Upon receipt of the statutory fees totaling \$41.00, we will issue the Certificate of Completion of Works (fee \$5.00) and the License and Certificate of Water Right (fee \$36.00 - based at the rate of \$2.00 for each 40-acre subdivision) confirming the right with priority of March 7, 1953, to the use of 10.04 second feet of subterranean water with the points of diversion in the NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 25; SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 26, for the irrigation of 578 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ S $\frac{1}{4}$ NW $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 25; NE $\frac{1}{4}$, E $\frac{1}{2}$ NW $\frac{1}{4}$, E $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 26, T. 6 S., R. 21 E., B. M.

The above is conditioned upon receipt in this office of the signed amendment and relinquishment mentioned in the accompanying letter.

Dear Mr. Matheson:

A short time ago I talked to you and to the husband of Lois May Matheson regarding the licensing of water from the two wells covered in Permits No. G-23878 and G-25014.

You were advised that all the water could be secured under one license by making an amendment to include all the land under one permit. That will give the best priority possible and assign an equal amount of water to each and every acre irrigated.

Accordingly I am turning everything in one report on G-23878. This will require an amendment, which is enclosed for the signature of Riley and Muriel Matheson.

By doing this no water will be available under Permit No. G-25014 and a form is enclosed, relinquishing the permit, to be signed by Lois May Matheson.

Re: Permit No. G-23878
G-25014

Mr. Riley Matheson

Dear Mr. Matheson:

Since returning to the office I have reviewed Permits listed above and have the following comments:

Delivery from the pumps was 310" and 192" making a total of 502".

Under Permit No. G-23878, 460 inches can be allotted to the 460 acres irrigated. That will leave 42" for Permit No. G-25014 to cover the 118 acres irrigated in that permit.

Since the place is all one farm, and if you intend for it to remain as one operation, it is possible to amend the land list for Permit G-23878 to include all the lands also in G-25014 and that would grant the best priority possible and give each acre the same amount of water and put everything in one license in the name of Riley and Muriel Matheson.

I am sorry I did not discuss this matter with you at the time of inspection.

However, nothing can be done to change these without permission of you and your wife on Permit No. G-23878 and of Lois May Matheson for Permit No. G-25014.

Please let me hear from you regarding this.
