Dear Water Right Holder(s):

The Department is in receipt of the correspondence changing ownership of the above referenced decreed water right to you. We have modified our records to reflect this change in ownership and a computer generated report is enclosed.

Just a reminder, because of a law that went into effect July 1, 1996, all water right owners are required to report change of address or ownership to the department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee to the water right owner. SUBJECT: ???? ON AJ CLAIMS AND WATER RIGHT LICENSES
phone call (X) walk-in (.)

He called and was confused about how his claims were recommended in the Director's Report. Said that the numbers that were combined in the "Remarks" didn't match the numbers of the Licenses he had. Did some research and two of the numbers he had (36-08468 and 36-08417) are Permits with the proof due in 1990, therefore not required to be filed in the adjudication. The other License he questioned was 36-08264 which was licensed under France, Inc. Said this was his brother and he bought the property from him some years back. He also questioned why he didn't have a License for 36-11090? Told him that was a Beneficial Use claim, not based on a License. Seemed to have his questions answered but intended to do a little more research to try and determine which well went with which License and would call me back if he had any more questions...

Dear Claimant:

Thank you for notifying us of the change in ownership of the water rights referenced above. We have enclosed this form for your use. When the Court's form has been submitted according to the instructions the processing of the change of ownership can be completed.

Please contact us or the SRBA Court at 208/733-3011 if you have any questions.

RE: Snake River Basin Adjudication (SRBA)
Notices of Claim #36-07292, 36-07109 and 47-07069

Dear Claimant:

The letter sent to you earlier today contained a couple of errors. Water right 47-07069 was entered in the subject line as 36-07069 instead of 47-07069. This right was renumbered to [redacted] and recommended in the SRBA under that number. Secondly, our records reflect Circle 4 Cattle Co. Inc. as current owner; therefore, it is not necessary to submit the SF3 sent to you in our earlier letter.

We apologize for our error and any confusion it may have caused you. Please contact me if you have any questions.

Sincerely,

Carter Fritschle

RE: Reduction in acres irrigated & history of # of cattle watered.

DATE 4/15/92

NAME OF PARTY

Reed Crozier, Manager of Circle K Cattle Co.
324-2277

Mr. Crozier returned my call and we discussed the history of the # of cattle watered. Regarding the original well he indicated it originally served 1 house & no more than 40 head of cattle. Regarding the lis 36-7109 & 36-7292 he indicated that the reduction in irrigated acres occurred around 1981 to that which is presently watered. At that time they went from irrigation of 30 acres to irrigation of 14 acres and they increased waterings of cattle from 2000 to 6000 cattle in the feed lot.

Volume for 4000 range = $4000 \times 0.0134 = 53.6 \text{ Af}$

Volume for 16 acres = $16 \times 4 = 64.0 \text{ Af}$

$\therefore$ Apprais change in future of use OK.

RE: Amendment of Claims

We discussed the water rights as related to the adjudication claims A36-07109, A36-07292, and [REDACTED] and the need to amend the claims so that they reflect the actual, present uses of the Water right Licenses. This is because the 3 wells are presently interconnected to jointly supply water for the Domestic and stock uses, and the irrigation well can also be used for these uses in an emergency.

Mr. France stated the Horse power ratings on the pumps for the 3 wells was

Well #2 - 7.5 HP (Original Well) 4 in pit

Well #3 - 5 HP (Stockwater Well) submersible

Well #4 - 15 HP (Stockwater Well) submersible

Well #1 - 20 HP (Irrigation Well)

Mr. France signed the 3 amended claims A36-07109, A36-07292, + A36-08244 and told me he would mail his notarized statement to use as evidence of priority for claim A36-11090

RE: Clarification of Adj. Claims 36-07109, 36-07292, 36-08264 + 36-110

Mr. Crozier explained that Well #2 (on the enclosed, enlarged aerial photo map of the property) is the original well and, together with permit 36-08417, serves 2 homes in the SE, SW, SW and (LT 4) and 5 homes and other buildings in the SE, SW of Sec 31, T8S, R16E. It is interconnected with Wells #3 + #4 for stock water. Well #1 is the irrigation well to irrigate 14 ac of pasture but it can also be connected to the system of wells 2, 3, + 4 for an emergency water supply to the feed lot pens and the houses and buildings.

Wells 3, and 4 are the main source of water for the feed lot pens in the NE $\frac{1}{4}$, SW $\frac{1}{4}$, the NW $\frac{1}{4}$, SW $\frac{1}{4}$, the SE $\frac{1}{4}$, SW $\frac{1}{4}$, and the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 31, T8S, R16E. These pens can accommodate up to 10,000 head of feeder cattle.

There are only 14 acres of irrigated land on the property covered by these claims. This has been claimed under 36-07109 with a 1969 priority.

Sixteen of the 30 acres of formerly irrigated lands under that license are now occupied by the feed lot operations. The 14 acres licensed by 36-07292 for irrigation are now irrigated under 36-07109 and the diverted water is used as part of the stock-water supply.

MEMORANDUM

TO: File 36-8264

FROM: Jim Johnson *Jim*

DATE: June 10, 1987

RE: Location of P/U & P/D

A review was made of the USGS maps to determine if the aerial photo in the file was located in T9S, R16E or T8S, R16E.

This review confirmed that the aerial photo was actually in T8S, R16E, rather than as described on the license. Therefore, either the license is incorrect or the aerial photo showing the location of the P/U is in error.

The beneficial use statement submitted by the permit holder lists T8S, R16E.
