March 12, 1965

Mr. R. M. Winans,
J. R. Simplot Company,
Box 2777,
Boise, Idaho.

Dear Mr. Winans:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-29685, in the name of Raft River Cattle Company. Final Proof is to be made before you, Glen E. Ranav as Notary on the 27th day of April, 19 65, at 2:00 o'clock P.M., at 1245 Overland Avenue, Burley, Idaho.

As of this date, we have mailed the Notice to the Burley Herald Burley, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Very truly yours,

CARL E. TAPPAN

Dear Mr. Winans:

We acknowledge receipt of the depositions and affidavit of publication in the
Burley Herald-Bulletin submitted as proof of com-
pletion of works and beneficial use on Permit G-29685.

Before a certificate and license of water right can be issued, a field examination must be made by a representative from this department. We cannot tell just when this examination will be made, but our field examiner will try to contact you at the time he makes the examination so that you may show him the system.

Re: Permit No. G-29685
Raft River Cattle Company

Raft River Cattle Company
Attn: R. M. Winans
P. O. Box 2777
Boise, Idaho 83701

Dear Mr. Winans:

Enclosed is a special order reinstating Permit G-29685 and allowing permit holder 40 days within which to show cause why said permit should not be cancelled.

This is being done for the reason that there may be some question as to the notice being addressed properly which was mailed from this office on October 10, 1966, indicating that the permit was being held for cancellation. If the company will submit properly executed proofs before the expiration of the 40-day period, a license will be issued by this department. You should understand, however, that the priority of the right will be advanced from a time equal to the number of days between the date when the proofs were due (May 3, 1966) and the date when the proofs were first received by this office. (October 25, 1967)

You have indicated in your recent letter that there is a good deal of red tape involved in the present procedure for handling permits in this office. I wish to make it absolutely clear that this office is bound by the provisions of the Idaho Code in the procedure for processing applications and permits. You should also be advised that the Attorney General considers applications and permits as personal property and that amendments, proofs, and other matters related thereto, can only be made by an elected official of a corporation, or by someone who is officially designated by a power of attorney.

29685

Page 2 - R ft River Cattle Company

I, therefore, suggest that if Mr. R. M. Winans is to handle matters for the Raft River Cattle Company that we be officially advised by letter that he is an elected official, or that the company give him power of attorney by resolution of the directors, otherwise, material he submits will not be acceptable and we will not be able to allow him to amend or take other action concerning applications and permits.

Very truly yours,

IN THE MATTER OF PERMIT)

NO. G-29685, Raft River Cattle)

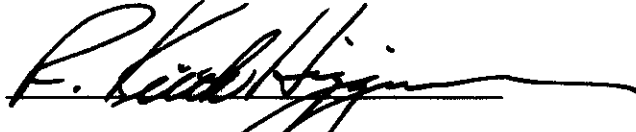

Company)

SPECIAL ORDER

Permit No. G-29685 was issued to the Raft River Cattle Company, Star Route, Declo, Idaho, May 3, 1961 and provided for the diversion of 8.8 second feet of water for a well to be used for irrigation of 440 acres of land. The permit provided that proof of completion of works and application of water to beneficial use was to be made on or before May 3, 1966. The application for permit indicated that all correspondence should be addressed to R. M. Winans, Box 2777, Boise, Idaho. By letter, dated October 10, 1966, the Department of Reclamation notified the Raft River Cattle Company, at Star Route, Declo, Idaho, that the permit was being held for cancellation for the reason that proof of completion of works and beneficial use of water had not been received. No notice of this was given to Mr. R. M. Winans, and on December 16, 1966 the permit was cancelled.

IT IS, THEREFORE, ORDERED and the cancellation of permit No. G-29685 is hereby vacated and set aside, and said permit is reinstated and the permit holder is hereby required to show cause within 40 days from date of this order why permit should not be cancelled.

Dated this 28th day of September, 1967.

Dear Mr. Higginson:

Re: Permits G-29685, G-30476, G-30477

I received a letter dated July 9, 1967, from Mr. Donald J. Watts, Engineer, of your office, advising me that no Affidavits of Proof had been received in your office in connection with the above listed permits. When I received this information, I was quite surprised because our records reflect that on March 15, 1965, the Depositions for Permit Holder and two uninterested witnesses covering Well Permits G-29685, G-30476, and G-30477 had been sent to Mr. Glen R. Kunau at Burley, Idaho, who was to act as Notary at 2:00 p. m., April 27, 1965, on all three permits. It was my understanding that this had been done at that time as planned, and that you had received the completed Depositions and Affidavits of Proof as required.

I heard nothing more on this until I received Mr. Watts' letter of July 9, 1967. After receiving this letter, I called Mr. Watts on the phone and advised him that it was my understanding that all the necessary paper work had been completed in 1965, Mr. Watts explained that your office had never received the three well permits, depositions and affidavits back; therefore, his letter of July 9.

I immediately got in touch with Mr. Kunau in Burley, and he advised that he thought all the papers had been handled and sent in, but apparently they never reached your office.

I checked back with your office again and it was then determined that if we could again get the same people all together and prepare new

29685

Mr. R. Keith Higginson
Page 2
September 18, 1967

forms, your office would accept them and grant licenses for all three wells if the information was received by August 26, 1967, which it was. Mr. Kunau picked the forms up personally at your office. After your office received the three depositions on August 25, 1967, I received a letter from Mr. Donald W. McEldowney, water rights clerk, that Permits 30477 and 30476 would be issued licenses subject to field examination. However, in addition, I was advised by Mr. McEldowney that Permit 29685 had been cancelled, and he returned the Depositions and Affidavits of Publication. This puzzled me since I had been advised earlier that all three permits would be accepted if we would get to you the necessary depositions and affidavits by August 26, which we did.

I talked with Mr. McEldowney on this, and he told me that you had advised him that "under no circumstances" would you issue a license for Permit No. 29685. I did not quite understand why, and Mr. McEldowney said that since a letter was sent to Raft River Cattle Company at Declo in December, 1966, advising them that if your office did not hear back from Raft River Cattle Co. the permit would be cancelled. Apparently no reply was made to you by Raft River Cattle Co. Actually, the letter never should have been sent to Raft River Cattle Co. at Declo since all the paper work involving these permits go through this office. This fact was known to Mrs. Edna P. Rule, chief clerk, and I assumed your files on these three wells so indicated that any correspondence should also come to my office in Boise. It is interesting to me that all correspondence regarding the notice that if Raft River Cattle Co. did not give certain information back to you by a certain date went to Declo with nothing to me, but Watts' letter of July 9, 1967, came to me with nothing to Declo. I mentioned this to McEldowney, and he said you could not send mail to anyone other than the permit holder unless you received written request to do so. However, going back through the history of Permit 29685, sometimes I got the notice here in Boise, sometimes Raft River Cattle Company got notices at Declo, with no carbon copy to me.

If the December, 1966, letter that was sent to Raft River Cattle Company, Star Route, Declo, had been sent here to me in Boise or even a carbon copy of your letter had been sent to me here in Boise, this

29685

Mr. R. Keith Higginson
Page 3

whole mixup would not have occurred. If I had been advised of the problem, I could have taken the proper steps to handle as you required.

We will appreciate your further consideration on granting license for Permit 29685, since it was my understanding that if the information requested by Watts' letter of July 9, 1967, was received in your office by August 26, licenses for all three wells would be issued.

Very truly yours,

Gentlemen:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 29685 are due not later than **May 3, 1966**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.
