and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Everett Warner, 901 - 11th St., Rupert, Idaho. District Manager
for Capital Company. My postoffice address is Box 619, Rupert, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Capital Company, 1 Powell St., San Francisco, California. I am the
local representative and am authorized to appear for Capital Co.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit Number G-23801 dated February 27, 1953; date of priority we
propose to establish is February 25, 1953.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Water is from a well located in the center of the SW $\frac{1}{4}$ of Section 8,
Twp 7 South, Range 25 EBM

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Water is from a well 350' deep, cased 8' with 16" casing; water
stands at 272'. Water pumped with a turbine pump which, according to the
curve, delivers 1225 gpm. Water is delivered to the land by 128 sprinklers
most of which have one opening 11/64". The operating pressure is 60#.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used to irrigate annual crops grown on the SW $\frac{1}{4}$ of Sec. 8,
Twp 7 South, Range 25 EBM

A 23801

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. -----

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. As stated in answer to question 5.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. ---

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water has been used, through sprinklers, to irrigate annual crops such as potatoes, grain, sugar beets, etc. since 1952. 120 acres was irrigated, being in the N $\frac{1}{2}$ of the SW $\frac{1}{4}$ and the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 8, Twp 7 South, Range 25 EBM in 1952, 1953 and 1954 and the entire SW $\frac{1}{4}$ of Sec. 8 being 160 acres, was irrigated in 1955. Full capacity of the pump is being used.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. none

RE: Permits Nos. G-23801 - G-23800 Ima.

Mr. Lawrence E. Duffin
Fisher Building
Rupert, Idaho

Dear Mr. Duffin:

In reply to your letter of August 2 in regard to the above numbered Permits in the name of the Capitol Company.

It will be alright to describe the location of the wells as in the center of the quarter section rather than a particular forty acre subdivision.

The notices should be made in duplicate on a form similar to Form 36 enclosed and in the fifth line after the words "waters of" it should state "A well located in the center of the. - - - - -"

While separate notices in duplicate should be made for each Permit it will not be necessary to submit separate Form 11 with each one but one form 11 can cover all the Permits.

Very truly yours,

Dear Mrs. Anderson:

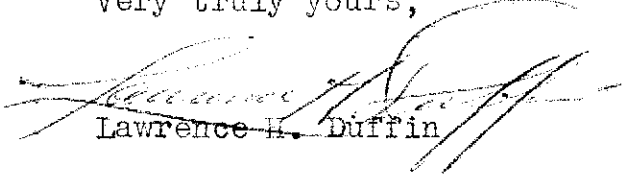

In re: Idaho Permits No. G 23801
to 23820 inclusive

A request is hereby made for permission to advertise Proof of Completion of Works and Application to Beneficial Use on the above numbered permits. This request is made on the grounds that each of the wells designated therein is located in the center of the quarter section rather than in a particular forty acre subdivision as specified in the application.

This request is made and based on the reason that each of these wells was surveyed to be located in the center of said quarter section and a legal subdivision was indicated on the application only upon the insistence of your office that they be so located. As you are aware, an error in survey of only a few inches would locate this well in an erroneous subdivision.

We have not been able to certify that our survey instruments are that correct and we would, therefore, much prefer to advertise the location of these wells as indicated.

Very truly yours,

Dear Mr. Duffin:

We have your letter of May 19th, requesting forms for making proof of Completion of Works and Beneficial Use on permits of the Capital Company and also inquiring in regard to Permits of the S. A. Camp Farms Company.

We have no record of an assignment of the Camp permits, and if they have been so assigned it should be made a matter of record.

Our forms of assignment are for individuals rather than companies and would therefore not be exactly suitable, but we enclose one that you may follow for form and there will be a 50 cent fee for recording each assignment.

According to our records, S. A. Camp Farms Company hold permits No. G-22153 to G-22173 inclusive or 21 permits, and the Capital Company holds permits No. G-23801 to G-23820 inclusive or 20 permits.

Under separate cover we are sending you a sufficient supply of Form No. 36, to be made in duplicate, for notice for Completion of Works and Beneficial Use, and also Form No. 11, authorization for us to have the notice published at permit holders expense.

Very truly yours,

Dear Sirs:

Please send me the forms necessary for making Proof of Completion of Works and of Beneficial Use on the permits held by The Capital Company, a California corporation licensed to do business in the State of Idaho.

I will need enough forms to cover 45 to 50 permits.

I am wondering, too, if you could let me know whether or not Permits No. 22153 through No. 22175 have ever been assigned by S. A. Camp Farms Company to The Capital Company and made a matter of record in your office. S. A. Camp Farms Company operates these farms for The Capital Company, but if they have not been assigned, we should probably do that before making proof of completion.
