INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

NOTICE OF PROOF OF COMPLETION OF WORKS

and APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at
10 A. M., on the 25th day of Aug-
ust, 1953, at Rupert, County of
Minidoka, State of Idaho, before
Floyd J. Fruit, Notary Public,
proof will be submitted of the
completion of works for the diver-
sion of 1.8 cubic feet per second
of the waters of subterranean
source, from a well in the North-
west corner of the NW $\frac{1}{4}$ Sec. 3,
Twp. 10 S., Rge. 22 E., B. M. and
of the application to beneficial
use of said water, in accordance
with the terms and conditions of
Permit No. 24030 heretofore issu-
ed by the Department of Reclama-
tion of the State of Idaho.

1. The name and postoffice ad-
dress of the person or corporation
holding said permit are Toone
Brothers, c/o Spencer W. Toone,
Paul, Idaho.

2. Said works of diversion will
be fully completed on the date set
for such completion, and the
amount of water which said works
are capable of conveying to the
place of use, in accordance with
the plans accompanying the ap-
plication for such permit, is 1.8
cubic feet per second.

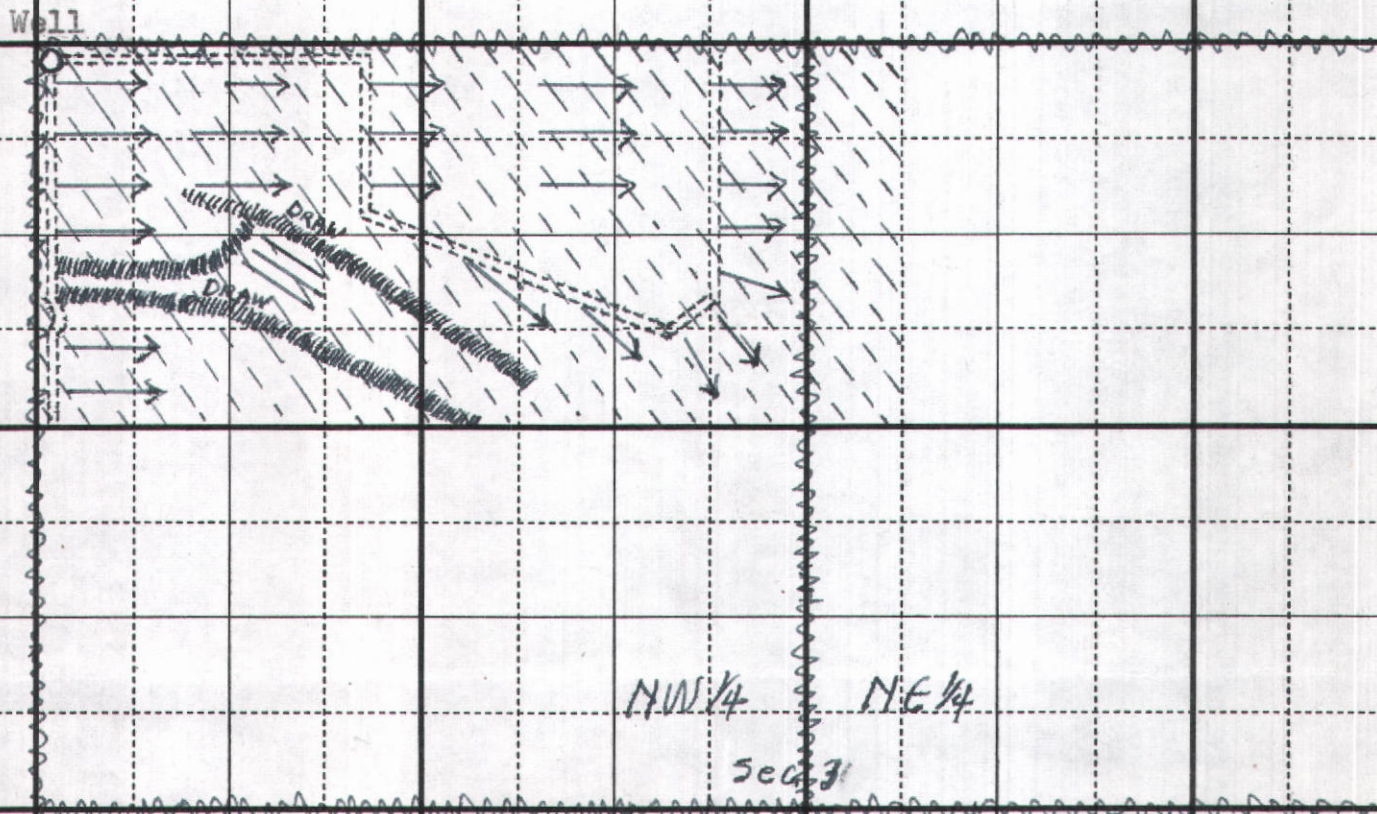

3. The use to which said water
has been applied is irrigation pur-
poses, and the amount applied to
beneficial use is 1.8 cubic feet
per second.

4. The place where said water
is used is NW $\frac{1}{4}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ NW $\frac{1}{4}$
Sec. 3, Twp. 10 S., Rge. 22 E.
B.M., Minidoka County, Idaho.

5. The date of priority which
said user is prepared to establish
is April 23, 1953.

G-24030

April 29, 1955

G-24030

Mr. Arthur T. Duncan, Field Representative
P.O. Box 21
Twin Falls, Idaho

Dear Mr. Duncan:

License No. G-24030 in the name of Toone Brothers is for an amount of 1.8 cubic feet per second with a point of diversion in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 3, Township 10 South, Range 22 East B.M. with a priority of April 23, 1953. Water is from a well and is appurtenant to the NW $\frac{1}{4}$ NE $\frac{1}{4}$ for 10 acres and the N $\frac{1}{2}$ NW $\frac{1}{4}$ for 80 acres, making a total of 90 acres. This was issued on January 18, 1954.

The engineer's report shows that 108 $\frac{1}{2}$ inches of water were measured through a Sparling meter by Judd H. Rose of this Department on September 16, 1953. Temperature of the water was checked at 59°F., the static height was noted as being 260 feet and the draw down was given as 2 feet. Depth of the well was given as 420 feet. It was cased 380 feet down with 12 inch casing.

I believe this answers all the questions you ask.

Yours truly,

MARK R. KULP
State Reclamation Engineer

Dear Sir:

We are planning to make a farm loan on some pump land located in Minidoka County, and we would like to get some information on the well.

The application for Permit and License was made by Toone Bros. The License number is G-24030. The farm is located in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section Three(3), Township Ten South, Range Twenty Two(22) in Minidoka County.

We would like to know the water level of the well when pumping and also the amount of water the well was producing.

I am enclosing a self-addressed envelope for your reply and would greatly appreciate any information you could give me on the above well.

Yours truly,

Arthur T. Duncan
Field Representative

RE: Permit No. G-24030

Mr. Floyd J. Fruit
Notary Public
Rupert, Idaho

Dear Mr. Fruit:

We acknowledge receipt of your letter of August 25, 1953, enclosing depositions of James M. Toone, Jr., and two witnesses, also affidavit of publication in the Minidoka County News, all submitted in proof of completion of works and beneficial use on Permit No. G-24030 in the name of Toone Brothers.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact Mr. Toone at the time he makes the examination so that arrangements may be made to show him over the grounds.

proof will be submitted of the
completion of works for the diver-
sion of 1.8 cubic feet per second
of the waters of subterranean
source, from a well in the North-
west corner of the NW $\frac{1}{4}$ Sec. 3,
Twp. 10 S., Rge. 22 E., B. M. and
of the application to beneficial
use of said water, in accordance
with the terms and conditions of
Permit No. 24030 heretofore issu-
ed by the Department of Reclama-
tion of the State of Idaho.

1. The name and postoffice ad-
dress of the person or corporation
holding said permit are Toone
Brothers, c/o Spencer W. Toone,
Paul, Idaho.

2. Said works of diversion will
be fully completed on the date set
for such completion, and the
amount of water which said works
are capable of conveying to the
place of use, in accordance with
the plans accompanying the ap-
plication for such permit, is 1.8
cubic feet per second.

3. The use to which said water
has been applied is irrigation pur-
poses, and the amount applied to
beneficial use is 1.8 cubic feet
per second.

4. The place where said water
is used is NW $\frac{1}{4}$ NE $\frac{1}{4}$ N $\frac{1}{2}$ NW $\frac{1}{4}$
Sec. 3, Twp. 10 S., Rge. 22 E.
B.M., Minidoka County, Idaho.

5. The date of priority which
said user is prepared to establish
is April 23, 1953.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 24030

Proof of Application of Water to Beneficial Use
and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Spencer W. Toone, Farmer, Paul, Idaho R.F.D.

JAMES M. TOONE, Jr., Farmer, Paul, Idaho, R.F.D.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Partnership. Toone Brothers. I am a partner.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit #24030. April 23, 1953. April 23, 1953.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean source. Point of diversion is 4 ft south and 10ft. east of the NW corner of Sec. 3, Twp. 10 S., Rge. 22 E.B.M. and is located in the NW 1/4 of the above section.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. 12-inch casing, cased 380 ft., depth of well is 420 ft. but water stands 258 ft. Winthrop 75 h.p. deep well turbine pump. Ray Commons, the man who drilled the well, tested the flow and said that it delivered 115 ft. per second. Water is delivered by private ditch from place of diversion to place of use. Ditches are about 24" wide at top and 24" deep at deepest part.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Improvements consist of clearing land of sagebrush, leveling, building ditches, drilling and installing well and pump. Water is used for irrigation purposes. Water has been applied to beneficial use on 20 ACRES in the NW 1/4 and 10 acres in the NW 1/4 NE 1/4 of Sec. 3, Twp 10 S., Rge. 22 E.B.M.

24030

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. - - - -

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 1.8 cu. ft. per second

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. - - -

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. This pump and well was put into operation to water a crop of potatoes on June 15, 1953.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other water used on this land.

(Sign) James M. Toomey Jr.

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Rupert, County of Minidoka, State of Idaho, on this 25th day of August, A. D. 1953.

Permit No. 24030

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. SETH S. CORLESS, 34 years, Paul, Idaho, Farmer.
RFD # 1.

Ques. 2. Are you acquainted with Toone Brothers, the holder of Permit No. 24030? How long have you known him and where does he reside?

Ans. Yes.

Ques. 3. Have you read or heard read said Permit No. 24030, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of water supply is a subterranean source, place of diversion is 4 ft. south and 10 ft. west of the NW corner of Sec. 3, Twp. 10 S., Rge. 22 E.B.M., Minidoka County, Idaho, and works consist of a deep well turbine pump, Wintrop make, 75 h.p., delivering 115 inches per second through private ditches to place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 1.8 cu. ft. per second.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 1.8 cu. ft. per second by test of Ray Commons, the well driller.

#24030

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation purposes. Water has been applied to beneficial use on 80 acres in the NW $\frac{1}{4}$ and 10 acres in the NW $\frac{1}{4}$ of Sec. 3, Twp. 10 S., Rge. 22 E. B. M. Improvements consist of clearing land of sagebrush, leveling, building ditches, drilling and installing well and pump.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. -----

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land reclaimed is a sandy loam. The amount of water required for profitable cultivation is 1.8 cu. ft. per second.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Since drilling well, clearing land and watering same in spring of current crop year, 1953.

**NOTICE OF HOURS OF
COMPLETION OF WORKS
- and -
APPLICATION FOR WATER
TO BENEFICIAL USE**

Notice is hereby given that at 10 A. M., on the 25th day of August, 1953, at Rupert, County of Minidoka, State of Idaho, before Floyd J. Fruit, Notary Public, proof will be submitted of the completion of works for the diversion of 1.8 cubic feet per second of the waters of subterranean source, from a well in the Northwest corner of the NW $\frac{1}{4}$ Sec. 3, Twp. 10 S., Rge. 22 E., B. M. and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 24030 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Toone Brothers, c/o Spencer W. Toone, Paul, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 1.8 cubic feet per second.

3. The use to which said water has been applied is irrigation.

4. The amount of water which said works are capable of conveying to beneficial use is 1.8 cubic feet per second.

5. The place where said water is used is NW $\frac{1}{4}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ NW $\frac{1}{4}$ Sec. 3, Twp. 10 S., Rge. 22 E. B.M., Minidoka County, Idaho.

6. The date of priority which said user is prepared to establish is April 23, 1953.

MARK R. KULP

State Reclamation Engineer
