Dear Mr. Roper:

We acknowledge receipt of the depositions and affidavit of publication in the
~~Power County Press~~ submitted as proof of com-
pletion of works and beneficial use on Permit ~~G-30779~~.

Before a certificate and license of water right can be issued, a field
examination must be made by a representative from this department. We
cannot tell just when this examination will be made, but our field examiner
will try to contact you at the time he makes the examination so that you
may show him the system.

Very truly yours,

Dear Mr. Roper:

Proof of completion of works and application of water to beneficial use for the above referenced permit is due not later than ~~11/25/1965~~ **October** 1967.

Under the terms of your permit, it is required that a notice be published once a week for four consecutive weeks in a local newspaper showing your intent to submit proof. The proof will consist of depositions which the permit holder and two disinterested witnesses must complete before the listed notary public, and must be accompanied by an affidavit of publication of the legal notice.

We have prepared the enclosed notice from the information on your permit. The complete name and address of a notary public of the State of Idaho must be entered together with a date for you to appear before the notary. Allow at least 40 days from the date the notice is mailed to this department for your appearance before the notary.

If you find any discrepancy in the notice or have made any changes, please advise this department and we will assist you in doing whatever may be necessary to assure correct publication.

If the enclosed notice is correct, complete the blank spaces and sign the form authorizing us to publish the notice at your expense and return all forms. At the time we send the notice to the newspaper, you will be supplied with further instructions.

If you do not desire to complete the proofs and obtain a license of water right, you are requested to complete the relinquishment portion of this form below and return it to the Department of Reclamation.

Dear Mr. Roper:

We enclose Permit No. G-30779 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose Departmental Receipt No. G-7519 which was issued covering payment in the amount of \$ 5.50 for the filing fee of the above mentioned permit. ~~was enclosed to you.~~

Well logs are an important part of your recorded water right and State Statutes require that well drillers' supply logs on all wells, whether irrigation, domestic, drain or stock wells, to be filed in the Department of Reclamation. In view of the rapidly increasing demand for ground water, the lowering of the ground water level, and the creation of critical ground water areas, it is important that you, as owner, make sure a log on your well is filed in this office.
