NOTICE
OF PROPOSED TRANSFER
OF WATER RIGHT
No. 51 - 2193

Notice is hereby given that William J. Tindall of Grasmere, Idaho has applied to the State Reclamation Engineer of the State of Idaho for a transfer of water right to change the point of diversion and place of use of the waters of Harris Basin. The water right is licensed as follows:

Amount: 1.5 cubic feet per second. Priority: May 21, 1909.
Point of Diversion: near the center of Section 17, Township 14 South, Range 5 E., B. M.
Place of Use: N½ Section 17, Township 14 South, Range 5 E., B. M.

TO BE TRANSFERRED TO

Amount: 3.2 cubic feet per second.
Point of Diversion: NW¼-NE¼ Sec. 29, Township 14 South, Range 5 E., B. M.
Place of Use: SW¼ Section 20, Township 14 South, Range 5 E., B. M.

Any protests against this proposed transfer of water right must be filed with the Department of Reclamation on or before April 20, 1970.

Published in the Owyhee Nugget, Marsing, Idaho, on April 2nd and April 9th, 1970.

INSTRUCTIONS

Proof of Completion of Works

William J. Tindall, Boise, Idaho, February 1, 1910

Tindall, Idaho

Dear Sir:

I enclose herewith blank form upon which to give notice that you are prepared and desire to submit proof of completion of works under your Permit No. 4677

This form should be filled out and mailed to the State Engineer at least 60 days before the date upon which is to be submitted, which proof MUST be on or before May 21, 1910
Upon receipt of the blank, properly filled out, notice must be published a period of four weeks prior to the date of proof.

The proof may be submitted at any place convenient to you and two witnesses, where there is a Notary Public or other officer authorized to administer oaths.

The certificate that shall be issued under this proof does not give you a perpetual right to the use of the water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

JAS. STEPHENSON, Jr.,
State Engineer.

FORM No. 103.

Notice of Proof of Completion of Works

(This blank must be filled out by holder of permit and forwarded by registered mail to the State Engineer at least 60 days before the time set for completion of works.)

(P. O.) Boise, Idaho,

(Date) March 8, 1910.

TO THE STATE ENGINEER OF THE STATE OF IDAHO, BOISE, IDAHO:

DEAR SIR: Notice is hereby given that at 10 A.M. on the 10th day of May 1910 at Mountainhome County of Elmore State of Idaho, before Chas. S. Commissioner proof will be submitted of the completion of works for the diversion of equivalent to a flow of 3.5 cubic feet per second of the water of Boise Basin in accordance with the terms and conditions of a certain permit heretofore issued by the State Engineer of the State of Idaho.

1. The name of the person or corporation holding said permit is

William J. Tindall

2. The post-office address of such person or the place of business of such corporation is

Tindall County of Owyhee State of Idaho.

3. The number of said permit is 4677, and the date set for the completion of such work is May 31, 1910.

4. Said water is used for irrigation and domestic purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use in accordance with the plat accompanying the application for such permit, is equivalent to a flow of 3.5 cubic feet per second.

6. The amount of lands for which said water is available is 160 acres, particularly described as follows: That will be when surveyed the SE SE1, Sec. 8, W Wl, Sec. 17, T.14 S., R.8 E., B. M.

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well known and competent engineer.)

I hereby certify that the facts set forth in the above notice are true. 4677

Engineer.

I desire that the above notice be published, according to law, in the Owyhee Nugget of Silver City, Idaho published in the county in which said works are situated, the expense of which publication will be borne by myself.

Notice of Proof of Application of Water to Beneficial Use

(This blank must be filed out by holder of permit and forwarded to the State Engineer at least 60 days before the time set for application of water.)

(P. O.) Boise, Idaho,

(Date) March 5, 1910.

TO THE STATE ENGINEER OF THE STATE OF IDAHO, BOISE, IDAHO:

DEAR SIR: Notice is hereby given that at 10 A. M. on the 10th day of Mar 1910, at Mountainhome County of Elmore State of Idaho, before the U. S. Commissioner proof will be submitted of the application to beneficial use of 3.2 cubic feet per second of the waters of Harris Basin Owyhee County, Idaho in accordance with the terms and conditions of Permit No. 4677 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are William J. Tindall, Tindall, Owyhee County, Idaho.

2. The use to which said water has been applied is irrigation and domestic use.

3. The amount applied to beneficial use is 3.2 cubic feet per second.

4. The place where said water is used is (if for irrigation, give full and accurate description of the lands irrigated) What will be when surveyed the W½ NE¼, Sec. 8, W½ NW¼, Sec. 17, T. 14 S., R. 5 E., B. M.

5. The name of the canal or ditch or other works by which said water is conducted to such place of use is Tindall Ditch.

6. The right to take the water from such works is based upon Permit No. 4677.

7. The source of supply from which such water is diverted is Harris Basin, Owyhee County, Idaho.

8. The date of the priority which said user is prepared to establish is May 21, 1909.

I desire that the above notice be published, according to law, in the Owyhee Nugget of Silver City, Idaho, published in the county in which said water is to be used; the expense of which publication will be borne by me

INSTRUCTIONS.

Proof of Completion of Works
and
Proof of Beneficial Use of Water.

W.J.Tindall
W.C.Howie, U.S.Commissioner,
Mountain Home, Idaho

Boise, Idaho, April 8, 1910

Dear Sir:

I enclose herewith the following forms to be used in connection with Proof of completion of works and beneficial use of water under permit No. 4677.

Deposition of Permit Holder.

Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On May 10,1910 the date set for proof, the enclosed forms (two for permit holder and two each for two disinterested witnesses) should be filled out and sworn to, at Mountain Home, Ida.00 before W.C.Howie,

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fees as follows: Fee for proof of completion of works is $5.00 for ten second feet or less. Over ten second feet a charge of 50 cents a second foot is made. The fee for beneficial use of water, for power purposes is $5.00; if for irrigation, $2.00 for each 40-acre tract, or fraction, to which water has been beneficially applied.

When these have been received, together with report of the Water Commissioner, if everything is properly executed, Certificate of Completion of Works and License will issue.

Yours truly,

D.C.Martin,
State Engineer.

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 o'clock A.M. on the 26th day of May 19 10, at Mountain Home, County of Elmore State of Idaho, before W.G.Howie, U.S. Commissioner proof will be submitted of the completion of works for the diversion of 3.2 cubic feet per second of the waters of Warm Springs and of the application to beneficial use of said water in accordance with the terms and conditions of Permit No. 4677 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person, or corporation, holding said permit, are William J.Tindall, Tindall, Idaho

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of use, in accordance with the plans accompanying the application for such permit, is 3.2 cubic feet per second.

3. The use to which said water has been applied is irrigation and domestic purposes, and the amount applied to beneficial use is 3.2 cubic feet per second.

4. The place where said water is used is (has been surveyed, 5 Sub. Secs. 8, W½ NW¼ Sec. 17, T. 14 S.R. 6 E.B.M.

5. The date of priority which said user is prepared to establish is May 23,1909

DEPOSITION OF HOLDER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. William J. Tindell, age 55 years, Tindell Idaho, farmer and stock raiser, Post Office Tindell Idaho.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. Acting for myself.

Ques. 3. State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. Permit No. 4677. Date, May 31, 1909. Authorized to divert 3.5 cubic feet per second from Harris Basin. Point of diversion is in Unsurveyed Sec. 17, T.14 S., R.5 E., Near center of section.

Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you intend to reclaim.

Ans. To be used for irrigation: 140 acres to be irrigated, described as the unsurveyed W½ SW¼, Sec. 8, W½ NW¼, Sec. 17, T.14 S., R.5 E., B. M.

Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. In 1908 water was turned into works of diversion to 3/4 of its capacity, and in 1909 water was turned into works of diversion to 3/4 of its capacity.

Ques. 6. State whether or not the works of diversion are fully completed, and whether or not they comply in all respects with the terms of the permit.

Ans. Yes.

Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. ---

Ques. 8. Give description of works, state dimensions and capacity of each part, and give cost of same. Works consist of a reservoir, with a dam and ditch. The capacity of the reservoir is 210 acre feet. The dam is 9 feet high, 160 feet long on top, 510 feet long on bottom, and the materials used are earth, riprapped with rock.

The ditch is 3 feet wide at the bottom 8 feet wide at water line; depth of water is 2½ feet.

(Sign here) William J. Tindell

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in U.S. Commissioner, Fountainhome, County of Elmore, State of Idaho, on this 10th day of May, A. D. 1910.

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Chester Tindall, age [illegible] years, Tindall Idaho, stock raiser, P.O. address Tindall Idaho.

Ques. 2. Are you acquainted with William J. Tindall, the holder of Permit No. 4677, authorizing the diversion of 3.8 second-feet of the waters of Harris Basin, at unsurveyed Sec. 17, T. 14 S., R. 5 E., B. M. for irrigation purposes? How long have you known him, and where does he reside?

Ans. Yes. I have known him for 23 years. He resides at Tindall Owyhee County, Idaho.

Ques. 3. Have you read or heard read said Permit No. 4677, and are you familiar with its terms and conditions?

Ans. Yes.

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Yes. The unsurveyed W½ SE¼, Sec. 17, T. 14 S., R. 5 E., B. M. This land is arid land, and I estimate that it will require at least one inch of water per acre for its profitable cultivation.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use?

Ans. Yes.

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity.

Ans. Works consist of a reservoir, with dam and ditch. The reservoir has a capacity of 710 acre feet. The dam is 9 feet high, 1400 feet long on top, and 540 feet long on bottom. The ditch is 8 feet wide at the bottom, 5 feet wide at water line; depth of water is 2½ feet. The ditch is capable of carrying sufficient water for the continuous irrigation of the said land.

(Sign here.) Chester Tindall.

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office, in Montpelier, County of Bear Lake, State of Idaho, on this 10th day of May, A. DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Alfred Smith age 37 years, Kimball, Idaho, Rancher, Post office Kimball Idaho.

Ques. 2. Are you acquainted with William J. Kimball, the holder of Permit No. 4677, authorizing the diversion of 3.0 second-feet of the waters of Harris Basin, at Sec. 17, Twp. 7.14 S., R.5 E., B. M. for irrigation purposes? How long have you known him, and where does he reside?

Ans. Yes, I have known him for 7 years. He resides at Kimball, Oneida County, Idaho.

Ques. 3. Have you read or heard read said Permit No. 4677, and are you familiar with its terms and conditions?

Ans. Yes.

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Yes, the undersigned W. SW. Sec. 9, NE. Sec. 17, T.14 S., R.5 E., B. M.. This land is arid land, and I estimate that it will require at least one inch of water per acre for its profitable cultivation.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use?

Ans. Yes.

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity.

Ans. Works consist of a reservoir, with a dam and ditch. The reservoir has a capacity of 310 acre feet. The dam is 9 feet high, 1140 feet long on top, 540 feet long on bottom. The ditch is 5 feet wide at the bottom, 5 feet wide at water line: depth of water is 2½ feet. The ditch is capable of carrying sufficient water for the continuous irrigation of the land.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. William J. Tindall, age 50 years, Tindall Idaho, farming and stock raising Tindall Ida. o

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Acting for myself.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Nr. 4677. Date May 21, 1909. Date of priority, May 21, 1909.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Barrja Basin in Owyhee County, Idaho. The point of diversion is located near the center of the unsurveyed Sec. 17, T.14 S., R. 5 E., B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Works consist of a reservoir, with dam and ditch. The capacity of the reservoir is 811 acre feet. The dam is 9 feet high, 1140 feet long on top; 540 feet long on the bottom, and the materials used are earth, riprapped with rock. The ditch is 3 feet wide at the bottom, 5 feet wide at the water line, and the depth of water is 2½ feet. Capacity of ditch is about 5.4 second feet. Ditch is known as the Tindall Ditch.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have ACTUALLY been irrigated with said water.)

Ans. Irrigation.
In the use. NE¼ SE¼, Sec. 8, 40 acres have been irrigated.
In the use. SW¼ SE¼, Sec. 8, 40 acres have been irrigated.
In the use. NE¼ NE¼, Sec. 17, 40 acres have been irrigated.
In the use. SW¼ NE¼, Sec. 17, 40 acres have been irrigated.

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. For no other purpose. 4677

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. 3.2 cubic feet per second.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the person to whom above numbered permit was issued originally.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. During irrigation season of 1909 water was used for irrigation purpose to the amount of about 3.2 cubic feet per second.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

(Sign) William J. Findlay

I hereby certify that the foregoing testimony was read to the above subscriber before (a swearing that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Boise City, County of Elmore State of Idaho, on this 10th day of May A. Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Chester Tindall, age 34 years, Tindall, Idaho, stock raising. Post Office Tindall Idaho.

Ques. 2. Are you acquainted with William J. Tindall the holder of Permit No. 4677 ...? How long have you known him and where does he reside?

Ans. Yes. I have known him for ... years, and he resides in Tindall, Owyhee County, Idaho.

Ques. 3. Have you read or heard read said Permit No. 4677 ..., and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Harris Basin, Owyhee County, Idaho. Near the center of unsurveyed Section 17, T.14 S., R.5 E., B. M.

The works consist of a reservoir for conserving the waters of Harris basin, and a dam and ditch for conveying the water to the land to be irrigated.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed.

Ans. About 6.4 second feet of water.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.)

Ans. Irrigation.

In the unsurveyed NE¼ SE¼, Sec. 8, 40 acres have been irrigated.
In the unsurveyed NW¼ SE¼, Sec. 8, 40 acres have been irrigated.
In the unsurveyed NE¼ NE¼, Sec. 17, 40 acres have been irrigated.
In the unsurveyed SE NE¼, Sec. 17, 40 acres have been irrigated.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. To be used for irrigation purposes only.

4677

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is arid land, and I estimate that it will require at least one inch of water per acre for its profitable cultivation.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of the water diverted under said permit.

Ans. During the irrigation season of 1909 water was used for irrigation purpose to the amount of about 5.0 cubic feet per second.

(Sign) Chester Tindall

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in [illegible] on this [illegible] day of May A. D. 1910.

Permit No. 4677.

RECEIVED
1910
OFFICE OF STATE ENGINEER

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Alfred Smith, age 33 years, Tindall Idaho, Rancher, Post Office Tindall Idaho

Ques. 2. Are you acquainted with Willis J. Tindall the holder of Permit No. 4677 ? How long have you known him and where does he reside?

Ans. Yes. I have known him for 7 years. He resides in Tindall, Oneida County, Idaho.

Ques. 3. Have you read or heard read said Permit No. 4677, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Marsh Basin, Oneida County, Idaho. Near the center of unsurveyed Section 17, T.14 S., R.5 E., B. M.

The works consist of a reservoir for conserving the waters of Marsh Basin, and a dam and ditch for conveying the water to the lands to be irrigated.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed.

Ans. About 0.04 second feet of water.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.)

Ans. Irrigation.

In the unsurveyed SW¼ SW¼, Sec. 8, 40 acres have been irrigated.
" " " SW¼ SE¼, Sec. 8, 40 " " " "
" " " NW¼ NE¼, Sec. 17, 40 " " " "
" " " SW¼ NE¼, Sec. 17, 40 " " " "

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. To be used for irrigation purposes only

4677

Ques. 8. If for irrigation, state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is arid land, and I estimate that it will require at least one inch of water per acre for its profitable cultivation.

Ques. 9 Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of the water diverted under said permit.

Ans. During the irrigation season of 1909 water was used for irrigation purposes to the amount of about 3.5 cubic feet per second.

(Sign) Alfred Smith

I hereby certify that the foregoing testimony was read to the above subscriber before signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Pearlmont P.O. of C. Rouse, U.S. Commissioner, County of Elmore, State of Idaho, on this 27th day of May, A. D. 1910.

Permit 6877

O. N. Morrell,
Mountainhome,Idaho.

Sir:-

I am today in receipt of depositions in proof of completion of works and beneficial use of water under above permit, also, your affidavits in regard to taking the proof.

There still remains the affidavit of publication and fees amounting to $13.00, the fee for completion of works being $5.00 and for final proof $8.00, or $2.00 for each forty acre tract or fraction to which water has been beneficially applied.

The water commissioner will, no doubt, make the examination of works soon and file report on condition of works, etc. As soon as this report is received, together with the required fees and affidavit of publication the matter of issuing certificate and license will be taken up.

Very truly yours,

State Engineer.

Permit 4677-Wm.J. Tindall

H. S. Williams,
Water Com. 3rd Div.,
Caldwell, Idaho.

Sir:-

William J. Tindall, of Tindall, Owyhee county, made proof of completion of works and beneficial use of water May 10,1910. This proof was for 3.2 second feet of the waters of Bruneau Basin. Mr. Lovell was notified to make the examination April 2nd but he did not make report as same. As I was not sure that you had received this notice I thought best to call your attention to it as the proof in the Land Office is being held up pending receipt of the license. Am inclosing papers and map forms.

Very truly yours,

State Engineer.

Water License No. 4677.

WHEREAS, On the 21st day of May, A.D. 1909, WILLIAM J. TINDALL, of Tindall, County of Owyhee, State of Idaho, duly made application (No. 6716) to me for a permit to use 3.2 cubic feet per second of the waters of Harris Basin, County of Owyhee, State of Idaho, for irrigation and domestic purposes, and,

WHEREAS, On the 21st day of May, A.D. 1909, Permit No. 4677 was issued to said applicant for the diversion of said water, and providing for the completion of the works of diversion therein described on or before the 21st day of May, A.D. 1910, and for the application to beneficial use of said water on or before the 21st day of May, A.D. 1911, and,

WHEREAS, On the 10th day of May, A.D. 1910, WILLIAM J. TINDALL, the holder of said permit duly made proof of the completion of adequate works for the diversion of 3.2 cubic feet per second of said waters, as evidenced by my Certificate No. 4677, dated September 25th, 1911, confirming the completion of works of sufficient capacity for divert- and conveying to the place of intended use 3.2 cubic feet per second per second of water, with date of priority of May 21, 1909, and,

WHEREAS, On the 10th day of May, A.D. 1910, WILLIAM J. TINDALL, the holder of said permit duly made proof of the application to beneficial use of 1.5 cubic feet per second of said water:

NOW, THEREFOPE, By virtue of authority vested in me by the laws of the State of Idaho, I hereby grant and confirm to WILLIAM J. TINDALL, of Tindall, County of Owyhee, State of Idaho, the holder and owner of said Permit No. 4677, a perpetual right, dating from May 21, 1909, to the use of 1.5 cubic feet per second of the waters of Harris Basin, in the County of Owyhee, and State of Idaho, or so much thereof as may be necessary for the purposes hereinbelow mentioned, to be diverted in Section 17 near center of Section 17, unsurveyed, Township 14 South, Range 5 East of the Boise Meridian, and conducted to and upon 75 acres in the North half of Section 17, Township 14 South, Range 5 East of the Boise Meridian, unsurveyed, for the purpose of irrigation and domestic use, subject, however, to the laws of the State of Idaho applicable to a license for the use of the waters of the State, and subject, also, to the local or community customs, rules and regulations which have been or may be adopted from time to time by a majority of the users from a common source of supply, canal or lateral from which such water may be taken, when such rules and regulations have for their object the economical use of such water.

WITNESS, My hand and the seal of my office at Boise, Idaho, this 25th day of September, A.D. Nineteen hundred and eleven.

A. E. Robinson
State Engineer.

No. 6716. 51-2012

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

1. Name of Applicant: William J. Tindall.

   Postoffice address: Tindall.

   County: Owyhee State: Idaho.

2. The quantity of water claimed is equivalent to a flow of 3.2 cubic feet per second.

3. Source of water supply: Harris Basin

   County of Owyhee.

4. Location of point of diversion: In what will be section 17, near center of section 17, Uns. T. 14 S., R. 5 E., B. M.

5. To be used for:

   I. Irrigation and domestic use:

   (a) Amount of land to be irrigated: 160 acres.

   (b) In the following legal subdivisions: W½ SE¼ Sec. 8, W½ NE¼ Sec. 17, Uns. T. 14 S., R. 5 E. B. M.

6. Estimated cost of works: About $1500.00

7. Description of works for diversion:

   I. Kind of works: Dam and ditch. (Flood water being conserved by reservoiring)

   II. Dimensions of works:

   (a) Height of dam 9 feet, length of dam at top 1140 feet, length of dam at bottom 540 feet. Material used in construction: Earth riprapped with rock.

   (b) Capacity of reservoir: 210 acre feet.

   (d) Conduit pipe & ditch, width at bottom 3 feet, width at water line 5 feet, depth of water 2½ feet. Diameter of pipe: 12 inches. Length of conduit is 1 mile and it crosses the following quarter sections: SE¼, SW¼, NW¼ Sec. 17, SW¼ Sec. 8, Uns. T. 14 S., R. 5 E. B. M. to land described in 5 I (b) above which is the point of intended use.

8. The time required for the completion of the construction of such work is one year.

9. Time required for the complete application of the water to the proposed use is one additional year.

BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

William J. Tindall,

Applicant.

By.....E. E. Garrett.....Agent.

Remarks: It is proposed to reservoir the flood waters of an area of about 2 miles square by damming and forming a reservoir in a depression known locally as Harris Basin.

JONES EUREKA LEAF, PAT FEB 7, 1905

APPROVAL OF STATE ENGINEER.

The number of this permit is 4677.

Date of first receipt of application 3.45 p.m. May 21, 1909.

Recorded in Book 13 Page 4677 Approved May 21, 1909.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho and hereby grant the same, subject to the following limitations and conditions:

Work to begin on or before July 20, 1909, and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before November 21, 1909.

The whole of said work, to be completed on or before May 21, 1910.

The time for proof of beneficial use of water appropriated in accordance herewith, extended to May 21, 1911.

Witness my hand this twenty-first day of May, 1909.

Jas. Stephenson, Jr.,

State Engineer.

Notice of proof of application of water to beneficial use and proof of completion of works received March 2, 1910, fixing May 10, 1910, as date and Mountainhome as place of proof.

J. H. Lowell, Water Commissioner, notified April 2, 1910, to make examination of works.

Deposition blanks mailed April 2, 1910.

Publication Notice mailed April 2, 1910.

Depositions received May 12, 1910.

Affidavit of Publication received June 6, 1910

Report of Engineer received Sept. 7, 1911
Fees received June 3, 1910.
Certificate and License issued Sept. 25, 1911.

Permit 4677

CERTIFICATE OF COMPLETION OF WORKS.

To All Whom it May Concern:

This is to certify that WILLIAM J. TINDALL, of Tindall, County of Owyhee, and State of Idaho, the holder of Permit No. 4677, issued upon Application No. 6716, bearing date of priority of May 21st, 1909, authorizing the diversion of 3.2 second feet of the waters of Harris Basin, County of Owyhee, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 3.2 second-feet of the waters of Harris Basin, that the point of diversion of said waters;Uns. Section 17, Township 14 South, Range 5 East of the Boise Meridian, near center of Section, and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: Uns. West half of the Southeast quarter ($W\frac{1}{2}$ $SE\frac{1}{4}$), Section 8, West half of the Northeast quarter ($W\frac{1}{2}$ $NE\frac{1}{4}$), Section 17, Township 14 South, Range 5 East of the Boise Meridian.

Witness my hand this 20th day of September, A. D. 1911.

51 2193

BEFORE THE STATE RECLAMATION ENGINEER

OF THE

STATE OF IDAHO

IN THE MATTER OF PERMIT NO. 31800)
in the name of William Tindall)
Grasmere, Idaho)

ORDER MODIFYING REQUIREMENTS FOR COMPLETION OF PERMIT TO APPROPRIATE WATER

WHEREAS, the 39th Idaho Legislature made certain amendments to the Idaho Water Law; and,

WHEREAS, these changes raised questions as to the procedures to be followed by holders of permits issued prior to the effective date of the amendments, May 31, 1967; and,

WHEREAS, on August 1, 1968, the Department of Reclamation adopted Rules of Practice and Procedures for the processing of such permits issued prior to May 31, 1967; and,

WHEREAS, Permit No. 31800 was issued previous to that date;

NOW THEREFORE, the requirements for completion of the above-numbered permit are hereby modified to conform to the adopted Rules of Practice and Procedures as follows:

1. The above-numbered permit will be completed under the terms of Title 42, Chapter 2, Idaho Code, as amended by the 39th Idaho Legislature.

2. The conditions of the above-numbered permit are modified as follows:

   a. Notice of the issuance of the permit will be published at the permit holders expense for two weekly issues in the official newspaper of the county in which the point of diversion lies.

   b. The permittee will not be required to submit proof of completion of works as originally specified, but will be required to submit proof to the Department of Reclamation of the application of the water to beneficial use on or before March 27, 1975. The permit holder should be aware that failure to complete one-fifth (1/5) of the works within one-half (1/2) of the time originally set for Completion of Works may be grounds for cancellation at the instance of the Department.

Dated this 16th day of January, 1969.

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department of Reclamation along with the publication bill. In order to receive payment, the following certification must appear on the bill:

I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid.

NOTICE OF PROPOSED TRANSFER OF WATER RIGHT

No. 51-2193

Notice is hereby given that William J. Tindall of Grasmere, Idaho has applied to the State Reclamation Engineer of the State of Idaho for a transfer of water right to change the point of diversion and place of use of the waters of Harris Basin. The water right is licensed as follows:

Amount: 1.5 cubic feet per second Priority: May 21, 1909

Point of Diversion: near the center of Section 17, Township 14 South, Range 5 E., B.M.

Place of Use: N½ Section 17, Township 14 South, Range 5 E., B.M.

TO BE TRANSFERRED TO

Amount: 3.2 cubic feet per second

Point of Diversion: NW¼NE¼ Section 29, Township 14 South, Range 5 E., B.M.

Place of Use: SW¼ Section 20, Township 14 South, Range 5 E., B.M.

Any protests against this proposed transfer of water right must be filed with the Department of Reclamation on or before April 20, 1970.

Published in the Owyhee Nugget on April 2nd and April 9th, 1970.

RE: Transfer of Water Right 4677, William J. Tindall

Dear Mr. Higginson:

Enclosed herewith please find an application for water license transfer and our check in the amount of $21.00. This is for the transfer fee of $20 for 3.2 cfs plus $1 to send a copy of the approved transfer to the Idaho Land Office. This water right is involved in an application for a right-of-way and they require a copy of the approved transfer.

If you have any questions, do not hesitate to let us know.

Very truly yours,

Idaho Land & Appraisal Service
Box 1603
Boise, Idaho 83701

Attn. Mervin J. Christensen

Dear Mr. Christensen:

Regarding your request of August 23, 1968 to correct Water License No. 4677 to comply with the Federal Survey completed after the licensing of that permit, we have reviewed the matter and are reluctant to issue a new license.

As you are aware, the present license does not mention any type of reservoir but only confirms a right to the use of 1.5 c.f.s. of the waters of Harris Basin. It appears from some of the old information in the records that there might have been a reservoir involved in the appropriation at that time. Evidently if there was, it was over looked at the time of licensing.

If you wish to pursue the matter further, you might be able to match the present specifications of the dam with those contained in the old records. In this way we might verify that the present structure was there at the time of licensing and was part of the water appropriation. If the evidence of the reservoir could be verified in this manner, we might possibly be able to make the correction on License No. 4677.

Very truly yours,

C. Stephen Allred, Assistant
State Reclamation Engineer

RE: Water License No. 4677, William J. Tindall

Dear Mr. Higginson:

I refer to the above designated water license which was issued September 25, 1911 with a priority of May 21, 1909, prior to the date this township was surveyed.

Enclosed herewith please find a copy of Water License No. 4677 and a copy of the Township Plat 14 South - Range 5 East. You will note the Tindall reservoir is shown on the plat as being in Section 29, NW¼NE¼, the land owned by Mr. Tindall is Section 20, SW¼NW¼, SW¼, and Section 19, SE¼NE¼, NE¼SE¼.

Please correct your records and issue a corrected Water License showing the above locations which were proven to be correct after the Government survey was made and accepted on June 15, 1915.

If you have any questions or should you require any further information, please do not hesitate to let us know.

Very truly yours,

S T A T E O F I D A H O

Water License No. 4677.

WHEREAS, On the 21st day of May, A.D. 1909, WILLIAM J. TINDALL, of Tindall, County of Owyhee, State of Idaho, duly made application (No. 6716) to me for a permit to use 3.2 cubic feet per second of the waters of Harris Basin, County of Owyhee, State of Idaho, for irrigation and domestic purposes, and,

WHEREAS, On the 21st day of May, A.D. 1909, Permit No. 4677 was issued to said applicant for the diversion of said water, and providing for the completion of the works of diversion therein described on or before the 21st day of May, A.D. 1910, and for the application to beneficial use of said water on or before the 21st day of May, A.D. 1911, and,

WHEREAS, On the 10th day of May, A.D. 1910, WILLIAM J. TINDALL, the holder of said permit duly made proof of the completion of adequate works for the diversion of 3.2 cubic feet per second of said waters, as evidenced by my Certificate No. 4677, dated September 25th, 1911, confirming the completion of works of sufficient capacity for diver and conveying to the place of intended use 3.2 cubic feet per second per second of water, with date of priority of May 21, 1909, and,

WHEREAS, On the 10th day of May, A.D. 1910, WILLIAM J. TINDALL, the holder of said permit duly made proof of the application to beneficial use of 1.5 cubic feet per second of said water:

NOW, THEREFORE, By virtue of authority vested in me by the laws of the State of Idaho, I hereby grant and confirm to WILLIAM J. TINDALL, of Tindall, County of Owyhee, State of Idaho, the holder and owner of said Permit No. 4677, a perpetual right, dating from May 21, 1909, to the use of 1.5 cubic feet per second of the waters of Harris Basin, in the County of Owyhee, and State of Idaho, or so much thereof as may be necessary for the purposes hereinbelow mentioned, to be diverted in Section 17 near center of Section 17, unsurveyed, Township 14 South, Range 5 East of the Boise Meridian, and conducted to and upon 75 acres in the North half of Section 17, Township 14 South, Range 5 East of the Boise Meridian, unsurveyed, for the purpose of irrigation and domestic use, subject, however, to the laws of the State of Idaho applicable to a license for the use of the waters of the State, and subject, also, to the local or community customs, rules and regulations which have been or may be adopted from time to time by a majority of the users from a common source of supply, canal or lateral from which such water may be taken, when such rules and regulations have for their object the economical use of such water.

WITNESS, My hand and the seal of my office at Boise, Idaho, this 25th day of September, A.D. Nineteen hundred and eleven.

A. E. Robinson

State Engineer.
