INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

NOTICE OF PROOF OF
COMPLETION OF WORKS
and
APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at ten
o'clock A. M., on the 27th day of

August, 1955, at Burley, County of
Cassia, State of Idaho, before Kales
E. Lowe, a Notary Public, proof
will be submitted of the completion
of works for the diversion of 4 cubic
feet per second of the waters of
subterranean from well and of the
application to beneficial use of
said water, in accordance with the
terms and conditions of Permit No.
G22665 heretofore issued by the De-
partment of Reclamation of the
State of Idaho.

1. The name and postoffice ad-
dress of the person or corporation
holding said permit are Taylor Bro-
thers, Burley, Idaho.

2. Said works of diversion will be
fully completed on the date set for
such completion, and the amount
of water which said works are capa-
ble of conveying to the place of use,
in accordance with the plans accom-
panying the application for such
permit, is 4 cubic feet per second.

3. The use to which said water
has been applied is for irrigation
purposes, and the amount applied to
beneficial use is 4 cubic feet per sec-
ond.

4. The place where said water is
used is NW $\frac{1}{4}$ and SW $\frac{1}{4}$ of Section
18 Township 12 South, Range 27
E. B. M. NW $\frac{1}{4}$ and SW $\frac{1}{4}$ of Section
19, Township 12 South, Range 27
E. B. M., and the well is located
in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 19, Town-
ship 12 South, Range 27 East, E. M.

5. The date of priority which
said user is prepared to establish is
March 22, 1952.

RE: Permit No. G-22665

Messrs. S. T. Lowe & Kales E. Lowe
Attorneys at Law
Burley, Idaho

ATTENTION: Mr. Kales E. Lowe

Dear Mr. Lowe:

We now have on file the report of our field engineer on examination for completion of works and beneficial use on Permit No. G-22665 of Taylor Brothers which shows that the well in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 19, Township 12 South, Range 27 East, B.M. will deliver 120 inches of water which has been used to irrigate 160 acres of land in the SE $\frac{1}{4}$ NW $\frac{1}{4}$, E $\frac{1}{4}$ SW $\frac{1}{4}$ Section 18, and E $\frac{1}{4}$ NW $\frac{1}{4}$ Section 19, same Township and Range.

A Certificate of Completion of Works and License can, therefore be issued for 2.4 second feet of water upon receipt of the statutory fees amounting to \$5.00 for completion of works and \$10.00 license fee.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. G-22665

This proof is for Completion of works & Beneficial use In Water District No. _____

1. Name of applicant Taylor Brothers, C/o W.D. Taylor, 1659 Conant Ave., Burley, Idaho

2. Source of water supply: Subterranean from a drilled well

3. Location of point of diversion: Is in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 19

T. 12 S. R. 27 E. County of Cassia

4. Describe works as they exist, giving dimensions and capacities of same: _____

30 hp. U.S. Motor #2128112 Fleming Pump. no serial.
4'x4' sq. concrete base. No protection.

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: Yes.

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

West Half Section 18;

NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$ Section 19;

Twp. 12 South, Range 27 East, B. M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: _____

Crops are hay and grain.

This examination was made on the 16 day of May, 19 56

(Signed) E. M. Humphrey Examiner.

RE: Permit No. G-22665

Taylor Brothers
C/o W. D. Taylor
1659 Conant Avenue
Burley, Idaho

Dear Mr. Taylor:

State law requires an inspection on any Permit being brought to License within the State of Idaho.

I intend to make inspection in connection with your Permit on Wednesday, May 16 immediately after dinner.

Please be prepared to accompany me on this inspection.

I am sending a copy of this letter to Mr. Robert Simplot because we are advised that Simplot Company has purchased the place and Mr. Robert Simplot is Manager. In which case, he will be interested rather than you in this inspection.

I intend to be at the National Hotel in Burley on Tuesday evening in case you wish to contact me.

Yours truly,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. G-22665

S. T. Lowe & Kales E. Lowe
Attorneys At Law
Burley, Idaho

ATTENTION: Mr. Kales E. Lowe

Dear Mr. Lowe:

In accordance with your letter of September 8, we have corrected the schedule of land submitted with proof of Completion of Works and Beneficial Use on the above numbered Permit in the name of Taylor Brothers to include the N¹/₂SW¹/₄ Section 19, Township 12 South, Range 27 East, B. M.

The depositions of Mr. Taylor and two witnesses together with Affidavit of Publication in the Burley Herald Bulletin have been placed on file, but before final action is taken the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made, but our field engineer will contact Mr. Taylor at the time he makes the examination in order that he may arrange to show him over the ground.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. G-22665

Dear Mrs Anderson:

Thank you for your letter of September 6, 1955, regarding the above numbered permit. It was my intention to omit the South half of the Southwest quarter ($S\frac{1}{2}SW\frac{1}{4}$) of Section 19 Township 12 South, Range 27 E.B.M., since I was advised that no water was used thereon, although irrigation of the land was intended at the time of making application for the permit. The North half of the Southwest quarter ($N\frac{1}{2}SW\frac{1}{4}$) should have been included in the schedule of the land to which water from the well has been applied. I wonder if you would add that 80 acre tract to the lands described in the schedule attached to the proof submitted, and oblige. If you cannot make this addition, please return to me the original proofs and I will make the change.

I certainly appreciate your courtesy in calling this oversight to my attention.

Yours very truly,

S. T. LOWE & KALES E. LOWE

RE: Permit No. G-22665

Messrs. S. T. Lowe and Kales E. Lowe
Attorneys at Law
Burley, Idaho

ATTENTION: Mr. Kales E. Lowe

Dear Mr. Lowe:

We acknowledge receipt of your letter of August 29 enclosing depositions of W. D. Taylor and two witnesses also affidavit of publication in the Burley Herald Bulletin all submitted in proof of completion of works and beneficial use on Permit No. G-22665 of Taylor Brothers.

In checking the schedule of land upon which the water has been applied, we note that the $W\frac{1}{2}$ of Section 18 but only the $NW\frac{1}{4}$ of Section 19, Township 12 South, Range 27 East, B.M. is described; whereas, the Permit as well as the published notice also included the $SW\frac{1}{4}$ of Section 19.

Was this Quarter Section purposely omitted?

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE OF PROOF OF
COMPLETION OF WORKS

and
APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at ten
o'clock A. M. on the 16th day of

August, 1955, at Burley, County of
Cassia, State of Idaho, before Kales
E. Lowe, a Notary Public, proof
will be submitted of the completion
of works for the diversion of 4 cubic
feet per second of the waters of
subterranean from well and of the
application of beneficial use of
said water in accordance with the
terms and conditions of Permit No.
G22685 heretofore issued by the De-
partment of Reclamation of the
State of Idaho.

1. The name and postoffice ad-
dress of the person or corporation
holding said permit are Taylor Bro-
thers, Burley, Idaho.

2. Said works of diversion will be
fully completed on the date set for
such completion, and the amount
of water which said works are capa-
ble of conveying to the place of use,
in accordance with the plans accom-
panying the application for such
permit, is 4 cubic feet per second.

3. The use to which said water
has been applied is for irrigation
purposes and the amount applied to
beneficial use is 4 cubic feet per sec-
ond.

4. The place where said water is
used is NW $\frac{1}{4}$ and SW $\frac{1}{4}$ of Section
18 Township 12 South Range 27
E. B. M. NW $\frac{1}{4}$ and SW $\frac{1}{4}$ of Section
19, Township 12 South Range 27
E. B. M. and the well is located
in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 19, Town-
ship 12 South, Range 27 East, B. M.

5. The date of priority which
said user is prepared to establish is
March 22, 1955.

- Affidavit of Publication.

The Burley Herald-Bulletin

AFFIDAVIT OF PUBLICATION

STATE OF IDAHO }
COUNTY OF CASSIA } ss.

Junior W. Ross

, first being duly sworn, deposes and
says That he is the printer of The Burley Herald and/or The Burley Bulletin,
a weekly newspaper published at Burley, in the County of Cassia, State of Idaho;
that the said newspaper has a general circulation in said county, and that the said
newspaper is published weekly and has been continuously and uninterruptedly published
in said county, not less frequently than once a week, during a period of seventy-eight
consecutive weeks immediately prior to the first publication of the printed notice herein
referred to.

That said newspaper at all times herein mentioned, has been a newspaper of general
circulation, made up of at least four pages of at least five columns each, printed from
typed matter or stereotyped forms of at least seventeen and three-fourths inches depth,
and during the whole of said time has had at least two hundred bona-fide subscribers
living within said County of Cassia.

Affiant further states that the printed notice attached hereto was duly published
according to law, in the regular weekly editions of the said newspaper and not in any
supplement thereof, for FOUR consecutive weeks, commencing with the issue
dated July 26 19 55, and ending with the issue dated Aug. 16 19 55.

Subscribed and sworn to before me this 16th day of Aug., 1955.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. G-22665

Proof of Application of Water to Beneficial Use

**and Completion of Works
Deposition of Holder**

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. W. D. Taylor, 1659 Conant Avenue, Burley, Idaho - Rancher
and Stock Raiser

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-22665, March 27, 1952

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans Drilled well 20 inches in diameter located approximately 30 feet
North of the center of the South boundary line of the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of S. 19
Twp. 12 S. R. 27 E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. 20 inch drilled well, depth 165 feet, cased with 20 inch casing, depth
to water 15 feet with 15 foot draw down. A pump is used with a capacity
of 200 inches. The discharge from the pump is 157 inches measured and
determined by U. S. Bureau of Reclamation.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for winter stock water and for irrigation upon the
following described sub-divisions, to-wit: (See schedule attached)

The land irrigated is both cultivated and natural meadow land. 160
acres have been leveled, washed and planted to alfalfa; ditch constructed
from well site approximately 2 $\frac{1}{2}$ miles North; equipped with concrete
headgates and turn outs.

22665

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Used as a source of water for livestock during winter seasons by turning into the ditch

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 157 inches

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water first pumped from well in the spring of the year 1952 to the extent of 157 inches and has been used for irrigation each year since upon all or a portion of the real estate hereinabove described. Has been used for stock water in the winter of 1953-1954 and the winter of 1954-55

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. In the years 1952 and 1953 approximately a maximum of 4 c.f.s. was diverted from Raft River to the extent available during the months of May and June for the irrigation of the lands above described; while so available, no water was removed from the well covered by the permit here involved. The diversions from Raft River are under an appropriation begun in 1941, totaling approximately 2000 inches for the land here in question and approximately 3000 additional acres of land.

(Sign) W. R. Taylor

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed

and sworn to before me, at my office in Burley, County of Cassia,

State of Idaho, on this 27th day of August, A. D. 1955.

22665

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. G-22665

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Wilton Page, age 37, Route 2, Burley, Idaho

Ques. 2. Are you acquainted with Taylor Brothers, the holder of Permit No. G-22665? How long have you known him and where does he reside?

Ans. Yes. I have known them for nine years, and they reside in Burley, Idaho

Ques. 3. Have you read or heard read said Permit No. G-22665, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of supply - 20 inch drilled well located approximately 30 feet North of the center of the South boundary line of NE $\frac{1}{4}$ SW $\frac{1}{4}$ of S. 19, Twp. 12 S. R. 27 E.B.M., The well is cased with 20 inch casing and equipped with a 200 inch capacity pump operated by a 30 horse power electric motor. Water is taken from the well site to place of use through a constructed ditch with a capacity of approximately 250 inches.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 5 c.f.s. or 250 inches; have only seen 157 inches conveyed or 3.14 c.f.s.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 157 inches or 3.14 c.f.s. measured by a representative of the U. S. Bureau of Reclamation.

22665

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for winter stock water and for irrigation upon the following described subdivisions, to-wit: (See schedule attached).
The land irrigated is both cultivated and natural meadow land. 160 acres have been leveled, washed and planted to alfalfa; ditch constructed from well site approximately 2½ miles North; equipped with concrete headgates and turn outs.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land reclaimed is arid in character and requires approximately one miner's inch per acre for its profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No interest

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. In the years 1952, 1953 and 1954 I observed approximately 157 inches of water being diverted from the well and used for irrigation of all or portions of the lands described in answer to question 7 above. In '52 and '53 such diversions were begun upon termination of the availability of water from Raft River.

(Signed) Wilton Page

Permit No. G-22665

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Ross Page, age 31, Route 2, Burley, Idaho

Ques. 2. Are you acquainted with Taylor Brothers, the holder of Permit No. G-22665? How long have you known him and where does he reside?

Ans. Yes. I have known them for nine years, and they reside in Burley, Idaho

Ques. 3. Have you read or heard read said Permit No. G-22665, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of supply - 20 inch drilled well located approximately 30 feet North of the center of the South boundary line of NE $\frac{1}{4}$ SW $\frac{1}{4}$ of S. 19, Twp. 12 South, R. 27 E.B.M., The well is cased with 20 inch casing and equipped with a 200 inch capacity pump operated by a 30 horse power electric motor. Water is taken from the well site to place of use through a constructed ditch with a capacity of approximately 250 inches.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 5 c.f.s. or 250 inches; have only seen 157 inches conveyed or 3.14 c.f.s.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 157 inches or 3.14 c.f.s. measured by a representative of the U. S. Bureau of Reclamation.

22665

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for winter stock water and for irrigation upon the following described subdivisions, to-wit: (See schedule attached).
The land irrigated is both cultivated and natural meadow land. 160
acres have been leveled, washed and planted to alfalfa; ditch constructed
from well site approximately 2½ miles North; equipped with concrete
headgates and turnouts.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land reclaimed is arid in character and requires approximately
one miner's inch per acre for its profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No interest.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. In the years 1952, 1953 and 1954 I observed approximately 157
inches of water being diverted from the well and used for irrigation
of all or portions of the lands described in answer to question 7 above.
In 1952 and 1953 such diversions were begun upon termination of the
availability of water from Raft River.

AFFIDAVIT OF PUBLICATION

STATE OF IDAHO }
 COUNTY OF CASSIA } ss.

Junior W. Ross

first being duly sworn, deposes and says. That he is the printer of The Burley Herald and/or The Burley Bulletin, a weekly newspaper published at Burley, in the County of Cassia, State of Idaho; that the said newspaper has a general circulation in said county, and that the said newspaper is published weekly and has been continuously and uninterruptedly published in said county, not less frequently than once a week, during a period of seventy-eight consecutive weeks immediately prior to the first publication of the printed notice herein referred to.

That said newspaper at all times herein mentioned, has been a newspaper of general circulation, made up of at least four pages of at least five columns each, printed from typed matter or stereotyped forms of at least seventeen and three-fourths inches depth, and during the whole of said time has had at least two hundred bona-fide subscribers living within said County of Cassia.

Affiant further states that the printed notice attached hereto was duly published according to law, in the regular weekly editions of the said newspaper and not in any supplement thereof, for four consecutive weeks, commencing with the issue dated July. 26, 19..55., and ending with the issue dated Aug. 16 19..55.

Subscribed and sworn to before me this 16th day of Aug., 19..55.

RE: Permit No. G-22665

Burley Herald-Bulletin
Burley
Idaho

Gentlemen:

In checking the notice on Permit No. G-22665 of
Taylor Brothers we find two slight typographical errors:

1. The seventh line should read "of works for
the diversion of 4 cubic", instead of a diversion.
2. In the fourth line of the second paragraph
the word which is omitted. It should read " of water which
said works" etc.

Please make these corrections in your subsequent
issues.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at ten o'clock A.M., on the 27th
day of August, 1955, at Burley, County of
Cassia, State of Idaho, before Kales E. Lowe, a
Notary Public, proof will be submitted of the completion of works for
the diversion of 4 cubic feet per second of the waters of subterranean
from well and of the application to beneficial use of
said water, in accordance with the terms and conditions of Permit No.
G22665 heretofore issued by the Department of Reclamation of the
State of Idaho.

1. The name and postoffice address of the person or corporation holding
said permit are Taylor Brothers, Burley, Idaho

2. Said works of diversion will be fully completed on the date set for
such completion, and the amount of water which said works are capable of con-
veying to the place of use, in accordance with the plans accompanying the appli-
cation for such permit, is 4 cubic feet per second.

3. The use to which said water has been applied is for irrigation
purposes, and the amount applied to beneficial
use is 4 cubic feet per second.

4. The place where said water is used is NW $\frac{1}{4}$ and SW $\frac{1}{4}$ of Section 18
Township 12 South, Range 27 E.B.M. NW $\frac{1}{4}$ AND SW $\frac{1}{4}$ of Section 19,
Township 12 South, Range 27 E.B.M., and the well is located in the
NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 19, Township 12 South, Range 27 East, E.B.M.

5. The date of priority which said user is prepared to establish is
22
March 27, 1952.

Permit No. 22665

Application for Extension of Time FOR COMPLETION OF WORKS

Taylor Brothers, a co-partnership consisting of, of **Burley,**
State of **Idaho** **D. A. Taylor and W. D. Taylor**
being first duly sworn, upon his oath deposes and says:

He is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho
No. **22665**

Under the terms and conditions of said permit, construction work thereunder was required to be
completed by **March 27**, 19 **55**

That he has heretofore performed the following work described under said permit:
Drilled well 20 inches in diameter, 200 feet deep,
Equipped with 10 inch pump with 30 h.p. motor, and constructed
the ditches.

costing \$**5,000.00**

THAT he is unable to complete the remainder of the work within the required time, for the fol-
lowing reasons, to-wit:

that his attorney is too busy to make the proof.

WHEREFORE, He asks that the Commissioner of Reclamation extend the time for the com-
pletion of construction work under said permit, to **August 27**, 19 **55**

TAYLOR BROTHERS, a co-partnership,

Subscribed and sworn to before me this **18th** day of **February**, 19 **55**

My commission expires **June 16, 1956**
residing at **Burley, Idaho**

Date of receipt at Department of Reclamation. **Feb 21-1955**

STATE RECLAMATION ENGINEER
APPROVAL OF ~~COMMISSIONER OF RECLAMATION~~
State Reclamation Engineer

I, **Mark R. Kulp**, ~~Commissioner of Reclamation~~ of the State of Idaho, hereby extend the time for
the completion of construction work under Permit to Appropriate the Public Waters of the State of Idaho, No **22665**
to **August 27**, 19 **55**

Boise, Idaho

Attention: Jeanne L. Anderson, chief clerk

This will acknowledge with sincere thanks the letter to me of January 31, 1955, regarding Taylor Brothers permits No. G-22537 and G-22665. I have again been delayed in my reply by a considerable volume of other work.

It is my understanding of the situation that the well that was in fact drilled and completed in conformity with permit no. G-22665 does not produce more than the 4 second feet of water applied for in that permit and therefore I believe that they will accept your suggestion and relinquish permit no. G-22537. I find that I will be engaged in court almost continuously for the next four or five weeks and I would therefore like to make application for an extension of time for the making of proof of completion of works and application to beneficial use under permit no. G-22665. I believe an extension of four or six months would be ample.

If this letter is not a sufficient application, please advise me and I will make a more formal request for extension.

Again thanking you, I am

Sincerely,

S. T. LOWE & KALES E. LOWE

RE: Permits Nos. G-22537 and G-22665

Mr. Kales E. Lowe
Attorney at Law
Burley, Idaho

Dear Mr. Lowe:

Reference is made to your letter of January 22 in regard to the above numbered Permits in the name of Taylor Brothers.

It will not be possible to make proof on Permit No. G-22537 as amended to conform to the actual conditions without republication.

If the well in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 19 will not produce more than the 4 second feet applied for in Permit No. G-22665 they may, if they wish, simply relinquish Permit No. G-22537 and proceed to make proof on Permit No. G-22665.

On the other hand, if this well produces more than that amount, an extension of time may be applied for for completion of works under Permit No. G-22537 which can then be amended and proof made on the additional amount after the statutory republication.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

January 22, 1955

RECEIVED
JAN 24 1955
Department of Reclamation

Mr. Mark R. Kulp
State Reclamation Engineer
Department of Reclamation
Boise, Idaho

Dear Mr. Kulp:

Re: Permits numbers G-22537 and
G-22665.

Attention: Jeanne L. Anderson, chief clerk

I acknowledge with sincere thanks the receipt of your letter of December 11, 1954 and your letter of January 3, 1955 enclosing copy of the first letter regarding the above numbered permits. I regret exceedingly the long delay in my reply. My delay was occasioned by the press of other matters and personal illness.

A check of the two permits together with the information furnished to me by Taylor Brothers and referred to in my letter of December 8, 1954 makes it clear that both permits relate to the same well, and that permit number G-22665 actually covers the well that was in fact completed. As I now understand the situation, water from the completed well has been actually applied to beneficial use for the irrigation of a part of the north west quarter of section nineteen, the southwest quarter and south half of the northwest quarter of section eighteen all in township twelve south, range twenty-seven east of the Boise meridian. Taylor Brothers have now delivered to me your letter of January 3, 1955, enclosing blank notice for proof of completion of works and application of water to beneficial use under permit number G-22665, under which proof is required to be made not later than March 27, 1955. It would appear to me that the best thing that can be done now is to proceed with the proof of completion of work and application of beneficial use under permit number G-22665 and forget about permit number G-22537 unless that permit could be amended so as to reflect the true situation and thereby make it possible to make proof without a new publication.

Please advise me what your views are in this connection and oblige.

With best personal regards, I am

Sincerely yours,

S. T. LOWE & KALES E. LOWE

RE: Permits Nos. G-22537 and G-22665

Mr. Kales E. Lowe
Attorney at Law
Burley, Idaho

Dear Mr. Lowe:

Reference is made to your letter of December 8 in regard to certain amendments in Permit No. G-22537, in the name of Taylor Brothers, proofs of Completion of Works and Beneficial use on which are now being advertised to be made December 29, 1955.

In checking the amended location of the well and the land, we note what appears to be a duplication of the location of the well and a partial duplication of the land as described in Taylor Brothers' Permit No. G-22665.

Permit No. G-22665 describes a well in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 19, Township 12 South, Range 27 East B.M. and describes the land to be irrigated as the W $\frac{1}{2}$ Section 18 and the W $\frac{1}{2}$ Section 19 same Township and Range.

Before considering further your request for amending Permit No. G-22537, we are calling this to your attention in case this apparent duplication may have been over-looked.

Proofs of Completion of Works and Beneficial Use are due on Permit No. G-22537 on or before January 2, 1955 but an extension can be allowed. Proofs on Permit No. G-22665 are not due until September 27, 1955.

We shall await your further advice.

Very truly yours,

NOTICE OF COMPLETION OF WORKS

and

APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at ten o'clock A. M. on the 27th day of August, 1955, at Burley, County of Cassia, State of Idaho, before Kales E. Lowe, a Notary Public, proof will be submitted of the completion of works for the diversion of 4 cubic feet per second of the waters of subterranean from well and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 022665 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Taylor Brothers, Burley, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 4 cubic feet per second.

3. The use to which said water has been applied is for irrigation purposes and the amount applied to beneficial use is 4 cubic feet per second.

4. The place where said water is used is NW $\frac{1}{4}$ and SW $\frac{1}{4}$ of Section 18, Township 12 South, Range 27 East, and SW $\frac{1}{4}$ of Section 27, Township 12 South, Range 27 East.

5. The date of priority which said user is prepared to establish is March 22, 1953.
