BOISE, IDAHO, May 19, 1921.

Re: Permit 11909.

Gay E. Dickens,
c/o Chas. Pascoe,
Bruneau, Idaho.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under Permit No. 11909.

DEPOSITION OF PERMIT HOLDER.

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of the permit holder's rights:

1. On June 2, 1921, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to at Bruneau, before Charles Pascoe, notary public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice. When these have been received, together with report of examining engineer, you will be further advised as to fees due before issuing license.

Yours truly,

W. G. SWENDSEN,

Commissioner of Reclamation.

**The Commissioner of Reclamation
Boise, Idaho.**

Dear Sir:

Guy E. Dickens, whose completion of works certificate bears date of Dec. 28th, 1920, and to whom extension of time was granted by reason of an affidavit showing service in the great war, now desires to make proof of application of water to beneficial use. Will you kindly send down the necessary blanks required to be filled in the case, obliging

Yours very truly,

Charles Pascoe

Re: Permit 11909. Guy E. Dickens.

Mr. Chas. Pascoe,
Bruneau, Idaho.

Dear Sir:--

The certificate of completion of works has been issued under the above permit upon the affidavit filed, the time the holder spent in the service having been taken into consideration. The certificate is herewith enclosed, with receipt for fees paid.

The holder can make proof of beneficial use later than the date specified in the permit but the date of priority will be brought a length of time equal to the time elapsing between the date proof should have been made and the date proof is made. This, however, will not materially affect the right under this permit as the next permit shown upon our records on Marys creek is made in 1919.

Very truly yours,

W. G. SWENDSEN,

Commissioner of Reclamation.

Guy E. Dickens, being first duly sworn, deposes and says that he is the identical person to whom was issued Permit No. 11909 by J.H. Smith, State Engineer, the 10th day of January, 1916; that under its terms completion of the works was to have been done on or before January 10th, 1918; that he enlisted in the army and arrived at Camp Lewis October 5th, 1917; that he was sent beyond seas, where he served in the army for two years, being discharged August 7th, 1919; that because of such absence and service with the military forces of the United States he was unable to finish the work as provided for in the terms of said permit; that upon this date he has caused proof of completion of works to be forwarded, trusting that the foregoing reasons will permit of its acceptance.

Dear Sir: With reference to the within affidavit accompanying proof of completion of works, the writer hereof has personal knowledge and can add his certification thereto if it be deemed necessary or even advisable.

And as proof of application of water to beneficial use is likewise set upon a date--to-wit: January 10, 1920--when it will be impossible for Mr. Dickens to do so, he is through myself asking that the date be advanced to June 4th, 1921.

It is hoped this will be granted.

Trusting for an early and favorable reply, I remain, very sincerely
yours,

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Guy E. Dickens,
Riddle, Idaho.

Boise, Idaho,

Oct. 19, 1917.

Dear Sir:—

Under the terms of your Permit No. ~~11909~~-----, you are required to complete your diversion works on or before ~~Jan. 10, 1918~~-----. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. SMITH,
State Engineer.
