RE: Permit No. G-28994

Mr. Wayne Hartley
Rockland, Idaho

Dear Mr. Hartley:

Returned herewith proof of completion of works and application of water to beneficial use under subject permit.

Under Question 4 you have shown the point of diversion as being "approximately 300 feet South of the Northwest corner of the Northwest quarter of the Northeast quarter of Section 15..." Our records show "approximately 350 feet Southwest of NW corner of NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 15..." If the point of diversion location in your proof is correct, then we will need an amendment. Enclosed is the necessary form for making an amendment if needed.

It is also necessary for Notary Collings to make an affidavit before another Notary to explain why the proofs were not made on the advertised date, June 23, 1961, and also state if any protests have, or have not, been made between June 23rd and July 28th (the day witness Elmer Hartley made his proof).

Furthermore Mr. Collings must state why Notary Sparks took the deposition of witness Elmer Hartley.

The land list must show how many acres are irrigated in each 40-acre tract.

Please make the needed corrections and return promptly, with Notary's affidavit, to this office.

Very truly yours,

Dear Mr. Hartley:

Returned herewith are the two Forms 36 and one Form 11 you submitted to this office. Also enclosed is a form for amending the point of diversion.

The date on the first line of the Notice (Form 36) must be about 40 days later than the day you send the notice to this office to allow sufficient time for transmittal and for the notice to be printed in four weekly issues of the paper. Kindly advance that date.

The point of diversion on our record of your permit is shown as being in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 15. Your answer to 4 indicates the well is in the NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 15.
