the application for amendment, together with fees in the sum of \$8.00, the license will be issued you.

Very truly yours,
GEO. N. CARTER,

REGULATIONS AS TO AMENDED APPLICATION AND PERMIT

Recorded August 5, 1927,
in Book 55, of Permits at
Page 15366.

Section 3255 of the Revised Codes, provides for the amendment of a permit as to lands upon which the water is to be used. The permit holder, to avail himself of the provisions of this section, should fill out and file with the Commissioner of Reclamation the application blank found upon the reverse side of the sheet. If there is not sufficient room in such blank for the legal description of the amended list of lands, this may be submitted as an exhibit, proper reference thereto being made in the application.

Before amended permit will be granted applicant must file with the application two maps, showing the following details:

- (a) Name of applicant.
- (b) Section, town and range numbers, where public survey has been made.
- (c) Source or sources of supply.
- (d) Point or points of diversion.
- (e) Route of ditch or ditches, including laterals delivering water within one mile of each 160 acre tract of the lands to be irrigated.
- (f) Lands to be irrigated to be shown by cross-hatching, outlining, or coloring.

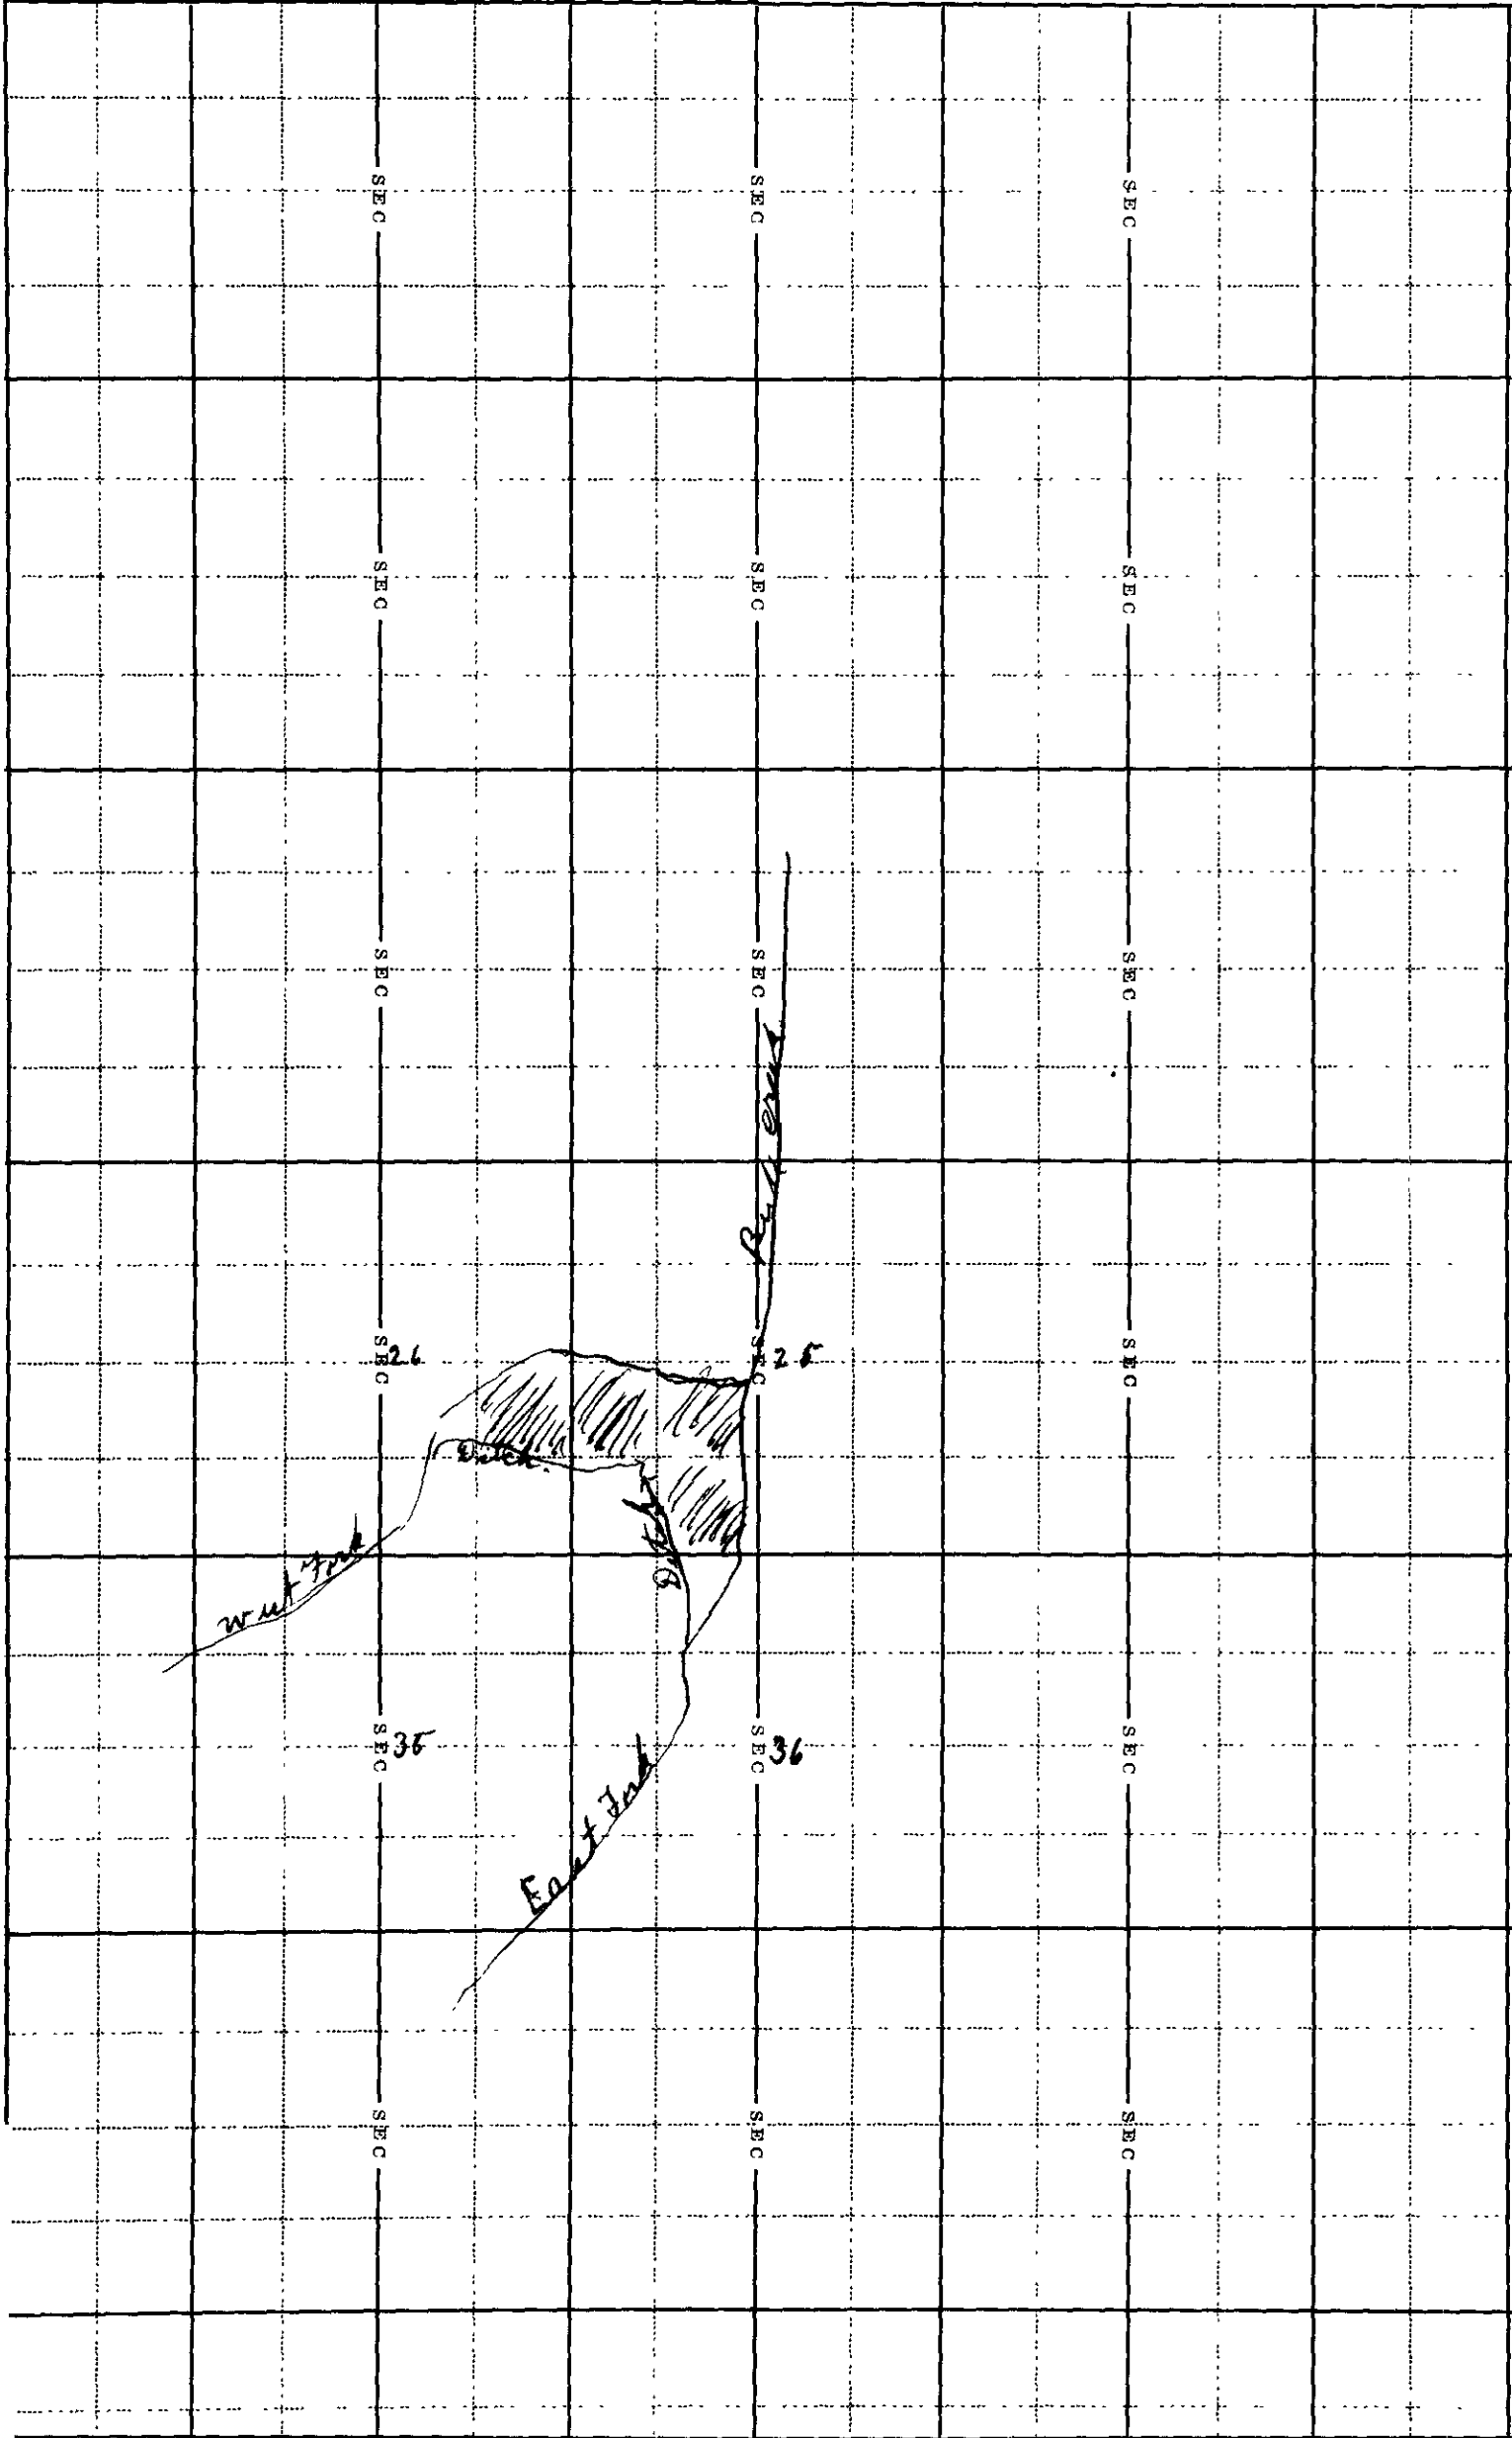

If original permit called for more than 25 cubic feet per second, the maps must be prepared from actual survey and must be certified to by engineer in charge of survey, in the following form:

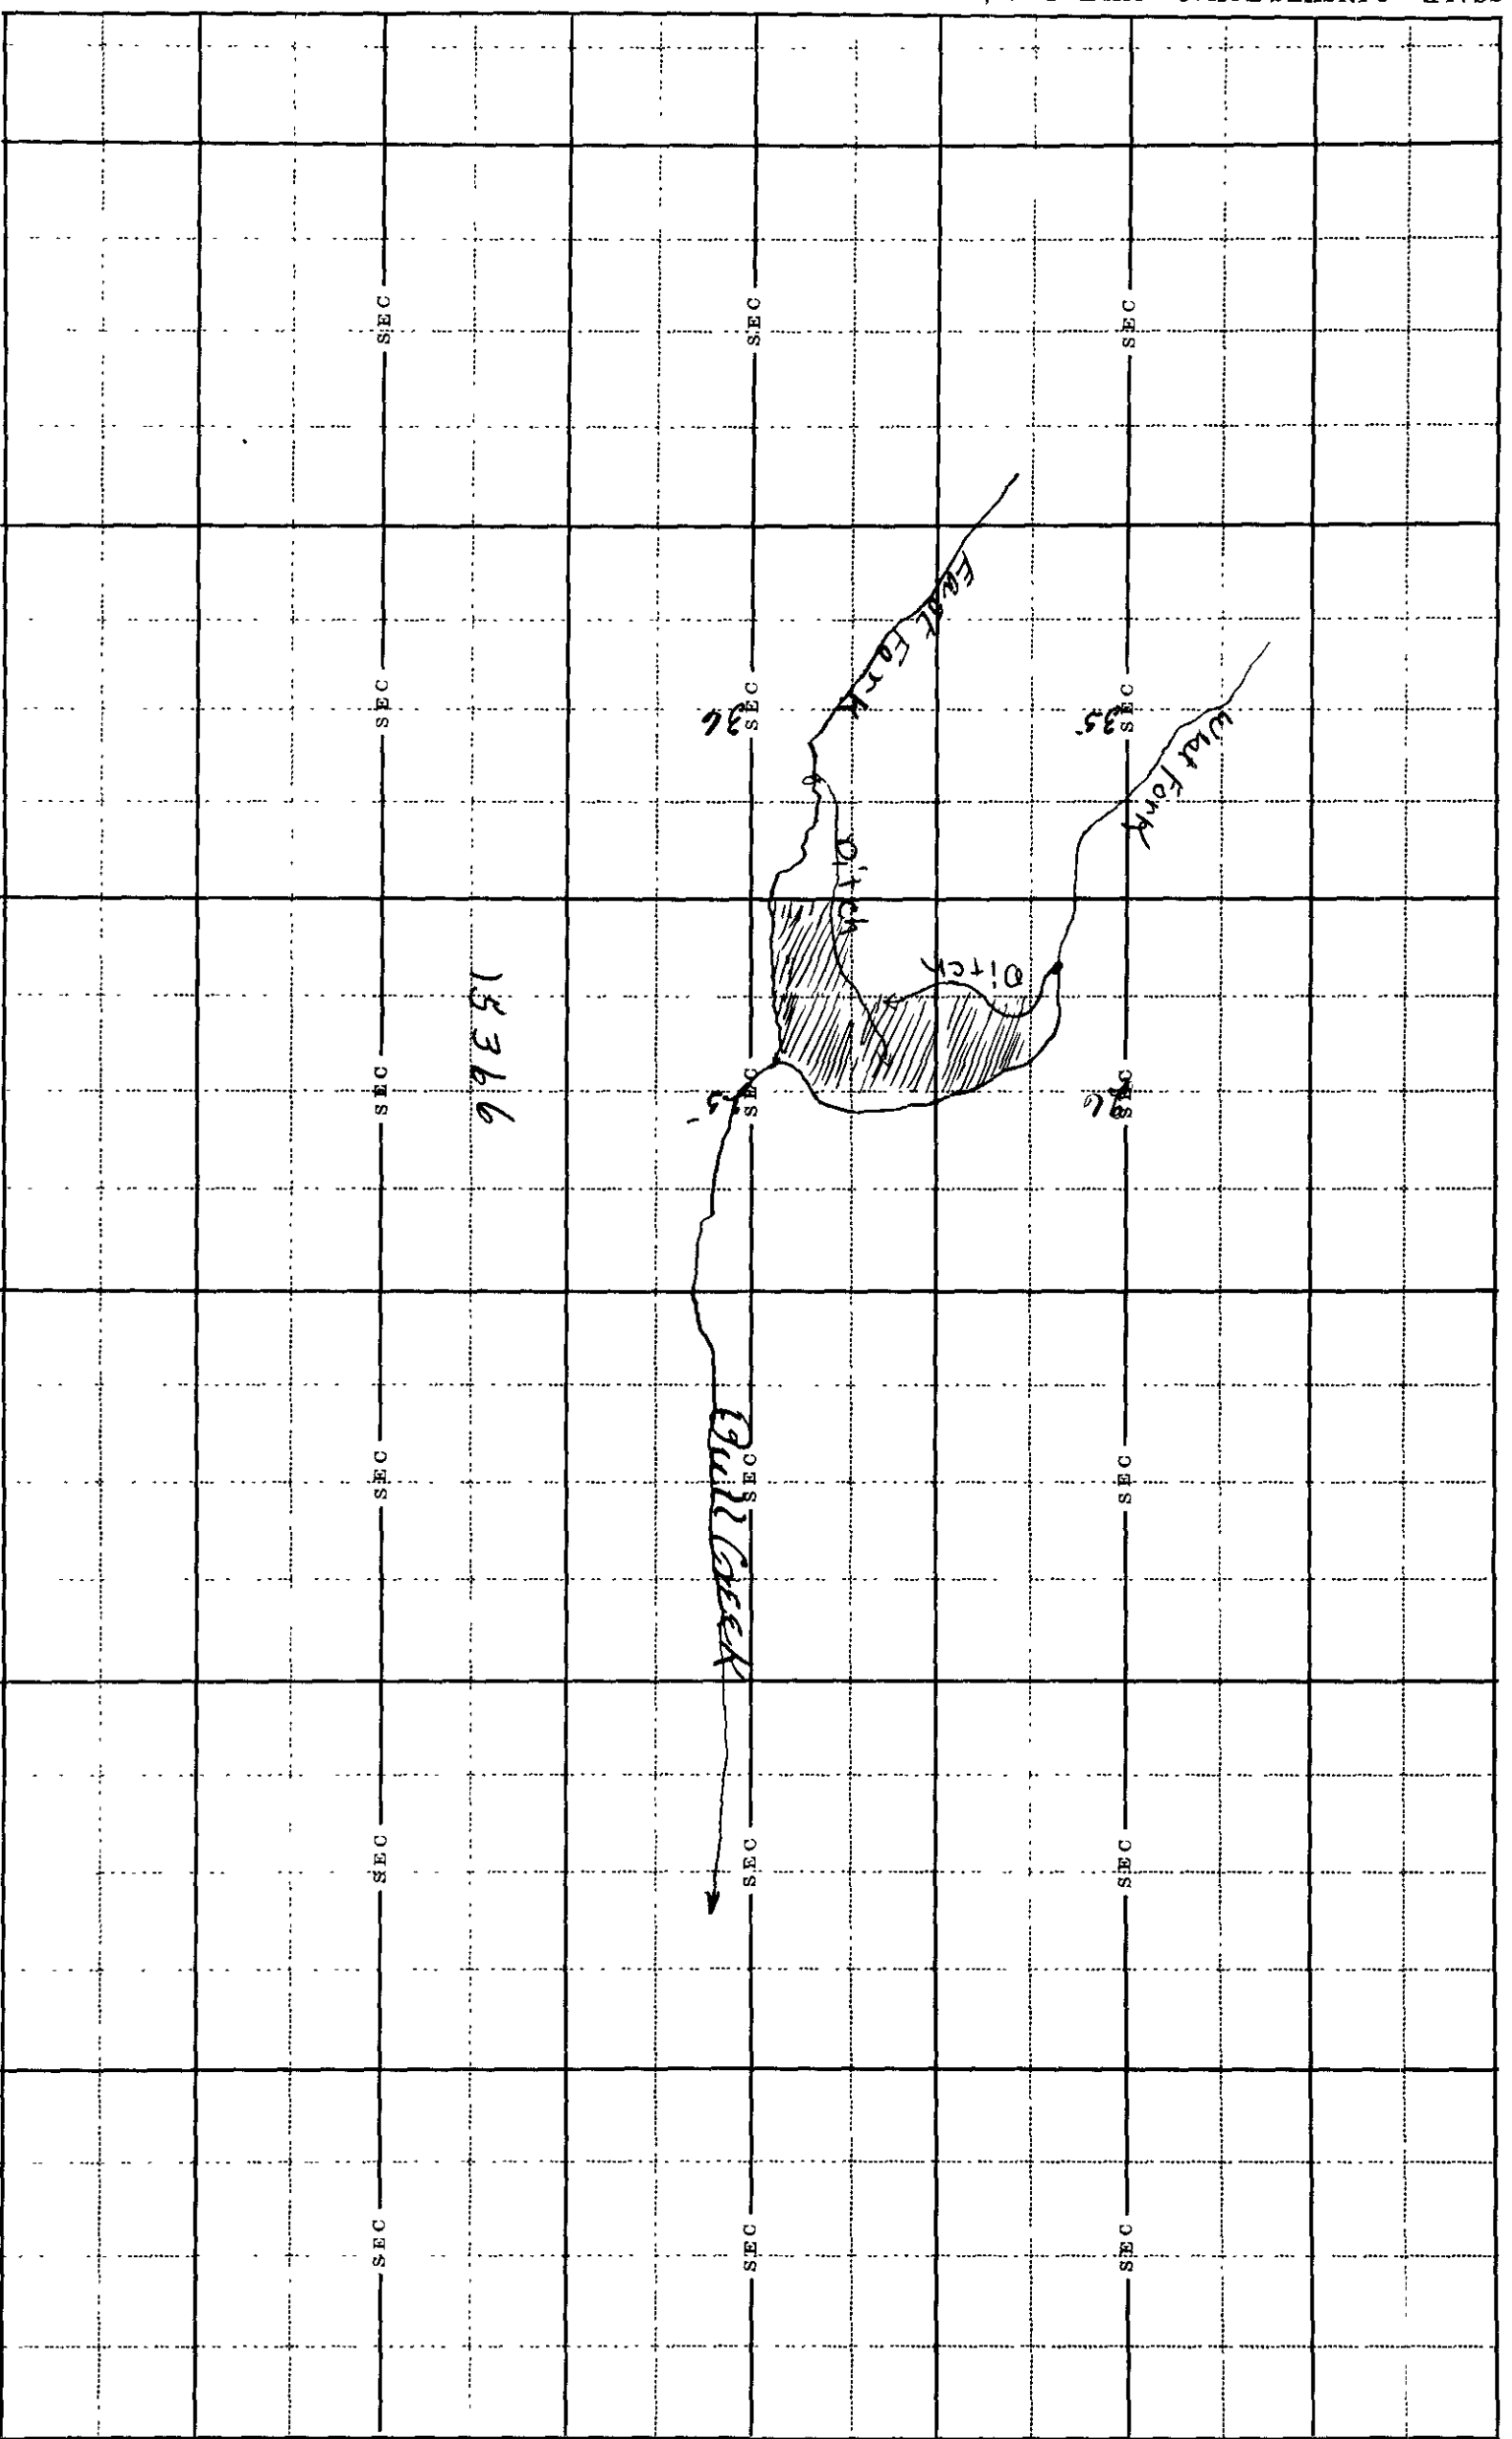

I hereby certify that this map was prepared from an actual survey made by me _____

Re: Permits Nos. 15365, 15366,
15367, 15368.

Mr. Charles Pascoe
Bruneau, Idaho.

Dear Sir:-

Referring to your letter of the 22nd inst., in which you request blanks for proof under permits Nos. 1536, 1537, and 1538, would say that these permits do not stand in the name of Chester Tindall. However, our records do show permits Nos. 15365, 15366, 15367, and 15368, to have been issued to Mr. Tindall, and we are accordingly mailing you herewith blank notices for proof of beneficial use of water under these permits.

Very truly yours,

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. Chester Tindall,
Tindall, Idaho

Boise, Idaho,

Dear Sir:—

Under the terms of your permit No. ~~15366~~..... you are required to complete your diversion works on or before ~~Dec. 10, 1925~~. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. G. SWENDSEN
Commissoner of Reclamation.

Permit No. 15366

Application for Extension of Time FOR COMPLETION OF WORKS

Chester Tindall, of Tindall,
State of Idaho, being first duly sworn, upon his oath deposes and says:

He is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho No. 15366

Under the terms and conditions of said permit, construction work thereunder was required to be completed by December 10, 1923

That he has heretofore performed the following work described under said permit: That he has merely commenced the work called for in this water appropriation due to the fact that his three permits, 15366, 15367 and 15368 together constituted a development plan. He has practically completed 15367 in spite of adverse conditions as to finances and labor (being a cattle grower) but was unable to prosecute work on 15366 and 15368 costing \$

THAT he is unable to complete the remainder of the work within the required time, for the following reasons, to-wit:

as that would have been an uneconomic and inefficient method and he would not then have been able to have completed No. 15367 which constitutes the largest unit in the small development plan

WHEREFORE, He asks that the Commissioner of Reclamation extend the time for the completion of construction work under said permit, to December 10, 1925

Chester Tindall

Subscribed and sworn to before me this 28th day of November, 1923

My commission expires February 2, 1925. Notary Public.

Date of receipt at Department of Reclamation. JAN. 26, 1924.

APPROVAL OF COMMISSIONER OF RECLAMATION

I, W. G. Swendsen, Commissioner of Reclamation of the State of Idaho, hereby extend the time for the completion of construction work under Permit to appropriate the Public Waters of the State of Idaho, No. 15366 to December 10, 1925.

Witness my hand this 26th day of
