DEC 19 1966

Dear Sirs.

Department of Reclamation

We received a Certificate of Completion ^{of work}, on our irrigation well in Wendell Idaho. Permit No. I-29320-part. along with a receipt for \$19⁰⁰ paid by J. W. Mathews. We purchased the farm where the well is located so we sent him the first notice for the \$19⁰⁰. However when we got the second notice for \$19⁰⁰ we decided we had better send it ourselves so we did approximately 2 or 3 weeks ago. so now I guess the bill has been paid twice. You may send our check or the money back to us since it is Mr. Mathews obligation to pay the \$19⁰⁰. If you have already sent it back thank you. Thank you.

Dear Mrs. Houfburg:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Wendell Irrigationist, all submitted in proof of completion of works and beneficial use on Permit No. G-29320.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

Re: Permit No. G - 29320

E. L. Jensen
Wendell, Idaho

Dear Mr. Jensen:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 29320 are due not later than Jan. 19, 1966

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

STATE RECLAMATION ENGINEER
